Carnes, 1996-11-15 Essays that consider how classic movies have reflected history include the writings of such noted historians as Paul Fussell Antonia Fraser and Gore Vidal **Diary of an Unforgettable Season** Steve Snapp, 2007-10 The expectations and the stakes are always sky high when Ohio State University prepares to begin a new football season For much of this decade the Buckeyes have entered the season with very real and realistic national championship hopes Those hopes became a reality in 2002 and in subsequent years were dashed only by the slightest of margins Then came 2006 when the expectations again were nothing less than a perfect season and a BCS bowl berth for the national title OSU's associate athletic director Steve Snapp knew this back in the spring of 2006 which is when he began to pen his personal diary of one of the most memorable seasons in Buckeyes history His insider's account of the magical 12-0 regular season and the stunning loss to Florida in the national championship game gives fans a rare birds eye view of the blood sweat tears and love that go into the making of a championship caliber college football team Follow the historic season from Snapp's personal accounts that recollect the preseason hype the spring practices the non conference schedule and then the rigorous climactic Big Ten slate that ended dramatically with the annual showdown against Michigan Diary of an Unforgettable Season also details the 51 days between games and OSU's mental and physical preparation for a national title game that went horribly awry Readers will not only feel like they've been through a big time college football season they will also share the bumps bruises scars triumphs and disappointments that go along with being a player on the grand stage **Watershed** Eric R. Riddle, 2009 Watershed Service in the Wake of Disaster was written with the help of many individuals who have the same goal of describing how Indiana was able to recover from devastating 2008 flooding and tornadoes With three presidentially declared disasters nearly every county in the state of Indiana was directly affected A goal for the book is to help other communities prepare for and recover from disaster Bartholomew County was not prepared for the flood The majority of Watershed focuses on Columbus as a case study for coping with disaster without the benefit of a pre established response and recovery plan

Columbus has learned and will be prepared for future disaster situations. The key learning from the flood recovery and improvements to our local community are also discussed. After failing to find available resources on the subject of local disaster recovery, I felt God call me to write *Watershed*. I was at a unique place in my life because my employer, Columbus Regional Hospital, was closed for four months due to the flood and allowed me to pursue my passion of flood recovery during that time. The research from the book includes extensive coverage from the Columbus newspaper *The Republic*, minutes that I took as Secretary of the Bartholomew County Long Term Flood Recovery Team, and over 40 recorded interviews. I interviewed flood-affected individuals, leaders of nonprofit agencies, and members of the Indiana Volunteer Organizations Active in Disaster (INVOAD). The book highlights 17 nonprofit leaders whose organizations played a key role in recovering from the 2008 disasters. From the proceeds of *Watershed*, I will donate 90% of the net profits to these organizations. The 17 essays in the book add variety and depth to a disaster recovery that requires more than one perspective to accurately convey the complexity of the experience.
