More Political Babble David Olive, 2008-05-02 I was dramatically shaped by my grandmother and my aunts because they convinced me there was always a cookie available Deep down inside I m four years old and I wake up and think out there there s a cookie Every morning I m going you know either it can be baked or it s already been bought but it s in a jar somewhere Newt Gingrich in 1994 from his Renewing American Civilization Lecture Series Picking up where its hilarious predecessor left off this wickedly witty new treasure trove of outbursts bon mots and miscalculations draws from every corner of the political arena foreign affairs the White House the scandals the media the campaign trail and more The laughs come from politicians past and present including Republican presidential hopefuls Bob I don t think I m mean I don t throw things at my wife or staff Dole and Phil I m carrying so much pork I m beginning to get trichinosis Gramm David Olive proves beyond a doubt that oral ineptitude knows no political affiliation and that even history s most revered politicians could at times put foot firmly in mouth The great Sir Thomas More once said Anyone who deliberately tries to get himself elected to public office is permanently disqualified from holding one After reading this priceless compendium we re sure you ll agree Or perhaps President Clinton s campaign adviser Paul Begala put it best Politics is show business for ugly people Well I don t have much job security Bill Clinton on why he still plays the saxophone If I want to knock a story off the front page I just change my hairstyle Hillary Clinton I understand my critics are fixated and pathologically disoriented but they are my opponents Why should I try to correct them Newt Gingrich We ve never had a president named Bob And I think it s time Bob Dole I ve got a lot to learn about Washington Why yesterday I accidentally spent some of my own money Senator Fred Thompson Let me win the election and after that you come ask me questions about how I run a government Canadian Prime Minister Jean Chretien Last year I was Bambi this year Stalin From Disneyland to dictatorship in twelve short months British Labor Party Leader Tony Blair

Saturday Review of Politics, Literature, Science and Art ,1869 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1869 **Politics, Language, and Thought** David D. Laitin,1977-05 When the Somali Republic received independence its parliamentary government decided to adopt three official languages English Italian and Arabic all languages of foreign contact Since the vast majority of the nation's citizens spoke a single language Somali which then had no written form this decision made governing exceedingly difficult Selecting any one language was equally problematic however because those who spoke the official language would automatically become the privileged class Twelve years after independence a military government was able to settle the acrimonious controversy by announcing that Somali would be the official language and Latin the basic script It was hoped that this choice would foster political equality and strengthen the national culture *Politics Language and Thought* is an exploration of how language and politics interrelate in the Somali Republic Using both historical and experimental evidence David D Laitin demonstrates that the choice of an official language may significantly affect the course of a country's political development Part I of Laitin's study is an attempt

to explain why the parliamentary government was incapable of reaching agreement on a national script and to assess the social and political consequences of the years of nondecision Laitin shows how the imposition of nonindigenous languages produced inequalities which eroded the country's natural social basis of democracy Part 2 attempts to relate language to political thought and political culture Analyzing interviews and role playing sessions among Somali bilingual students Laitin demonstrates that the impact of certain political concepts is quite different when expressed in different languages He concludes that the implications of choosing a language are far more complex than previously thought because to change the language of a people is to change the ways they think and act politically Saturday Review of Politics, Literature, Science and Art ,1912 **Jews and Australian Politics** Geoffrey Brahm Levey,2004-12-13 Explains the contemporary politics of Australian Jewry This book situates the politics of Australian Jews through comparisons with general patterns in Australian politics the politics of other minorities in Australia and the politics of other Western Jewish communities It contains an appendix of Jewish Parliamentarians Access ,1997 *The Sphynx.
