More Little Missionaries:

More Little Missionaries Mary R. Miller, 1982 **Joselito and The Three Little Missionaries** Sandra Márquez, 2021-10-09 Joselito and the Three Little Missionaries is a children's story about unique beings sent on a mission to planet Earth. They came to help a child named Joselito return home. In this adventure, the missionaries, their friends, and Joselito learn to know themselves and each other better. It may seem that dreams are impossible to achieve, but if we have faith and persevere, obstacles will not keep us from our goals, no matter our size or who we are. *Donahoe's Magazine*, 1890 **Panoplist, and Missionary Magazine**, 1851 *The Missionary Herald*, 1825 Vols for 1828-1934 contain the Proceedings at large of the American Board of Commissioners for Foreign Missions **The Encyclopedia of Missions** Edwin Munsell Bliss, Henry Otis Dwight, Henry Allen Tupper, 1904 **Little Known Tales in Hawaii History** Alton Pryor, 2004 *Crusaders of the Jungle* J. Fred Rippy, Jean Thomas Nelson, Willis Physioc, 2019-07-23 A challenge came to the Spanish Kings with the discovery of the New World: a challenge to the conquest of empire for Spain, of souls for the Holy Mother Roman Catholic Church. And like the conquistadores, the Spanish padres received the challenge eagerly. Armed with breviary and crucifix, inspired by an undying faith, they went forth to conquer the legions of Satan beyond the Ocean Sea. In South America, the padres found no El Dorado, no fabled cities of gold, but only tribes of naked savages dwelling in a Green Hell. The Guarani Indians of Paraguay named their children in a repulsive ceremony at which both parents and children partook of a soup made from the flesh of a prisoner of war. Indians of the Marañon ate such of their relatives as died of sickness. The Mojos often buried their children alive to avoid the burden of rearing them. And the Jibaros decapitated their enemies and shrunk their skulls to drive out the soul. It was the perilous duty of the missionaries to persuade these heathens to give up their savage practices without themselves becoming victims. And besides the atrocities of the Indians, the brave friars encountered other severe obstacles. There were countless difficult dialects to be learned. Strange maladies afflicted the padres. Father Fritz suffered a prolonged illness attended only by an Indian boy and visited by rats and a crocodile. Native food was often repulsive to the Spaniards. Father Lucas de la Cueva, with great difficulty, overcame his prejudice against food.

Home Mission Monthly, 1898 **Nineteenth-Century Religion, Literature and Society** Naomi Hetherington, Rebecca Styler, Angharad Eyre, Richa Dwor, Clare Stainthorpe, 2021-11-09 This four-volume historical resource provides new opportunities for investigating the relationship between religion, literature, and society in Britain and its imperial territories by making accessible a diverse selection of harder-to-find primary sources. These include religious fiction, poetry, essays, memoirs, sermons, travel writing, religious ephemera, unpublished notebooks, and pamphlet literature. Spanning the long nineteenth century (c. 1789-1914), the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion. A key concern of the resource is to integrate non-Christian religions into our understanding and representations of religious life in this period. Each volume is framed around a different meaning of the

term religion Volume one on Traditions offers an overview of the different religious traditions and denominations present in Britain in this period Volume two on Mission and Reform considers the social and political importance of religious faith and practice as expressed through foreign and domestic mission and philanthropic and political movements at home and abroad Volume three turns to Religious Feeling as an important and distinct category for understanding the ways in which religion is embodied and expressed in culture Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces The resource is aimed primarily at researchers and students working within the fields of literature and social and religious history It supplies an interpretative context for sources in the form of explanatory headnotes to each source or group of sources and volume introductions that explore overarching themes Each volume can be read independently but they work together to elucidate the complex and multi faceted nature of nineteenth century religious life
