A Coursebook for  
Schools and Colleges  
Michael Palmer

**Second Edition**

# Moral Problems A Coursebook For Schools And Colleges

**Michael Palmer**

## **Moral Problems A Coursebook For Schools And Colleges:**

*Moral Problems* Michael Palmer, 1991      **Moral Problems** Michael Palmer, 1995-01-01 *Moral Problems* takes particular account of the needs of both teacher and student. It is not a compendium of ethical theories but a course book providing the instructor, student and general reader with a step by step introduction to the major ethical theories. For each topic Palmer has provided a lengthy introduction and critique, comprehension exercises, essay questions and an extensive bibliography. He relates each ethical theory to a contemporary issue with an introductory discussion followed by excerpts from the original sources.

**Islamic Ethics** Mariam al-Attar, 2010-04-05 This book explores philosophical ethics in Arabo-Islamic thought. Examining the meaning, origin and development of Divine Command Theory, it underscores the philosophical bases of religious fundamentalism that hinder social development and hamper dialogue between different cultures and nations. Challenging traditional stereotypes of Islam, the book refutes contemporary claims that Islam is a defining case of ethical voluntarism and that the prominent theory in Islamic ethical thought is Divine Command Theory. The author argues that in fact early Arab-Islamic scholars articulated moral theories, theories of value and theories of obligation. She traces the development of Arabo-Islamic ethics from the early Islamic theological and political debates between the Kharijites and the Murji'ites, shedding new light on the moral theory of Abd al-Jabbar al-Mu'tazili and the effects of this moral theory on post-Mu'tazilite ethical thought. Highlighting important aspects in the development of Islamic thought, this book will appeal to students and scholars of Islamic moral thought and ethics, Islamic law and religious fundamentalism.

**Ethical Studies** Robert A. Bowie, 2004 A detailed treatment of ethics preparing students for the methods of study expected in higher education. Covering the major western theories and their religious connections as well as a series of pertinent contemporary ethical issues. This second edition has been substantially updated to provide comprehensive coverage of the Religious Ethics requirements of all major awarding bodies.

**Atheism for Beginners** Michael Palmer, 2013-02-28 Hurray for Michael Palmer! As how Michael Martin, the distinguished American philosopher, greeted Palmer's *The Atheist's Primer*. Lutterworth 2012. *Atheism for Beginners* by providing a coursebook for schools and colleges differs from its predecessor in being designed specifically for teachers and their students. Yet although different in focus and format, the intention remains the same: to reinstate the importance of philosophy within the debate about God's existence and to act as a corrective to the largely Darwinian criticisms levelled against religious belief by Richard Dawkins and the so-called new atheists. So in Palmer's lively history of atheism extending from the ancient Greeks to the present day, we meet the enduring philosophical arguments against God and the great literature in which they are expressed. *Atheism for Beginners* is user-friendly and presumes no special grounding in philosophy. Throughout, assistance is given by numerous aids to learning: there are exercises, marginal notes, essay questions, bibliographies and a glossary. Also provided are fourteen short biographies of famous atheists. In these respects, Palmer follows the format first presented in his widely read *Moral Problems* of 1991, long

established as a core text in the teaching of philosophy In *Atheism for Beginners* Palmer covers the main atheistic arguments discussing issues such as creation morality evil miracles and the motivations of belief Particular attention is paid to the work of Hume Marx Nietzsche and Freud with a special chapter devoted to the development of disproof atheism Atheism is often criticized for being unduly pessimistic that without God there is nothing to look forward to no life after death no final righting of wrongs and no hope of salvation But this Palmer argues is a slander against the atheistic outlook He concludes therefore on a positive note explaining that happiness and personal fulfilment are to be found in the very materialism that religious belief rejects

**Moral Problems in Medicine** Michael Palmer, 2005-09 In His Important New Book Michael Palmer Assuming No Prior Philosophical knowledge on the part of the reader examines the controversial issues of euthanasia abortion and experimentation on humans and animals as well as the right to self determination and the limits of confidentiality **Heythrop Journal** , 2004 **Mind** , 1991 Issues for 1896 1900 contain papers of the Aristotelian Society

**The Atheist's Creed** Michael Palmer, 2010-10-29 In *The Atheist's Creed* a prominent and widely read contemporary philosopher Dr Michael Palmer presents the most comprehensive anthology of the major philosophical arguments for atheism now before the public While the so called new atheism of Richard Dawkins and others has attracted considerable publicity it is these philosophical arguments that have down the ages provided the principal landmarks in the unfolding and increasingly widespread belief that no God exists Using a combination of extracts detailed introductions biographies and extensive bibliographies the author guides the reader through the history of atheism from the time of the early Greeks down to the present day In this analysis particular attention is given to the writings of Hume Nietzsche Marx and Freud *The Atheist's Creed* requires no specialist knowledge of philosophy Each chapter is structured around a single theme and the various authors coordinated to allow the full force of the particular atheistic argument to emerge The result is a compelling and powerful assessment of the case for atheism which will be essential and fascinating reading for student and non student alike and for all those concerned with the fundamental question whether or not there is a God

**The Philosophy of Religion** Michael Palmer, 2008 This multi volume anthology is a compilation of writings on the philosophy of religion These books include introductions to each topic detailed analyses of essays wide ranging bibliographies and examination questions

*Resources in Education* , 1998-04 [AQA A-level Religious Studies Year 1: Including AS](#) John Frye, 2017-04-24 Exam Board AQA Level AS A level Subject Religious Studies First Teaching September 2016 First Exam June 2017 AQA Approved Engage students with accessible content that draws out the key theories ensuring students have a thorough understanding of Christianity and the philosophical and ethical issues developed by subject specialist John Frye and the leading Religious Studies publisher Confidently teach Philosophy and religion and Ethics religion and society with comprehensive coverage of the key philosophers concepts and theories along with sources of theological authority Supports learning and revision with a range of contemporary activities discussion points and unit summaries Prepares students for assessment with revision

questions at the end of each chapter and practice questions tailored to the assessment objectives Content covered Philosophy and religion Sections A and B Section A is covered through Christianity Ethics religion and society Sections A and B Section A is covered through Christianity Free support Sample material for Book 2 Summer term 2017 All of the above will be available online at [www.hoddereducation.co.uk/alevelrs/aqa](http://www.hoddereducation.co.uk/alevelrs/aqa) Taken from Educational Publishers Council statistics

Essentials of Teaching and Learning in Nursing Ethics Anne Davis, Verena Tschudin, Louise Tew, 2006-02-24 This title is directed primarily towards health care professionals outside of the United States This book aims to fill a gap with an in depth exploration of nursing ethics content from the western philosophical tradition and some of the methods used in teaching this content It addresses cross cultural issues in using specific ethics content It also reveals the poverty of the present dualism model in nursing ethics and replace this with a more complex and more useful model that invites debate Its scope is both wide and deep but that is needed to enrich the basis for teaching nursing ethics Outlines and critiques all current ethical theories and considers their application to nursing practice Explores ethical issues in numerous cultures Includes case studies drawn from a range of countries Written by leading nurse educators and philosophers in the field *Current Catalog* National Library of Medicine (U.S.), 1982 First multi year cumulation covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), **Whitaker's Book List**, 1991 **Healthcare Ethics, Law and Professionalism** Voo Teck Chuan, Richard Huxtable, Nicola Peart, 2018-10-25 Healthcare Ethics Law and Professionalism Essays on the Works of Alastair V Campbell features 15 original essays on bioethics and healthcare ethics specifically The volume is in honour of Professor Alastair V Campbell who was the founding editor of the internationally renowned Journal of Medical Ethics and the founding director of three internationally leading centres in bioethics in Otago New Zealand Bristol UK and Singapore Campbell was trained in theology and philosophy and throughout his career worked with colleagues from various disciplines including law and various branches of healthcare The diversity of topics and depth of contributors insights reflect the breadth and impact of Campbell s philosophical work and policy contributions to healthcare ethics Throughout his long academic career Campbell s emphasis on healthcare ethics being practice oriented yet driven by critical reflection has shaped the field in vital ways The chapters are authored by leading scholars in healthcare ethics and law Directly engaging with Campbell s work and influence the essays discuss essential questions in healthcare ethics relating to its methodology and teaching its intersection with law and policy medical professionalism religion and its translation in different cultural settings Chapters also grapple with specific enduring topics such as the doctor patient relationship justice in health and biomedical research and treatment of the human body and the dead **AP® U.S. History Crash Course Book + Online** Larry Krieger, Gregory Feldmeth, 2015-01-19 REA s Crash Course for the AP U S History Exam Gets You a Higher Advanced Placement Score in Less Time Completely Revised for the 2015 Exam Crash Course is perfect for the time crunched student the last minute studier or anyone who wants a refresher on the subject Are you crunched for time Have you
