Moral Problems in Contemporary Society Paul Kurtz,1978 **The Quality of Life Concept** United States. Environmental Protection Agency. Environmental Studies Division,1973 **The Quality of Life Concept: QOL debate: issues raised at Airlie House. Preface ; Introduction: an overview ; The quality perspectives of varying life styles ; The approaches of different disciplines ; Quantification of the Quality of Life ; An experiment in QOL quantification ; The next steps ; Appendix** ,1973 The Praeger Handbook of Social Justice and Psychology Chad V. Johnson,Harris L. Friedman,2014-07-23 By introducing and explaining the intersection of two exciting and important areas of study this landmark work unleashes their potential to address some of the most complex and globally relevant challenges of our time In this unique handbook experts team up to explain the many innovative ways psychology is being applied to promote social justice The wide ranging three volume work addresses such significant issues as social justice ideology and critical psychology war and trauma poverty and classism environmental justice and well being and suffering It showcases approaches for integrating social justice into psychology and it examines psychology s application of social justice within special populations such as sexual minorities youth women disabled persons prisoners older adults people of color and many others Chapter authors represent a diversity of perspectives making the handbook an ideal resource for those who want information on a specific concern as well as for those looking for an introduction to the subject as a whole Combining the practical with the theoretical the work provides culturally sensitive tools that can effectively combat injustices locally and globally *A Quest for Humanity* Menno Boldt,2011-01-01 In *A Quest for Humanity* Menno Boldt presents a persuasive new framework for achieving a human social order in the global age Boldt explores the concept of the good society as a world in which every person can realize their potential for humanity through liberty social justice and equal human dignity *A Quest for Humanity* innovatively positions globalization as a deterministic phenomenon of expanding interdependence and shared knowledge resulting in ever larger economic and political jurisdictions but also creating social and psychological links between peoples across the world Boldt challenges mainstream certainty that Western democracy and constitutional human rights are the exemplary doctrines for the global good society With a fresh vision designed to inspire a universal acknowledgement of human dignity *A Quest for Humanity* powerfully affirms the value of each human being *Seven Moralities of Human Resource Management* T. Klikauer,2014-10-28 *Seven Moralities of Human Resource Management* analyses morality of HRM from the perspective of American psychologist Laurence Kohlberg This book examines and makes value judgements on whether or not HRM is moral from the viewpoint of Kohlberg s seven stages of morality as a follow up study of the author s 2012 book *Seven Management Moralities* **The Black Humanist Tradition in Anti-Racist Literature** Alexandra Hartmann,2023-05-13 This book presents an intellectual history and theoretical exploration of black humanism since the civil rights era Humanism is a human centered approach to life that considers human beings to be

responsible for the world and its course of history Both the heavily theistic climate in the United States as well as the dominance of the Black Church are responsible for black humanism s existence in virtual oblivion For those who believe the world to be one without supernatural interventions human action matters greatly and is the only possible mode for change Humanists are thus committed to promoting the public good through human effort rather than through faith Black humanism originates from the lived experiences of African Americans in a white hegemonic society Viewed from this perspective black humanist cultural expressions are a continuous push to imagine and make room for alternative life options in a racist society Alexandra Hartmann counters religion s hegemonic grasp and uncovers black humanism as a small yet significant tradition in recent African American culture and cultural politics by studying its impact on African American literature and the ensuing anti racist potentials The book demonstrates that black humanism regards subjectivity as embodied and is thus a worldview that is characterized by a fragile hope regarding the possibility of progress racial and otherwise in the country *Cornel West and Philosophy* Clarence Johnson, 2014-05-01 Cornel West s reputation as a public and celebrity intellectual has overshadowed his important contributions to philosophy Professor Clarence Shole Johnson provides a rectification of this situation in this benchmark thought provoking book After a brief biographical sketch Johnson leads us through a comprehensive examination of West s philosophy from his conceptions of pragmatism existentialism Marxism and Prophetic Christianity to his persuasive writings on black Jewish relations affirmative action and the role of black intellectuals Special focus is given to West s writings on ethics and social justice and how these inform his entire theoretical framework Cornel West and Philosophy is a unique and indispensable guide to West s diverse philosophical writings *Toward a New Enlightenment* Paul Kurtz, Paul Kurtz has been the dominant voice of secular humanism over the past thirty years This compilation of his work reveals the scope of his thinking on the basic topics of our time and his many and varied contributions to the cause of free thought It focuses on the central issues that have concerned Kurtz throughout his career ethics politics education religion science and pseudoscience The chapters are linked by a common theme the need for a new enlightenment one committed to the use of rationality and skepticism but also devoted to realizing the highest values of humanist culture Many writings included here were first published in magazines and journals long unavailable Some of the essays have never before been published They now appear as a coherent whole for the first time Also included is an extensive bibliography of Kurtz s writings *Toward a New Enlightenment* is essential for those who know and admire Paul Kurtz s work It will also be an important resource for students of philosophy political science ethics and religion Among the chapters are Humanist Ethics Eating the Forbidden Fruit Relevance of Science to Ethics Democracy without Theology Misuses of Civil Disobedience The Limits of Tolerance Skepticism about the Paranormal Legitimate and Illegitimate Militant Atheism vs Freedom of Conscience Promethean Love Unbound The Case for Euthanasia and The New Inquisition in the Schools

Chadwick,2003-12-30 Organized by the major ethical subjects of Metaethics Moral Values and Justification Moral Philosophies and Philosophers Citizen Ethics and Bioethics Tables for Students of Moral Philosophy presents an excellent introduction to moral philosophy Chadwick offers clear explanations of complex topics in Ethics using tables that compare contrast and summarize arguments This work is intended for the beginning student and also provides a solid review for the undergraduate philosophy major **Book Review Digest** ,1927 **Covenants of Life** K.L. Vaux,M. Stenberg,2013-03-14 The intense fervor of a Mississippi Methodist preacher the meticulous reasoning of an Oxford logician the dogged persistence of a head longshoreman the unflagging humor of a Rabelaisian satirist To have met Paul Ramsey at a lecture in a medical university a heady conference at Hastings on Hudson a congressional hearing deliberations at a church assembly or a bull session in some coffee shop was to be confronted with a gentleman of unforgettable energy insight and delight In many roles as a young instructor in religious studies at Princeton University a concerned moral theologian commenting on the ethics of the sit ins and nuclear issues an observer and dialogue partner with physicians at Georgetown and other medical centers a faithful editor and

analyst of Jonathan Edwards ethical writings a trustee of the Hastings center a voluminous correspondent with others who would join to disciplined pursuit of values Paul Ramsey in all roles was indefatigable in zeal rigorous in demand and gracious in coadventuring to use one of his wonderful metaphors This volume captures a unique exchange between Paul Ramsey and his most prominent colleagues In one sense it remains a Festschrift in his honor characterized at times by a markedly informal tone **Contesting Moralities** Nanette Redclift, 2017-08-16 Questions of public and private morality values and choices have become important areas of collective discussion A key feature of this book is that it takes an ethnographic rather than a philosophical or speculative approach to moral debates This study examines the contemporary explosion of ethical discourse in the public domain and the growing importance of moral rhetoric as an aspect of social relations
