MORE NINETEENTH CENTURY STUDIES BASIL.

WILLEY,2018 *Protestant Thought in the Nineteenth Century, Volume 1* Claude Welch,2003-12-12 This comprehensive study analyzes the theological concerns of the major Protestant thinkers in Europe and the United States during the early part of the nineteenth century The discussion ranges from such influential literary religious thinkers as Carlyle and Emerson to theological critics such as Feuerbach and Kierkegaard **The Victorian Frame of Mind, 1830-1870** Walter E.

Houghton,2014-10-29 It is now forty years Walter Houghton writes since Lytton Strachey decided that we knew too much about the Victorian era to view its culture as a whole Recently the tide has turned and the Victorians have been the subject of sympathetic period pieces critical and biographical works and extensive studies of their age but the Victorian mind itself remains blurred for us a bundle of various and often paradoxical ideas and attitudes Mr Houghton explores these ideas and attitudes studies their interrelationships and traces their simultaneous existence to the general character of the age His inquiry is the more important because it demonstrates that to look into the Victorian mind is to see some of the primary sources of the modern mind *Julia Wedgwood, The Unexpected Victorian* Sue Brown,2022-03-08 Though Julia Wedgwood

is still remembered as a commentator on the work of her uncle Charles Darwin and for her brief but intense friendship with Browning her contemporary standing as a writer the thoughtful woman par excellence has been obscured as has her role in the pioneering days of women s higher education and the first campaigns for female suffrage Based on her extensive correspondence and unusually wide ranging work this biography unites the private person and the public writer It also looks at her many relationships with leading Victorian cultural figures including not only Darwin and Browning but George Eliot Mrs Gaskell Harriet Martineau Frances Power Cobbe F D Maurice Richard Hutton Arthur Munby and the young E M Forster It considers the challenges facing a single deaf Victorian woman in establishing her own independent but unconventional life

The English Hymn J. R. Watson,1997-07-10 D H Lawrence writing of the poems that had meant most to him said that they were still not woven so deep in me as the rather banal Nonconformist hymns that penetrated through and through my childhood It is not easy to account for this and most writing about hymns has not helped because it has concentrated on their content and function in worship and liturgy In the present book the author tries to account for feelings like Lawrence s by examining the hymn form and its progress through the centuries from the Reformation to the present day He begins by discussing the status of a hymn text and relates it to the demands made upon it by the needs of singing A chronological study then traces the development of the English hymn from the metrical psalms of the Reformation through the seventeenth century and Isaac Watts to the Wesleys Cowper Toplady and others and then to the great flood of hymn writing that occurred during the Victorian period together with the great success of Hymns Ancient and Modern There are chapters on American hymnody and women s hymn writing and sections on gospel hymns and the translation of German hymnody A final chapter

takes the story into the twentieth century with a brief postscript on the revival of hymn writing since 1960 **British Historians and National Identity** Anthony Leon Brundage, 2015-10-06 Two eminent scholars of historiography examine the concept of national identity through the key multi volume histories of the last two hundred years Starting with Hume's History of England 1754-62 they explore the work of British historians whose work had a popular readership and an influence on succeeding generations of British children The Transatlantic Persuasion Robert Kelley, 2020-02-18 This pioneering work is the basic and largely unmatched study of the single transatlantic community of thought shared by nineteenth century British and Canadian Liberals and American Democrats The result of more than ten years of comparative research The Transatlantic Persuasion explores the roots of those ideas that comprise a coherent Liberal Democratic worldview ideas about society human relations the economy equality liberty the ethnocultural dimension of life the proper role and nature of government and the world community **Names and Stories** Kali Israel, 2002-09-26 Emilia Dilke 1840-1904 was christened Emily Francis Strong and known by her middle name throughout her childhood as the daughter of an army officer cum bank manager in Iffley England near Oxford and her days as an art student in London During her first marriage she was Francis Pattison or Mrs Mark Pattison while her published works of art history and criticism were neutrally signed E F S Pattison Later in the 1870s she privately changed her first name to Emilia a switch made public when she remarried in 1885 By this second nuptial union she became Lady Dilke the famous intellectual feminist art critic author and eventually the active and popular President of the Women's Trade Union League for nearly twenty years A rich work of biography literary criticism aesthetic history and sociocultural inquiry Names and Stories traces the life of this fascinating and remarkable woman as it was lived under many different appellations and guises In doing so the book investigates the full spectrum of nineteenth century British thought and custom By studying not only an individual life but the many stories that informed determined and challenged that life author Kali Israel considers Dilke as both subject and object author and character player and pawn in the Victorian world of which she was a part As they are chronicled explained and contextualized in this book these stories however they were created told or interpreted move through realms both historical and fictional Israel's central character experienced not one but two highly visible marriages marked by rampant gossip high profile sex scandals and inconclusive courtroom battles was considered by some to be the model for the character of Dorothea in Eliot's Middlemarch and similarly appeared in many other novels plays and even poems in her own time and up through the mid twentieth century Names and Stories is not a conventional life and times book even though it recounts a birth to death adventure that is both unique and epochal Rather the work utilizes Dilke's myriad narratives as the means to broader critical historical and theoretical engagements Debating the very nature of life study and biography writing Israel employs a wide array of published and primary sources to argue that the names and stories of Emilia Dilke can help us understand key conflicts and tensions within Victorian Britain as well as ongoing cultural arguments This book thus examines several nineteenth century pressure points

in this light among them gender representation authority authorship knowledge and political thought Israel's contemporary and cross disciplinary study also illuminates such broader themes as the family the body narrative figuration and historical writing and reading

Founding the Fathers Elizabeth A. Clark, 2011-04-12 Through their teaching of early Christian history and theology Elizabeth A Clark contends Princeton Theological Seminary Harvard Divinity School Yale Divinity School and Union Theological Seminary functioned as America's closest equivalents to graduate schools in the humanities during the nineteenth century These four Protestant institutions founded to train clergy later became the cradles for the nonsectarian study of religion at secular colleges and universities Clark one of the world's most eminent scholars of early Christianity explores this development in *Founding the Fathers* Early Church History and Protestant Professors in Nineteenth Century America Based on voluminous archival materials the book charts how American theologians traveled to Europe to study in Germany and confronted intellectual currents that were invigorating but potentially threatening to their faith The Union and Yale professors in particular struggled to tame German biblical and philosophical criticism to fit American evangelical convictions German models that encouraged a positive view of early and medieval Christianity collided with Protestant assumptions that the church had declined grievously between the Apostolic and Reformation eras Trying to reconcile these views the Americans came to offer some counterbalance to traditional Protestant hostility both to contemporary Roman Catholicism and to those historical periods that had been perceived as Catholic especially the patristic era

Style and Civilization Linda
