Sami Pihlström

Moral Realism A Defence:

Moral Realism Russ Shafer-Landau, 2003-06-19 Moral Realism is a systematic defence of the idea that there are objective moral standards In the tradition of Plato and G E Moore Russ Shafer Landau argues that there are moral principles that are true independently of what anyone anywhere happens to think of them These principles are a fundamental aspect of reality just as much as those that govern mathematics or the natural world They may be true regardless of our ability to grasp them and their truth is not a matter of their being ratified from any ideal standpoint nor of being the object of actual or hypothetical consensus nor of being an expression of our rational nature Shafer Landau accepts Plato's and Moore's contention that moral truths are sui generis He rejects the currently popular efforts to conceive of ethics as a kind of science and insists that moral truths and properties occupy a distinctive area in our ontology Unlike scientific truths the fundamental moral principles are knowable a priori And unlike mathematical truths they are essentially normative intrinsically action guiding and supplying a justification for all who follow their counsel Moral Realism is the first comprehensive treatise defending non naturalistic moral realism in over a generation It ranges over all of the central issues in contemporary metaethics and will be an important source of discussion for philosophers and their students interested in issues concerning the foundations of ethics

Moral Realism David Owen Brink, 1985

Moral Reality Caj Strandberg, Lund University. Department of Philosophy, 2004

Pragmatic Moral Realism Sami Pihlström, 2005 This book examines the issue of moral realism from a pragmatist point of view drawing attention to our human practices of ethical evaluation and deliberation It defends the essentially ungrounded and humanly fundamental place of ethics in our thought and action Ethics must remain beyond justification and ubiquitous in our human forms of life

This Is Ethics Jussi Suikkanen, 2014-06-10 This is Ethics presents an accessible and engaging introduction to a variety of issues relating to contemporary moral philosophy Covers a wide range of topics which are actively debated in contemporary moral philosophy Addresses the nature of happiness well being and the meaning of life the role of moral principles in moral thinking moral motivation and moral responsibility Covers timely ethical issues such as population growth and climate change Offers additional resources at <https://thisisphilosophy.wordpress.com/ethics> Features extensive annotated bibliographies summaries and study questions for further investigation Written in an accessible jargon free manner using helpful illustrative examples

What is this thing called Metaethics? Matthew Chrisman, 2023-06-20 What makes something morally right Where do our ethical standards come from Are they relative to cultures or timeless and universal Are there any objective moral facts What is goodness If there are moral facts how do we learn about them What do we mean when we say someone ought to do something These are all questions in metaethics the branch of ethics that investigates the status of morality the nature of ethical value the possibility of ethical knowledge and the meaning of ethical statements To the uninitiated it can appear abstract and far removed from its two more concrete cousins ethical theory and applied ethics yet it is one of the fastest growing and most exciting areas of ethics

What is this thing called Metaethics demystifies this important subject and is ideal for students coming to it for the first time Beginning with a brief overview of metaethics and the development of a conceptual toolkit Matthew Chrisman introduces and assesses the following key topics ethical reality including questions about naturalism and non naturalism moral facts and the distinction between realism and antirealism ethical language does language represent reality What mental states are expressed by moral statements moral psychology the theory of motivation and the connection between moral judgement and motivation moral knowledge intuitionist and coherentist moral epistemologies and theories of objectivity and relativism in metaethics prominent metaethical theories naturalism nonnaturalism error theory and expressivism new directions in metaethics including non traditional theories thick ethical concepts and extensions to metaepistemology and metanormative theory The Second Edition has been completely revised and updated throughout This includes a new thematic organization of the core chapters many new examples a newly written final chapter including discussion of thick ethical concepts and all things considered normativity updated references to recent scholarly literature improved learning resources an expanded glossary of terms and much more Additional features such as chapter summaries questions of understanding and suggestions for further reading make What is this thing called Metaethics an ideal introduction to metaethics Ethical Theory Russ Shafer-Landau, 2007-07-30 In presenting this reader on ethical theory Shafer Landau philosophy U of Wisconsin has made sure to cover the standard topics of the day consequentialism deontology contractarianism and virtue ethics but has also sought to include areas that are less common in sections on moral standing moral responsibility moral knowledge and works that question the very possibility of systematic ethics He also includes a section that discusses ethics and religion and another that examines prima facie duties and particularism Rather than include critics views following the various theoretical presentations he has instead decided to include more works of allied thinkers in order to provide readers with a more nuanced view of the particular view in question Selections from classic writers such as Aristotle Thomas Hobbes Immanuel Kant and Plato are accompanied by more contemporary writings Annotation 2007 Book News Inc Portland OR booknews com Distributed by Syndetic Solutions LLC **Ontology, Modality, and Mind** Alexander Carruth, Sophie Gibb, John Heil, 2018-10-04 This book explores a range of traditional and contemporary metaphysical themes that figure in the writings of E J Lowe whose powerful and influential work was still developing at the time of his death in 2015 During his forty year career he established himself as one of the world s leading philosophers publishing eleven single authored books and well over two hundred essays His scholarship was strikingly broad ranging from early modern philosophy to the interpretation of quantum mechanics His most important and sustained contributions were to philosophy of mind philosophical logic and above all metaphysics E J Lowe was committed to a systematic realist and scientifically informed neo Aristotelean approach to philosophy This volume presents a set of new essays by philosophers who share this commitment addressing interrelated themes of his work In particular these papers focus upon three closely connected topics central not only to Lowe s work but

to contemporary metaphysics and philosophy of mind in general ontology and categories of being essence and modality and the metaphysics of mental causation

Christian Ethics and Commonsense Morality Kevin Jung, 2014-11-27 Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge

The Routledge Handbook of Metaethics Tristram McPherson, David Plunkett, 2017-08-24 This Handbook surveys the contemporary state of the burgeoning field of metaethics Forty four chapters all written exclusively for this volume provide expert introductions to the central research programs that frame metaethical discussions the central explanatory challenges resources and strategies that inform contemporary work in those research programs debates over the status of metaethics and the appropriate methods to use in metaethical inquiry This is essential reading for anyone with a serious interest in metaethics from those coming to it for the first time to those actively pursuing research in the field

Epistemic Instrumentalism Explained Nathaniel Sharadin, 2022-07-15 Do epistemic requirements vary along with facts about what promotes agents well being Epistemic instrumentalists say yes and thereby earn a lot of contempt This contempt is a mistake on two counts First it is incorrectly based the reasons typically given for it are misguided Second it fails to distinguish between first and second order epistemic instrumentalism and it happens only the former is contemptible In this book Nathaniel P Sharadin argues for rejecting epistemic instrumentalism as a first order view not because it suffers extensional failures but because it suffers explanatory ones By contrast he argues that epistemic instrumentalism offers a natural straightforward explanation of why being epistemically correct matters What emerges is a second order instrumentalist explanation for epistemic authority that is neutral between competing first order epistemic theories This neutrality is an advantage But drawing on work from cognitive science and psychology Sharadin argues that instrumentalists can abandon that neutrality in order to adopt a view he calls epistemic ecologism Epistemic Instrumentalism Explained will be of interest to researchers and advanced students working in epistemology ethics and philosophy of mind

Ethical Naturalism Susana Nuccetelli, Gary Seay, 2011-12-08 Ethical naturalism is narrowly construed as the doctrine that there are

moral properties and facts at least some of which are natural properties and facts Perhaps owing to its having faced early on intuitively forceful objections by eliminativists and non naturalists ethical naturalism has only recently become a central player in the debates about the status of moral properties and facts which have occupied philosophers over the last century It has now become a driving force in those debates one with sufficient resources to challenge not only eliminativism especially in its various non cognitivist forms but also the most sophisticated versions of non naturalism This volume brings together twelve new essays which make it clear that in light of recent developments in analytic philosophy and the social sciences there are novel grounds for reassessing the doctrines at stake in these debates *Oxford Studies in Metaethics* Russ Shafer-Landau,2008-06-19 *Oxford Studies in Metaethics* is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done at the intersection of ethical theory and metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here *Oxford Studies in Metaethics, Volume 17* Russ Shafer-Landau,2022-03-21 *Oxford Studies in Metaethics* is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done at the intersections of ethical theory with metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here *Economic Justice and Natural Law* Gary Chartier,2009-08-06 Gary Chartier elaborates a particular version of economic justice rooted in the natural law tradition explaining how it is relevant to economic issues and developing natural law accounts of property work and economic security He examines a range of case studies related to ownership production distribution and consumption using natural law theory as a basis for staking positions on a number of contested issues related to economic life and highlighting the potentially progressive and emancipatory dimension of natural law theory ***Encyclopedia of Language and Linguistics*** ,2005-11-24 The first edition of ELL 1993 Ron Asher Editor was hailed as the field s standard reference work for a generation Now the all new second edition matches ELL s comprehensiveness and high quality expanded for a new generation while being the first encyclopedia to really exploit the multimedia potential of linguistics The most authoritative up to date comprehensive and international reference source in its field An entirely new work with new editors new authors new topics and newly commissioned articles with a handful of classic articles The first Encyclopedia to exploit the multimedia potential of linguistics through the online edition Ground breaking and International in scope and approach Alphabetically arranged with extensive cross referencing Available in print and online priced separately The online version will include

updates as subjects develop ELL2 includes c 7 500 000 words c 11 000 pages c 3 000 articles c 1 500 figures 130 halftones and 150 colour Supplementary audio video and text files online c 3 500 glossary definitions c 39 000 references Extensive list of commonly used abbreviations List of languages of the world including information on no of speakers language family etc Approximately 700 biographical entries now includes contemporary linguists 200 language maps in print and online Also available online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit www.info.sciencedirect.com The first Encyclopedia to exploit the multimedia potential of linguistics Ground breaking in scope wider than any predecessor An invaluable resource for researchers academics students and professionals in the fields of linguistics anthropology education psychology language acquisition language pathology cognitive science sociology the law the media medicine computer science The most authoritative up to date comprehensive and international reference source in its field

The Bloomsbury Companion to Ethics Christian B. Miller,2014-09-25 The Bloomsbury Companion to Ethics offers the definitive guide to this key area of contemporary philosophy Covering all the fundamental questions asked by meta ethics and normative ethical theory thirteen specially commissioned chapters from an international team of experts explore the central ideas terms and case studies in the field and new directions in ethics as a whole Now available in paperback the Companion to Ethics covers issues such as moral methodology moral realism ethical expressivism constructivism and the error theory morality and practical reason moral psychology morality and religion consequentialism Kantian ethics virtue ethics feminist ethics moral particularism experimental ethics and biology evolution and ethics Featuring a series of indispensable research tools including key technical terms a historical chronology a detailed list of internet resources for research in ethics and a thorough list of recommended works for further study this is the essential resource for anyone studying researching and writing in contemporary philosophical ethics

Oxford Studies in Metaethics ,2025-05-11 Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field

Experimental Philosophy Joshua Knobe,Shaun Nichols,2014 This volume provides an introduction to the major themes of work in experimental philosophy bringing together some of the most influential articles in the field along with a collection of papers that explore the theoretical significance of this research

Moral Realism A Defence Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Moral Realism A Defence PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Moral Realism A Defence PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Moral Realism A Defence free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
