*Water Is Thicker than Blood* Jana Marguerite Bennett, 2008-03-04 This book considers how homes households and domestic life are related to the Church Early theologies glorified the monastic lifestyle as a way to transcend earthly attachments in favor of supernatural goods Contemporary thinkers have seen that functioning marriages and families themselves can lead us toward a more righteous society Jana Bennett insists that both marriage and singleness must be placed in the context of the Christian story of redemption for the questions and problems at stake to be fully understood She finds that Augustine of Hippo maligned by modern theologians is the source of very fruitful reflection on these topics Most scholars today would agree that Augustine s works have exerted great influence on Western views of marriage family and sex But many would argue that this influence has been detrimental

to a healthy understanding of these topics However using Augustine s writing Bennett shows that marriage and singleness cannot be considered separately that gender issues are important to considering these states correctly and most important that the marriage between Christ and the Church is the first consideration in understanding and living these states of life The water of baptism Christians first birth and initiation into the life of Christ is the primary standard for relationships rather than familial ties

*Engaging the Doctrine of Marriage* Matthew Levering,2020-08-12 This book is the next volume in Levering s Engaging Doctrine series The prior volume of the series examined the doctrine of creation The present volume examines the purpose of creation the marriage of God and humans God created the cosmos for the purpose of the marriage of God and his people and through his people the marriage of God and the entire creation Given that the central meaning or prime analogate of marriage is the marriage of God and humankind the study of human marriage needs to be shaped by this eschatological goal and foregrounded as a dogmatic theme After a first chapter defending and explaining the biblical witness to the marriage of God and his people the book explores various themes marriage as an image of God original sin as the fall of the primordial marriage the cross of Jesus Christ and marital self sacrificial love the procreative and unitive ends of marriage marriage as a sacrament and marriage s importance for social justice and for the upbuilding of the kingdom of God Along the way the book provides an introduction to the key biblical patristic medieval modern and contemporary thinkers and controversies regarding the doctrine of marriage

**Beginning from Man and Woman** Bernard K. Wong,2017-04-30 Engaging with contemporary thought on love and the family Bernard Wong argues that our notion of love has been deeply influenced by modern technological culture and political ideologies leading to the detriment of familial relationships Dr Wong demonstrates how Christian doctrines can be used to critique and resist these ideologies Through a careful analysis of Christ s love expressed in his life death and

resurrection the author presents a notion of Christ's love bearing the characteristics of fraternal incarnational and unfolding love. These aspects of Christ's love are pertinent to the relationships between husbands and wives, parents and children, and families and their neighbours. It is through practicing Christ's love that Christians strengthen their familial relationships and bear witness to Christ in the world. *Ministering Spiritually to Families* William Jeynes, Enedina Martinez, 2015-01-10. This book combines the research on spiritual ministering with the practice of counseling families. It examines such topics as how to prepare for marriage, how to keep a marriage, divorce, proof, and how parents influence children and vice versa. In its quest to discover what makes families thrive, the book addresses and compares best parenting practices and describes interventions that help the development of family ties over a large span of the life course. It offers guidance to families through several stages of family life: Pre-marital, marital, and raising children and adolescents. It makes clear that what constitutes an effective parent changes over the life course. *The Hermeneutical Spirit* Amos Yong, 2017-11-06. In the contemporary biblical studies climate, proposals regarding the theological interpretation of Scripture are contested, particularly but not only because they privilege, encourage, and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood. Within this context, confessional approaches have been emerging, including some from within the nascent pentecostal theological tradition. This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post-Pentecost, meaning after the Day of Pentecost, outpouring of the Spirit on all flesh in anticipation of the coming reign of God. In that respect, such a pentecostal interpretative perspective is not parochial for those within the modern-day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus, the messiah, and therefore has ecumenical and missional purchase across space and time. *The Hermeneutical Spirit* thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty-first century global context. *Catholic Moral Theology and Social Ethics* Christina Astorga, 2013-12-01. Proposing a new method for moral theology, Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise, including scripture, dogmatic theology, social ethics, and spirituality. **The Living Church**, 1942. **The Morality of Adoption** Timothy Patrick Jackson, 2005. The Religion, Marriage, and Family Series investigates marriage and family as major theological and cultural issues. Given that both society and the church have debated these topics intensely but have actually studied them very little, this series attempts to correct recent theological neglect of these important matters. **Getting Serious about Getting Married** Debbie Maken, 2006. The biblical benefits of marriage and God's command to marry have been severely downplayed in churches today. Maken addresses this issue and prompts men and women to remember the Creator designed humans to feel incomplete without a spouse. Relationships **God, Sex, and**

**Gender** Adrian Thatcher, 2011-03-29 Engagingly and clearly written by a highly respected theologian *God Sex and Gender* is the first comprehensive introduction to a theology of both sexuality and gender available in a single volume. Makes a theological contribution to understanding the unprecedented changes in sexual and gender relationships of the last fifty years. Discusses many topics including sexual difference, sexual equality, gender and power, the nature of desire, the future of marriage in Christian sexual ethics, homosexuality and same sex unions, the problems of sexual minorities, contraception in a time of HIV/AIDS, the separation of sexual experience from marriage and offers new arguments for marriage and for chastity. Offers a consistent and engaging introduction at the cutting edge of theological inquiry which is contemporary, undogmatic, questioning and relevant to readers' experience, interests and needs. Written lucidly and engagingly by an established and respected academic who has published widely in this area.

**A Graceful Embrace: Theological Reflections on Adopting Children**, 2017-11-20 This book significantly deepens the contemporary discussion of the theology and practice of adopting children. Though adoption appears prominently in Scripture, contemporary adoption practice has thus far proceeded without serious theological engagement. This book seeks to fill this gap by offering a theological and ethical perspective on adoption that not only clarifies and complicates contemporary understandings of adoption but also throws fresh light on family, community, vocation and even what it means to be human. Both interdisciplinary and international, the volume brings together theologians and ethicists from Europe, the UK, Canada and the United States. A rich set of reflections from both practical and theoretical perspectives offers a unique and uniquely insightful vision of Christian adoption. Contributors are Dale P. Andrews, Jana Marguerite Bennett, Marco Derks, R. Ruud Ganzevoort, Bill McAlpine, Kirsten Sonkyo Oh, Sarah Shea, Paul Shrier, Henning Theißen, Hans G. Ulrich, Karin Ulrich, Eschemann, Heather Walton, Brent Waters, Nick Watson.

**T&T Clark Handbook of Christian Ethics** Tobias Winright, 2020-12-10 The T & T Clark Handbook of Christian Ethics provides an ecumenical introduction to Christian ethics, its sources, methods and applications. With contributions by theological ethicists known for their excellence in scholarship and teaching, the essays in this volume offer fresh purchase on and an agenda for the discipline of Christian ethics in the 21st century. The essays are organized in three sections following an introduction that presents the four font approach and elucidates why it is critically employed through these subsequent sections. The first section explores the sources of Christian ethics, including each of the four fonts: scripture, tradition, experience and reason. The second section examines fundamental or basic elements of Christian ethics and covers different methods, approaches and voices in doing Christian ethics, such as natural law, virtue ethics, conscience, responsibility, narrative, worship and engagement with other religions. The third section addresses current moral issues in politics, medicine, economics, ecology, criminal justice and other related spheres from the perspective of Christian ethics, including war, genetics, neuroethics, end of life decisions, marriage, family, work, sexuality, nonhuman animals, migration, aging, policing, incarceration, capital punishment and more.

**Theological Bioethics** Lisa Sowle Cahill, 2005-11-16 The field of bioethics was deeply influenced by religious thinkers as

it emerged in the 1960s and early 1970s. Since that time, however, a seemingly neutral political liberalism has pervaded the public sphere, resulting in a deep suspicion of those bringing religious values to bear on questions of bioethics and public policy. As a theological ethicist and progressive Catholic, Lisa Sowle Cahill does not want to cede the religious perspective to fundamentalists and the pro-life movement, nor does she want to submit to the gospel of a political liberalism that champions individual autonomy as holy writ. In *Theological Bioethics*, Cahill calls for progressive religious thinkers and believers to join in the effort to reclaim the best of their traditions through jointly engaging political forces at both community and national levels. In Cahill's eyes, just access to health care must be the number one priority for this type of participatory bioethics. She describes a new understanding of theological bioethics that must go beyond decrying injustice, beyond opposing social practices that commercialize human beings, beyond painting a vision of a more egalitarian future. Such a participatory bioethics, she argues, must also take account of and take part in a global social network of mobilization for change; it must seek out those in solidarity, those involved in a common calling to create a more just social, political, and economic system. During the past two decades, Cahill has made profound contributions to theological ethics and bioethics. This is a magisterial and programmatic statement that will alter how the religiously inclined understand their role in the great bioethics debates of today and tomorrow that yearn for clear thinking and prophetic wisdom.
