Proper Deafinitions Betsy Warland,1990 **Lend Me Your Ear** Brenda Jo Brueggemann,1999 Brueggemann s assault upon this long standing rhetorical conceit is both erudite and personal she writes both as a scholar and as a hard of hearing woman In this broadly based study she presents a profound analysis and understanding of rhetorical tradition s descendent disciplines that continue to limit deaf people such as audiology and speech language pathology **The Deaf Community in America** Melvia M. Nomeland,Ronald E. Nomeland,2011-12-23 The deaf community in the West has endured radical changes in the past centuries This work of history tracks the changes both in the education of and the social world of deaf people through the years Topics include attitudes toward the deaf in Europe and America and the evolution of communication and language Of particular interest is the way in which deafness has been increasingly humanized rather than medicalized or pathologized as it was in the past Successful contributions to the deaf and non deaf world by deaf individuals are also highlighted Instructors considering this book for use in a course may request an examination copy here The NIH Record ,1994 *Kid-friendly Parenting with Deaf and Hard of Hearing Children* Daria J. Signs of Hope Donna West, 2012-01-17 Winner of the 2013 Outstanding Qualitative Book Award by the International Congress of Qualitative Inquiry *Signs of Hope* tells the story of a narrative inquiry with three deafhearing families For many of us deafness represents loss and silence For others being deaf is a genetic quirk an opportunity for learning spiritual adventure and reward For yet others it is the most natural thing in the world a connection to a genealogical layer of signing ancestors and the continuation of a culture Amid the noise of mainstream medical and educational discourses of deafness here are family voices demanding to be heard whether spoken or signed that challenge audiological and surgical intervention that call for scrutiny and critique of inclusive deaf related pedagogical practices that rail against marginalisation of members of minority cultures Over four years Donna West has recorded the stories of three families who wish to counter and resist what they see as damaging misconceptions and discriminatory constructions of deafness and deafhearing family life Here spaces are created that respect and acknowledge human beings adults children deaf hearing as storytellers The poetic and performative narratives at the heart of this book reveal not only the ways in which hurtful definitions of and discrimination towards deaf people and signing deafhearing families is destabilised but also the ways in which celebration of deaf culture and sign language are affirming and vital for healthy family life

Older Americans Information Directory, 1999 *Understanding Deaf Culture* Paddy Ladd, 2003-02-18 This book presents a Traveller's Guide to Deaf Culture starting from the premise that Deaf cultures have an important contribution to make to other academic disciplines and human lives in general Within and outside Deaf communities there is a need for an account of the new concept of Deaf culture which enables readers to assess its place alongside work on other minority cultures and multilingual discourses The book aims to assess the concepts of culture on their own terms and in their many

guises and to apply these to Deaf communities The author illustrates the pitfalls which have been created for those communities by the medical concept of deafness and contrasts this with his new concept of Deafhood a process by which every Deaf child family and adult implicitly explains their existence in the world to themselves and each other

Is Canada Postcolonial? Laura Moss, 2009-08-01 How can postcolonialism be applied to Canadian literature In all that has been written about postcolonialism surprisingly little has specifically addressed the position of Canada Canadian literature or Canadian culture Postcolonialism is a theory that has gained credence throughout the world it is be productive to ask if and how we as Canadians participate in postcolonial debates It is also vital to examine the ways in which Canada and Canadian culture fit into global discussions as our culture reflects how we interact with our neighbours allies and adversaries This collection wrestles with the problems of situating Canadian literature in the ongoing debates about culture identity and globalization and of applying the slippery term of postcolonialism to Canadian literature The topics range in focus from discussions of specific literary works to general theoretical contemplations The twenty three articles in this collection grapple with the recurrent issues of postcolonialism including hybridity collaboration marginality power resistance and historical revisionism from the vantage point of those working within Canada as writers and critics While some seek to confirm the legitimacy of including Canadian literature in the discussions of postcolonialism others challenge this very notion

Multicultural Dilemmas Wojciech Kalaga, Marzena Kubisz, 2008 Multiculturalism has recently become a word without which hardly any discussion of identity nationality or historical and ideological narratives seems possible However the popularity of this word and its current usefulness should not obscure the fact that the concept itself is not an easy and obvious one many apparently firm assumptions have been disputed from a multicultural perspective while there are still a great number of social cultural and political spheres which need to be re defined and re articulated as some dominant notions and symbols have been subverted by recognition of the diversity of subjective positions and cultural identities The concept of multiculturalism assumes that our identities both individual and collective are shaped by our relationships with others This volume addresses issues of multiculturalism and identity in culture and reveals a wide spectrum of perspectives from which we look at the Other the Unfamiliar the Unknown It is an attempt to reveal the patterns and practices our culture has used in order to envisage negate or welcome the Other and seeks to contribute to the ongoing discussion about multiculturalism
