Moral Reasoning And Statecraft:

Moral Reasoning and Statecraft Reed M. Davis, 1988-07-21 Composed by nine of his former students on the occasion of the Miller Center's tenth anniversary these essays commemorate Dr Kenneth W Thompson's educational leadership and support It is fitting that the contributors to this volume have chosen to present Dr Thompson with a collection of essays devoted to moral reasoning and statecraft As teacher and scholar Dr Thompson returns time and time again to explore the moral resources of statecraft and to probe the normative foundations of political choice Contributors to this volume are Reed Davis Alberto R Coll Farhang Rajaee W David Clinton Daniel G Lang Nicolai N Petro Robert A Strong Ian Graig Gale A Mattox and Brian E Klunk Includes a complete bibliography of Dr Thompson's writings Co published with the Miller Center of Public Affairs

Political Theory of Global Justice Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that accountable integration among nation states will help ensure all persons can lead a decent life

Kenneth W. Thompson, The Prophet of Norms F. Rajaee, 2013-03-12 The aim of this book is to capture the international thought and practice of Kenneth W Thompson His career embodied three roles in which he revealed his thoughts and practice as a facilitator of space for encouraging debates scholarship and practice as an educator and most importantly as a theorist of international relations

War, Peace, and Violence: Four Christian Views Paul Copan, 2022-09-13 In a world of war terrorism and constant threats to global stability how should Christians honor Jesus Christ Four experts in Christian ethics political philosophy and international affairs present four different views of just war nonviolence Christian realism and church history orienting readers to today's key positions

Thomas Aquinas John Inglis, 2017-05-15 This volume contains the seminal articles that define the influence of Aquinas within legal philosophical thought A comprehensive reference for those new to the field it covers such topics as the relation of virtue to law the common good natural law natural rights and property rights together with social and political issues like abortion feminism homosexuality environment civil disobedience and just war Attention is devoted to the new natural law theory and its limitations as well as the place of historical context in the recovery of social thought

International Ethics Mark R. Amstutz, 2018-02-23 Mark Amstutz illustrates the role of moral norms in global politics and the ethical foundation of the rules institutions and structures of global society with twenty six new and revised case studies including the ethics of climate change the refugee crisis and the Syrian civil war The cases address the following major global issues human rights war unconventional military operations foreign intervention international economic relations justice among states and global justice This comprehensive study will be of special interest to students and practitioners of international affairs who are concerned with the role of political morality and ethical judgment in global affairs

Ethics and Statecraft Cathal J. Nolan, 2015-10-13 This collection of essays cuts to the quick of the most pressing moral issues facing decision makers today from the actions of ordinary soldiers in a combat zone to presidents deciding when

and where to use force Ethics lie at the heart of human and therefore also international affairs compelling nations to get involved over there and dedicate resources to intervention or to justify detachment The politics and rhetoric of ethics constrain decision makers greatly complicating international situations This third edition of *Ethics and Statecraft* addresses the moral reasoning behind the art of peacemaking as well as the ethics and statecraft of conducting war The coverage ranges from historical transformations of whole eras of diplomatic and international history to issues of ethics of bombing and the laws of war Specific attention is paid to emerging issues such as armed humanitarian intervention and sanctions drone wars war crimes and economic justice The work is ideally suited for undergraduate and graduate students of international relations history political science and ethics It will also be useful for NGO officials and military officers struggling with these issues in the field General readers will find illumination of highly relevant historical issues including Allied bombing of civilians during World War II that set precedents for both expansion and limitations on the laws of war They will also encounter pressing modern day quandaries such as the conditions that permit or even require military or humanitarian intervention and the impact of new technologies on old moral problems

Ethics & International Affairs Joel H. Rosenthal, 1999 This collection of some of the best contemporary scholarship in ethics and international affairs explores the connection between moral traditions and decision making during and after the Cold War Each author relates the timeless insights of philosophy and our collective historical experience to the hard choices of our own age This volume should be of special interest to those working and teaching in international relations diplomatic history foreign policy applied ethics and related fields

The Price of Peace Charles Reed, David Ryall, 2007-02-15 Lively political and public debates on war and morality have been a feature of the post Cold War world The Price of Peace argues that a re examination of the just war tradition is therefore required The authors suggest that despite fluctuations and transformations in international politics the just war tradition continues to be relevant However they argue that it needs to be reworked to respond to the new challenges to international security represented by the end of the Cold War and the impact of terrorism With an interdisciplinary and transatlantic approach this volume provides a dialogue between theological political military and public actors By articulating what a reconstituted just war tradition might mean in practice it also aims to assist policy makers and citizens in dealing with the ethical dilemmas of war

If you want peace, prepare for war François-Régis Legrier, 2024-07-08 This book is first of all an essay of political philosophy This book is clear straightforward and comprehensive It truly addresses the issue announced in the title At the heart of this book is a comprehensive exposition of classic Just War doctrine going back to St Augustine of Hippo and St Thomas Aquinas with a strong argument that these ancient principles have stood the test of time and should still be determinant of the ethics of warfare Starting from the postulate that preparing for war is the primary function of politics and combining the reflection of the officer and the Christian his ambition is to make people rediscover the Christian principles which should guide political action on the subject of war

The Capacity to Govern Yehezkel

Dror,2012-12-06 The inadequacies of contemporary forms of governance are increasingly recognized the brain drain from politics distrust of governments the danger of mass media and money dominated elections and the failure of governments to find good policy options on major issues Industry civil society and non governmental organizations however important cannot compensate for government s incapacity to shape the future which only it is democratically entitled to do Radical improvements in governance are urgently needed but salient proposals are scarce This book diagnoses contemporary governments as obsolete and proposes changes in values structures staffing public understanding and political culture to equip governance for the radically novel challenges of the 21st century This is the first Report dealing with governance commissioned and approved by the Club of Rome testifying to the significance of this book **The Philosopher's Index** ,2006 Vols for 1969 include a section of abstracts The Just War Paul Ramsey,2002 With a new foreword by noted theologian and ethicist Stanley Hauerwas this classic text on war and the ethics of modern statecraft written at the height of the Vietnam era in 1968 speaks to a new generation of readers Characterized by a sophisticated yet back to basics approach The Just War begins with the assumption that force is a fact in political life which must either be reckoned with or succumbed to It then grapples with modern challenges to traditional moral principles of just conduct in war the morality of deterrence and a just war theory of statecraft *China's Route Heritage* Gary Sigley,2020-11-09 China s Route Heritage examines the creation development and proliferation of the route heritage discourse of the Ancient Tea Horse Road Chamagudao in the People s Republic of China Examining the formation of the tea horse road as a concept its development as a platform for cultural branding and its most recent interactions with the policy of the Belt and Road Initiative BRI and the revival of the discourse on the Silk Roads the book demonstrates that the tea horse road is an important part of the discourse on Chinese modernity Describing the route heritage of the tea horse road as a mobility narrative whereby an ancient route is used to form a narrative of ethnic unity and cooperation the book demonstrates that the study of such heritage offers unique insights into issues that are of concern to the wider field of critical heritage studies Sigley also shows how the study of alternative route heritage enables us to gain a broader sense of route heritage discourse and its implications for the discussion of historical present and future forms of mobility and connectivity within China and beyond its borders China s Route Heritage should be of interest to researchers and postgraduate students who are engaged in the study of heritage China the Silk Roads and the BRI politics international relations and tourism **Somalia** Abdulkadir O. Farah,2007-03-31 Since the final collapse of Somalia s repressive regime in 1991 Somalia has presented the world not only with the most profound case of state collapse witnessed in modern times but also with one of the most intriguing cases of political fragmentation armed conflicts lawlessness and statelessness Inevitably the last 20 years of statelessness and chaos has left the Somali economy destitute and made Somalia to be ranked among the five poorest countries in the world Contributors to this volume examine efforts at reconstituting the failed Somali state and the role of the Somali Diaspora and civil society

groups in the processes They also analyse how the Somali Diaspora and civil society in Somalia engage and cooperate to further processes of state reconstitution in Somalia as well as help the Somali Diaspora adjust in their host nations **The Miller Center Papers** Pat Dunn,1998 Just War Theory and Non-State Actors Eric E. Smith,2020-03-20 This book uses an historical body of knowledge Just War Theory as the basis for analyzing modern conflicts involving Armed Non State Actors who employ force against states As the global community faces the challenges of globalization terrorism 24 hour international news coverage super power collapse weapons of mass destruction and failed states the author explores whether the historic bodies of knowledge governing decision makers during conflict remain relevant Tracing the evolution of Just War Theory he analyzes circumstances involving Armed Non State Actor ANSA groups possessing powerful and destructive capabilities and a desire to use them and pursues answers to the central research question how does Just War Theory apply in modern scenarios involving ANSA groups who challenge the state and international institution s monopoly on use of force The study finds that Just War Theory still has the capacity to accommodate modern day statecraft and application in scenarios involving Armed Non State Actors This book will be of great interest to those researching and studying in the fields of political theory security studies international relations war and conflict studies and public ethics The Power of Necessity Lisa Kattenberg,2023-01-05 Exploring reason of state in a global monarchy The Power of Necessity examines how thinkers and agents in the Spanish monarchy navigated the tension between political pragmatism and moral religious principle This tension lies at the very heart of Counter Reformation reason of state Nowhere was the need for pragmatic state management greater than in the overstretched Spanish Empire of the seventeenth century However pragmatic politics were problematic for a Catholic monarchy steeped in ideals of justice and divine justifications of power and kingship Presenting a broad cast of characters from across Europe and uniting published sources with a wide range of archival material Lisa Kattenberg shows how non canonical thinkers and agents confronted the political moral dilemmas of their age by creatively employing the legitimizing power of necessity Pioneering new ways of bridging the persistent gap between theory and practice in the history of political thought The Power of Necessity casts fresh light on the struggle to preserve the monarchy in a modernizing world The Leader's Imperative J. Carl Ficarrotta,2001 Drawn from the Alice McDermott Memorial Lectures in Applied Ethics held at the United States Air Force Academy these 20 essays contribute to our understanding of ethics and leadership Contributions come from a distinguished and diverse group of individuals including Allan Bloom Reverend Edward A Malloy John T Noonan Jr James F Childress Christina Hoff Sommers General Ronald R Fogelman and William J Bennett The range of topics include moral certainty and sensibility professional and personal integrity emergency ethics and the responsibility of war criminals the just war and public policy unethical adversaries and military obligation and liberal education and character An Eerdmans Reader in Contemporary Political Theolog William T. Cavanaugh,Jeffrey W. Bailey,Craig Hovey,2011-11-18 An Eerdmans Reader in Contemporary Political Theology gathers

some of the most significant and influential writings in political theology from the twentieth and twenty first centuries Given that the locus of Christianity is undeniably shifting to the global South this volume uniquely integrates key voices from Africa Asia and Latin America with central texts from Europe and North America on such major subjects as church and state gender and race and Christendom and postcolonialism Carefully selected thematically arranged and expertly introduced these forty nine essential readings constitute an ideal primary source introduction to contemporary political theology a profoundly relevant resource for globally engaged citizens students and scholars
