Moby Dick As Doubloon Essays Extracts:

New Essays on Moby-Dick Richard H. Brodhead, 1986-11-28 An introductory critical guide with five specialised essays analysing Melville's classic Moby Dick

Moby-Dick as doubloon: essays and extracts 1851-1970, ed Hershel Parker, Harrison Hayford, **Moby-Dick as Doubloon; Essays and Extracts, 1851-1970** Hershel Parker (comp), Harrison Hayford (joint comp), 1970

Moby-Dick as Doubloon Hershel Parker, Harrison Hayford, 1970

Beyond the Classroom Merton M. Sealts, 1996 These lucid essays though varied in subject have the commonality of an emphasis on teaching The first essay entitled Emerson as Teacher demonstrates how Emerson provoked and inspired and educated his students and his students

A Study Guide for Herman Melville's Moby Dick Gale, Cengage Learning, 2015-09-24 A Study Guide for Herman Melville's Moby Dick excerpted from Gale's acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your research needs

Herman Melville's Moby-Dick Harold Bloom, 2007 Herman Melville was already considered to be a successful author when he wrote Moby Dick in just under two years Yet despite his earlier success the novel was widely misunderstood by its 19th century readers who expected a more traditional adventure novel Today Moby Dick is considered to be an undisputed classic and many believe it to be the epitome of the great American novel With an unforgettable cast of characters including the mad Captain Ahab Melville skillfully documents the Pequod crew's tragic hunt for the great white whale The full length essays presented in Herman Melville's Moby Dick Updated Edition provide expert commentary on the huge canvas of symbols themes and subjects presented in this novel as well as an introduction a chronology a bibliography and an index that will help students navigate confidently through Melville's masterpiece

The Cambridge Companion to Herman Melville Robert S. Levine, 1998-05-13 The Cambridge Companion to Herman Melville is intended to provide a critical introduction to Melville's work The essays have been specially commissioned for this volume and provide a comprehensive overview of Melville's career All of Melville's key works including Moby Dick Typee White Jacket The Tambourine in Glory and The Confidence Man are examined as well as most of his poetry and short fiction Written at a level both challenging and accessible the volume provides fresh perspectives on one of the most significant writers of nineteenth century America whose work continues to fascinate readers and stimulate new study

The Future of Ecocriticism Serpil Oppermann, Ufuk Özdağ, Nevin Özkan, 2011-05-25 As we enter the second decade of the twenty first century environmental concerns dominate the media headlines from rampant poverty in the developing world to nuclear accidents in industrialized nations How did human civilization arrive at its current predicaments and what can we do to temper our habits of mind and mitigate society's environmentally and socially destructive behaviors The field of ecocriticism also sometimes called environmental criticism attempts to grapple with such issues A branch of literary and cultural studies that essentially began in North America in the

1970s ecocriticism is currently one of the most quickly developing areas of environmental research and teaching The Future of Ecocriticism New Horizons brings together thirty two of the latest articles in the field including work by some of the leading scholars from around the world Although ecocriticism has been particularly active in North America Western Europe and East Asia important studies of traditional environmental thought environmental communication strategies and environmental aesthetics have begun to emerge in every region of this world This new book co edited by three prominent Turkish scholars and a leading American ecocritic offers a special cluster of Turkish ecocriticism with a focus on environmental stories and ideas in this culture that bridges Europe and Asia Another unique feature of The Future of Ecocriticism New Horizons is the concluding dialogue among the four editors about the current state of the field

Blood Gil Anidjar, 2014-04-29 Blood according to Gil Anidjar maps the singular history of Christianity As a category for historical analysis blood can be seen through its literal and metaphorical uses as determining sometimes even defining Western culture politics and social practices and their wide ranging incarnations in nationalism capitalism and law Engaging with a variety of sources Anidjar explores the presence and the absence the making and unmaking of blood in philosophy and medicine law and literature and economic and political thought from ancient Greece to medieval Spain from the Bible to Shakespeare and Melville The prevalence of blood in the social juridical and political organization of the modern West signals that we do not live in a secular age into which religion could return Flowing across multiple boundaries infusing them with violent precepts that we must address blood undoes the presumed oppositions between religion and politics economy and theology and kinship and race It demonstrates that what we think of as modern is in fact imbued with Christianity Christianity Blood fiercely argues must be reconsidered beyond the boundaries of religion alone

Grief Taboo in American Literature Pamela A. Boker, 1997-08 A compelling massively researched psychoanalytic study of the inability to mourn in Melville Twain and Hemingway and its roots in maternal loss Ann Douglas author of TERRIBLE HONESTY MONGREL MANHATTAN IN THE 1920S This insightful text is recommended for all students of American culture and literature CHOICE

Herman Melville's Moby-Dick Michael J. Davey, 2013-11-19 No book is more central to the study of nineteenth century American literature than Herman Melville's Moby Dick or The Whale First published in 1851 it still speaks powerfully to readers today Combining reprinted documents with clear introductions for student readers this volume examines the contexts of and critical responses to Melville's work It draws together an introduction to the contexts in which Melville was writing and relevant contextual documents including letters chronology of key facts and dates critical history and extracts from early reviews and modern criticism fully annotated key passages from the novel a list of biblical allusions an annotated guide to further reading Extensive cross references link contextual information critical materials and passages from the novel providing a wide ranging view of the work and ensuring a successful and enjoyable encounter with the world of Moby Dick

The Pusher and the Sufferer Suzanne Stein, 2014-02-04 Explores the nature of Melville's relations to his reader in

Moby Dick arguing that Melville and his narrator Ishmael are so dazzled so completely seduced by the Ahab's charismatic charm that they along with most readers and critics are unable to see Ahab's character clearly confusing his demonism for tragic heroism

Murray Krieger and Contemporary Critical Theory Bruce Henricksen, 1986-05-19 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies

Secret Sharers: Melville, Conrad and Narratives of the Real Paweł Jędrzejko, Milton M. Reigelman, Zuzanna Szatanik, 2011-01-01 The present book explores a variety of fundamental questions that all of us secretly share Its twenty one chapters written by some of the world's leading Melville and Conrad scholars indicate possible directions of comparativist insight into the continuity and transformations of western existentialist thought between the 19th and 20th centuries The existential philosophy of participation so mistrustful of analytical categories is epitomized by the lives and oeuvres of Melville and Conrad Born in the immediacy of experience this philosophy finds its expression in uncertain tropes and faith based actions rather than muffle the horror vacui with words it plunges head first into liminality where logos dissolves into a positive nothing Unlike analytical philosophers both Melville and Conrad refrain from talking about reality they expose those who would listen to a first hand experience of participation in an interpretive act Employing literary tropes to denude the essence of the human condition they allow their readers to transgress the limitations of language Mistrustful of language they accept the necessity of discourse which to make sense must be actively reshaped endlessly questioned and constantly revised And if uncertainty is the only certainty available to us our lowly human condition also necessitates compassion an existential cure against the liquid capricious reality we are afforded

The Confidence Game in American Literature Warwick Wadlington, 2015-03-08 Drawing on modern studies of rhetoric and the concept of the Trickster the author examines Herman Melville Mark Twain and Nathanael West as creators of a fictive experience centered in deceptive or problematic transactions of confidence The model of a confidence game

suggested by the writers own thematic preoccupations permits an analysis of the social motivations inherent in the fiction The author concentrates on the process by which confidence is established and the ways in which deception leads to regeneration and an altered perception of authority His approach increases our understanding of the interrelation between the writer his reader and the world each envisions Warwick Wadlington examines individual texts as well as the pattern of each writer s total work His book distinctively combines an enlarging archetypal frame with rhetorical analysis of the writer reader imaginative act Treated as different forms of a coherent mode of fictive experience the works of these important authors illuminate each other Professor Wadlington s method results in decisively new readings of each text and contributes to a phenomenology of reading three writers whose works represent crucial moments in the artist audience negotiation of mutual faith Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Herman Melville in Context Kevin J.

Hayes,2018-01-11 Herman Melville in Context provides the fullest introduction in one volume to the multifaceted life and times of Herman Melville a towering figure in nineteenth century American and world literature The book grounds the study of Herman Melville s writings to the world that influenced their composition publication and recognition making it a valuable resource to scholars teachers students and general readers Bringing together contributions covering a wide range of topics the collection of essays covers the geographical social cultural and literary contexts of Melville s life and works as well as its literary reception Herman Melville in Context will enable readers to approach Melville s writings with fuller insight and to read and understand them in a way that approximates the way they were read and understood in his time **Sea-Brothers**

Bert Bender,2015-11-16 Sea Brothers offers the most extensive analysis to date of the sea and its meaning in American literature On the basis of his study of Melville Crane London Hemingway Matthiessen and ten lesser known sea writers Bert Bender argues that the tradition of American sea fiction did not end with the opening of the western frontier and the replacement of sailing ships by steamers Rather he demonstrates its continuity and vitality identifying a central vision within the tradition and showing how particular authors draw from transform and contribute to it What is most distinctive about American sea fiction Bender contends is its visionary often mystical response to the biological world and to man s perceived place in the larger universe When Melville envisioned the sea as the essential element of life indeed as life itself he changed the course of American sea fiction by introducing the relevance of biological thought But his meditations on the whale and the ungraspable phantom of life project a different reality from that envisioned by his successors In American sea fiction after Melville the influence of Origin of Species is as powerful as that of Moby Dick or the theme of sailing ships being

displaced by steam The ideal of brotherhood so central to American sea fiction was severely compromised by the biological reality of a competitive warring nature Twentieth century sea fiction has continued to center on the biological world and address the possibility of democratic brotherhood but the issues were fundamentally changed by Darwin's theories This book will be a valuable source for students and scholars of American literature and will interest readers of sea fiction **The**

Elemental Passions of the Soul Poetics of the Elements in the Human Condition: Part 3 Anna-Teresa

Tymieniecka, 2012-12-06 *Herman Melville, Moby-Dick* Nick Selby, 1999 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the Columbia Critical Guides provide students with ready access to the most important secondary writings on a single text or pair of texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students the grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes a complete bibliography notes and index The huge range of critical debate about this monster of a novel confirms Moby Dick's status as a vital exploration of the role of American ideology in defining modern consciousness This guide starts with extracts from Melville's own letters and essays and from early reviews of Moby Dick that set the terms for later critical evaluations Subsequent chapters deal with the Melville Revival of the 1920s and the novel's central place in American Studies The final chapters examine postmodern readings of the text and how these provide new models for thinking about American culture
