## **More Goon Show Scripts:**

More Goon Show Scripts Spike Milligan, 1975      **More Than a Music Box** Andrew Crisell, 2006 Showing how in North America the United Kingdom Europe Australia and the South Pacific radio provides distinctive forms of content for the individual listener this volume also shows how it enables ethnic and cultural groups to maintain their sense of identity It suggests that the benefits and gratifications which radio confers remain unique      **The Life and Death of Peter Sellers** Roger Lewis, 2025-07-17 A fascinating tragic and instructive story vividly told Sunday Telegraph Roger Lewis in his no holds barred biography exposes a Peter Sellers the world little knows Recognized as the greatest British comic since Charlie Chaplin Sellers was the grand master of fifty five films from Dr Strangelove to Being There and the Pink Panther hits But shadowing his phenomenal career was a history of increasingly bizarre behaviour involving psychotic violence compulsive promiscuity drug abuse and humiliating self destructive obsessions with people including Princess Margaret Sophia Loren Liza Minnelli and each of his four wives Ann Hayes Britt Ekland Miranda Quarry and Lynne Frederick He alternately showered his wives and children with gifts and then threatened to kill them Sellers fluidity as an actor made for a terrifying madness that grew like a slow metastasizing cancer throughout his adult life The Life and Death of Peter Sellers concludes with his premature death at the age of 54 sick at heart and alone in those sunless hotel rooms so recoiled from intimacy that no one really knew him anymore PRAISE FOR THE LIFE AND DEATH OF PETER SELLERS It is a mad book but then the subject is a madman I love Lewis s passion I recommend it Sunday Times Reinventing the genre as well as reassessing its subject with formidable intelligence this book is a remarkable achievement Literary Review      **Play Index** Estelle A. Fidell, 1973      **Humour in Society** George E Paton, Chris Powell, 1988-04-18      **Encyclopedia of British Humorists** Steven H. **Encyclopedia of Radio 3-Volume Set** Christopher H. Sterling, 2004-03-01 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio s technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined      **Lennon** Tim Riley, 2011-09-20 In his commanding new book the eminent NPR critic Tim Riley takes us on the remarkable journey that brought a Liverpool art student from a disastrous childhood to the highest realms of fame Riley portrays Lennon s rise from Hamburg s red light district to Britain s Royal Variety Show from the charmed naiveté of Love Me Do to the soaring ambivalence of Don t Let Me Down from his shotgun marriage to Cynthia Powell in 1962 to his epic media romance with Yoko Ono Written with the critical insight and stylistic mastery readers have come to expect from Riley this richly textured narrative draws on numerous new

and exclusive interviews with Lennon's friends, enemies, confidantes and associates, lost memoirs written by relatives and friends as well as previously undiscovered City of Liverpool records. Riley explores Lennon in all of his contradictions: the British art student who universalized an American style; the anarchic rock n' roller with the moral spine; the anti-jazz snob who posed naked with his avant-garde lover; and the misogynist who became a househusband. What emerges is the enormous seductive and confounding personality that made Lennon a cultural touchstone. In *Lennon*, Riley casts Lennon as a modernist hero in a sweeping epic dramatizing rock history anew as Lennon himself might have experienced it. [It's All In The Mind](#) Julie Warren, 2020-04-16 British popular culture would probably be very different had Larry Stephens not been born. We could now be living in a world without the Carry On films or Monty Python, and we may never have heard of Tony Hancock, Peter Sellers or Spike Milligan. Stephens' promising career as a jazz pianist was interrupted by the war, and after serving as an officer with the commandos, he moved to London and struck up a friendship with Tony Hancock, becoming the sole writer of his stage material. Hancock introduced him to Peter Sellers, Harry Secombe, Spike Milligan and Michael Bentine, and together they created *The Goon Show*, arguably the world's most influential comedy programme. As one of the main writers throughout its nine-year run, Stephens' experiences and acquaintances became themes and characters within the show. For the first time, the life and work of this unsung hero of British comedy has been thoroughly explored. Using unrivalled access to Larry Stephens' personal archive of letters, photographs and artwork, plus interviews with Stephens' many notable friends, family members, comrades and colleagues, *It's All In The Mind* tells the story of a boy from the Black Country whose short life had an enduring impact. [The Language of Jokes](#) Delia Chiaro, 2006-12-05 In this highly readable and thought-provoking book, Delia Chiaro explores the pragmatics of word play using frameworks normally adopted in descriptive linguistics. Using examples from personally recorded conversations, she examines the structure of jokes, quips, riddles and asides. Chiaro explores degrees of conformity to and deviation from established conventions, the tellability of jokes and the interpretative role of the listener, the creative use of puns, word play and discourse. The emphasis in her analysis is on sociocultural contexts for the production and reception of jokes, and she examines the extent to which jokes are both universal in their appeal and specific to a particular culture. *Understanding Radio* Andrew Crisell, 2006-05-23 a highly imaginative and often very entertaining book which probably says more than any other available text about the limitations and possibilities of present forms of radio. Professor Laurie Taylor on the first edition of *Understanding Radio*. *Understanding Radio* is a fully revised edition of a key radio textbook. Andrew Crisell explores how radio processes genres such as news, drama and comedy in highly distinctive ways and how the listener's use of the medium has important implications for audience studies. He explains why the sound medium, even more than television, has played such a crucial role in the development of modern popular culture. The book also introduces students to the broadcasting landscape in a time of great change for national and local radio provision. *Understanding Radio* will be essential reading both to students of media and to those with a practical

involvement in programme production This new edition includes a revised history of radio bringing the reader right up to date a brand new chapter on talk and music radio the format adopted by many of the new stations Andrew Crisell lectures in communication and media studies at the University of Sunderland He has written widely on radio and co founded Wear FM winner of the 1992 Sony Radio Station of the Year award
