Morals By Monsters

Richard Joyce

Morals By Monsters:

The Morals of Monster Stories Leslie Ormandy, 2017-08-14 The simplicity of children's picture books stories told with illustrations and a few well chosen words or none at all makes them powerful tools for teaching morals and personal integrity Children follow the story and see the characters behaviors on the page and interpret them in the context of their own lives But unlike many picture books most children's lives don't feature monsters This collection of new essays explores the societally sanctioned behaviors imparted to children through the use of monsters and supernatural characters Topics include monsters as instructors the normalization of strangers or the other fostering gender norms and therapeutic monsters among others

Supernatural and Philosophy Galen A. Foresman, 2013-08-07 No doubt the years hunting monsters and saving the universe have had their toll on the Winchesters but their toughest and most gruesome battles are contained in this book Think Lucifer was diabolically clever Think again No son is more wayward than the one who squanders his intellect and academic career pursuing questions as poignant as Half awesome That's full on good right Gathered here for the first time since the formation of Purgatory a collection of research so arcane and horrific that it would make even the late great Bobby Singer blush *Supernatural and Philosophy* tackles all the big ideas in the long running hit show *Supernatural* covering thorny issues in a fun and accessible way Even those unfamiliar with the show will find fascinating insights into Heaven Hell Angels Demons God and Lucifer A unique collection of insights into the many philosophical religious and paranormal topics in the hit TV show *Supernatural* Accessible treatment of thorny issues for a general audience Written by philosophical fans of the show for philosophical fans of the show Those unfamiliar with the show will still find fascinating insights into Heaven Hell Angels Demons God Lucifer and Good and Evil Contributors tackle issues ranging from the biological classifications of monsters to the epistemological problems of ghost hunting

Learning Challenge Lessons, Secondary English Language Arts Jill Nottingham, James Nottingham, Mark Bollom, Joanne Nugent, Lorna Pringle, 2019-03-11 Practical strategies for bringing The Learning Challenge to life in your secondary ELA classroom The Learning Challenge has captured the imaginations of educators students and their parents by introducing the idea of Learning Pit a state of cognitive conflict that causes students to think more deeply critically and strategically until they discover their eureka moment Now fans of the The Learning Challenge who want practical examples and ready to use lessons for their secondary ELA classrooms need not look any further This book provides teachers with everything they need to run thoughtful dialogue driven challenges so that students engage more deeply with the classics and develop literary skills critical to ELA standards Students will analyze texts in lessons grounded in cognitive conflicts such as We are all responsible for our own actions and yet we sometimes act because we are following orders or instructions from others Lesson 1 Who was responsible for the death of William in Mary Shelley's *Frankenstein* To be successful you cannot fail but most successful people have experienced many failures along the way Lesson 7 Was Jay Gatsby a success Love is impossible to define and yet everyone knows what love is Lesson 11 Is Romeo

really in love From detailed lesson plans and activities for running Learning Challenges in the classroom to full color activity cards that enhance each lesson this must have resource offers relevant and timely instructional strategies on topics that interest and engage secondary students Monsters and Monstrosity in Jewish History Iris Idelson-Shein, Christian Wiese, 2019-02-21 This is the first study of monstrosity in Jewish history from the Middle Ages to modernity Drawing on Jewish history literary studies folklore art history and the history of science it examines both the historical depiction of Jews as monsters and the creative use of monstrous beings in Jewish culture Jews have occupied a liminal position within European society and culture being deeply immersed yet outsiders to it For this reason they were perceived in terms of otherness and were often represented as monstrous beings However at the same time European Jews invoked with tantalizing ubiquity images of magical terrifying and hybrid beings in their texts art and folktales These images were used by Jewish authors and artists to push back against their own identification as monstrous or diabolical and to tackle concerns about religious persecution assimilation and acculturation gender and sexuality science and technology and the rise of antisemitism Bringing together an impressive cast of contributors from around the world this fascinating volume is an invaluable resource for academics postgraduates and advanced undergraduates interested in Jewish studies as well as the history of monsters Graveyard of Heroes Fantasy Roleplaying Game Matthew Byers, 2017-03-19 Graveyard of Heroes is a pen and paper tabletop fantasy role playing game in the dark weird fantasy sub genre As part of the second wave of the OSR Old School Renaissance movement it takes classic role playing and moves it in new directions Inside you will find new monsters new spells new magic items new ways to make characters and a new attitude Despite all the changes the spirit of classic fantasy role playing is preserved Experience all the dungeon delving fun in a brand new way All heroes die What legacy will you leave behind In a vast world where the actions of heroes are often overshadowed by the unknowable forces of the universe what impact can a mere mortal have on the world Will you be forgotten like all the others in the graveyard of heroes or will your name be made immortal *Monsters and Monstrosity in Augustan Poetry* Dunstan Lowe, 2015-04-10 An important contribution to the growing interdisciplinary field of monster studies **Evil and Moral Psychology** Peter Brian Barry, 2013-04-02 This book examines what makes someone an evil person and how evil people are different from merely bad people Rather than focusing on the problem of evil that occupies philosophers of religion Barry looks instead to moral psychology the intersection of ethics and psychology He provides both a philosophical account of what evil people are like and considers the implications of that account for social legal and criminal institutions He also engages in traditional philosophical reasoning strongly informed by psychological research especially abnormal and social psychology In response to the popularity of phrases like the axis of evil and the ease with which politicians and others describe their opponents as evil Barry sets out to make clear just what it is to be an evil person Moral Wisdom and Good Lives John Kekes, 2018-10-18 In this profound and yet accessible book John Kekes discusses moral wisdom a virtue essential to living a morally good and

personally satisfying life He advances a broad nontechnical argument that considers the adversities inherent in the human condition and assists in the achievement of good lives The possession of moral wisdom Kekes asserts is a matter of degree more of it makes lives better less makes them worse Exactly what is moral wisdom however and how should it be sought Ancient Greek and medieval Christian philosophers were centrally concerned with it By contrast modern Western sensibility doubts the existence of a moral order in reality and because we doubt it and have developed no alternatives we have grown dubious about the traditional idea of wisdom Kekes returns to the classical Greek sources of Western philosophy to argue for the contemporary significance of moral wisdom He develops a proposal that is eudaimonistic secular anthropocentric pluralistic individualistic and agonistic He understands moral wisdom as focusing on the human effort to create many different forms of good lives Although the approach is Aristotelian the author concentrates on formulating and defending a contemporary moral ideal The importance of this ideal he shows lies in increasing our ability to cope with life's adversities by improving our judgment In chapters on moral imagination self knowledge and moral depth Kekes calls attention to aspects of our inner life that have been neglected because of our cultural inattention to moral wisdom He discusses these inner processes through the tragedies of Sophocles which can inspire us with their enduring moral significance and help us to understand the importance of moral wisdom to living a good life Transmediating the Whedonverse(s) Juliette C.

Kitchens, Julie L. Hawk, 2019-10-29 This book explores the transmedial nature of the storyworlds created by and/or affiliated with television auteur writer and filmmaker Joss Whedon As such the book addresses the ways in which Whedon's storyworlds or verses employ transmedia both intrinsically as texts and extrinsically as these texts are consumed and in some cases reworked by audiences This collection walks readers through fan and scholar fan engagement intrinsic textual transmediality and Whedon's lasting influence on televisual and transmedia texts In closing the editors argue for the need to continue research into how the Whedonverse's lend themselves to transmedial study engage audiences in ways that take advantage of multiple media and encourage textual internalization of these engagements within audiences Theology,

Religion and The Witcher Yael Thomas Cameron, Jonathan Hoskin, 2024-12-15 Whether intentional or not the power of a moment in popular culture like The Witcher can illuminate and question what might be taken for granted or left unseen in our world Theology Religion and The Witcher Gods and Golden Dragons takes a profound look at the intersection of popular culture and religious studies in Andrzej Sapkowski's Witcher The twelve contributors offer close readings and analysis of an eclectic tapestry of characters and stories from The Witcher games live action role play Netflix series short stories and novels This book is not only an exploration of religious symbolism or theology in the stories but how dialogue events and imagery in The Witcher intersect with the real world in which we live where religious ideologies continue to shape global politics and lives shifting and pressing upon the entirety of civilization for better or for worse The Illusions of Egalitarianism John Kekes, 2007 In this systematic and scathing attack on the dominant contemporary version of liberalism John Kekes challenges

political assumptions shared by the majority of people in Western societies Egalitarianism as it s widely known holds that a government ought to treat all citizens with equal consideration Kekes charges that belief in egalitarianism rests on illusions that prevent people from facing unpleasant truths Kekes a major voice in modern political thought argues that differences among human beings in the areas of morality reasonability legality and citizenship are too important for governance to ignore In a rigorous criticism of prominent egalitarian thinkers including Dworkin Nagel Nussbaum Rawls Raz and Singer Kekes charges that their views present a serious threat to both morality and reason For Kekes certain inequalities are obvious people should get what they deserve those who are good and those who are evil should not be treated as if they had the same moral worth people should not be denied what they have earned in order to benefit those who have not earned it and individuals should be held responsible for their actions His provocative book will compel many readers to question their faith in liberalism

Thomas Aquinas on Moral Wrongdoing Colleen McCluskey,2017 A comprehensive examination of the moral psychology of wrongdoing from a major historical figure Thomas Aquinas

The Myth of Morality Richard Joyce,2001-11-22 In The Myth of Morality Richard Joyce argues that moral discourse is hopelessly flawed At the heart of ordinary moral judgements is a notion of moral inescapability or practical authority which upon investigation cannot be reasonably defended Joyce argues that natural selection is to blame in that it has provided us with a tendency to invest the world with values that it does not contain and demands that it does not make Should we therefore do away with morality as we did away with other faulty notions such as witches Possibly not We may be able to carry on with morality as a useful fiction allowing it to have a regulative influence on our lives and decisions perhaps even playing a central role while not committing ourselves to believing or asserting falsehoods and thus not being subject to accusations of error

A Geography of Victorian Gothic Fiction Robert Mighall,2003 This is the first major full length study of Victorian Gothic fiction Combining original readings of familiar texts with a rich store of historical sources A Geography of Victorian Gothic Fiction is an historicist survey of nineteenth century Gothic writing from Dickens to Stoker Wilkie Collins to Conan Doyle through European travelogues sexological textbooks ecclesiastic histories and pamphlets on the perils of self abuse Critics have thus far tended to concentrate on specific angles of Gothic writing gender or race or the belief that the Gothic returned at the so called fin de si cle Robert Mighall by contrast demonstrates how the Gothic mode was active throughout the Victorian period and provides historical explanations for its development from late eighteenth century through the Urban Gothic fictions of the mid Victorian period the Suburban Gothic of the Sensation vogue through to the somatic horrors of Stevenson Machen Stoker and Doyle at the century s close Mighall challenges the psychological approach to Gothic fiction which currently prevails demonstrating the importance of geographical historical and discursive factors that have been largely neglected by critics and employing a variety of original sources to demonstrate the contexts of Gothic fiction and explain its development in the Victorian period

Exploring Moral Problems Steven M. Cahn,Andrew Forcehimes,2018 Exploring Moral Problems

is an up to date inclusive collection of readings on contemporary moral problems covering both standard issues and often neglected topics Each reading has been expertly edited to make them accessible to students with no prior exposure to philosophy

The Witcher and Philosophy Matthew Brake, Kevin S. Decker, 2024-09-20 Embark on a revealing philosophical journey through the universe of The Witcher If I m to choose between one evil and another I d rather not choose at all growls the mutant witcher Geralt of Rivia Andrzej Sapkowski s Witcher books lay bare the adventures of monster hunters like Geralt who seek to avoid humanity s conflicts and live only for the next kill and the coin that comes with it But Geralt s destiny is complicated by his relationship with a powerful sorceress Yennefer of Vengerberg When he connects with a displaced princess Ciri Geralt lands right in the middle of the political conflicts of the Continent which is endangered by Nilfgaard a domineering southern kingdom that threatens to conquer the world Part of the Blackwell Philosophy and Pop Culture series The Witcher and Philosophy brings on twenty seven philosophers to test their mettle against werewolves the bruxa strigas vodyanoi and kikimora their work addresses the phenomenally popular books three standalone Witcher video games and the hit Netflix streaming show These authors pass on their fascination with all manner of horror and sorcery the mutations that make Geralt and others witchers the commonalities between the Continent and post apocalyptic settings the intricacies of political power and scandal in the world of The Witcher and reflections of our own world s changing views on race and gender that might offer hope or portend a grim future Engaging and accessible The Witcher and Philosophy considers key themes and questions such as Who is human and who is a monster Can Geralt afford to stay neutral What kind of politics do sorceresses engage in How many universes converge on the Continent If we stare long enough into the abyss does it stare back into us Silver or steel Destiny is just the embodiment of the soul s desire to grow says Jaskier the bard proving himself to be a natural philosopher The tales of The Witcher remind us that our lives are a play written by both choice and destiny And it is your destiny to read and be inspired by The Witcher and Philosophy

The Monster Always Returns Christian Knöppler, 2017-02-15 The monsters of the horror genre never remain dead they invariably return in new and terrifying shapes for another installment In this study Christian Knöppler explores the phenomenon of horror film remakes He argues that even though these derivative films typically earn little praise from critics their constant refiguration of monsters and horror scenarios serves to access and update otherwise obscure cultural fears With an in depth examination of six sample sequences of films and remakes this book aims to shed new light on a much maligned and often neglected type of film and promises fresh insights to scholars and aficionados alike

Rough Beasts Jack Fennell, 2019 This book looks at Irish Gothic and horror texts in both English and Irish from the beginning of the nineteenth century to the end of the twentieth Each selected work is considered in its historical context to illustrate the historiographical role of horror and monstrosity in Irish fiction

The Philosophy of the Active and Moral Powers of Man Dugald Stewart, 1868 Against Liberalism John Kekes, 2018-10-18 Liberalism is doomed to failure John Kekes argues in this penetrating criticism of its basic

assumptions Liberals favor individual autonomy a wide plurality of choices and equal rights and resources seeing them as essential for good lives They oppose such evils as selfishness intolerance cruelty and greed Yet the more autonomy equality and pluralism there is Kekes contends the greater is the scope for evil According to Kekes liberalism is inconsistent because the conditions liberals regard as essential for good lives actually foster the very evils liberals want to avoid and avoiding those evils depends on conditions contrary to the ones liberals favor Kekes argues further that the liberal conceptions of equality justice and pluralism require treating good and evil people with equal respect distributing resources without regard to what recipients deserve and restricting choices to those that conform to liberal preconceptions All these policies are detrimental to good lives Kekes concludes that liberalism cannot cope with the prevalence of evil that it is vitiated by inconsistent commitments and that contrary to its aim liberalism is an obstacle to good lives
