Edited and Introduced by Robert Gellately

# Nuremberg Interviews

**Rex Bashford**

## Nuremberg Interviews:

**The Nuremberg Interviews** Leon Goldensohn, 2007-12-18 During the Nuremberg trials Leon Goldensohn a U S Army psychiatrist monitored the mental health of two dozen Germans leaders charged with carrying out genocide These recorded conversations went largely unexamined for more than fifty years until Robert Gellately one of the premier historians of Nazi Germany made them available to the public in this remarkable collection Here are interviews with the likes of Hans Frank Hermann Goering Ernst Kaltenbrunner and Joachim von Ribbentrop the highest ranking Nazi officials in the Nuremberg jails Here too are interviews with lesser known officials essential to the inner workings of the Third Reich Candid and often shockingly truthful The Nuremberg Interviews is a profound addition to our understanding of the Nazi mind and mission

**The Nuremberg Interviews** Leon Goldensohn, 2004 Annotation In 1946 with the Nuremberg trials underway Leon Goldensohn a U S army psychiatrist was given the task of interviewing the two dozen German leaders who were under indictment as well as many of the defense and prosecution witnesses The conversations were then left largely unexamined for more than 50 years Now Robert Gellately one of the premier historians of Nazi Germany has transcribed edited and annotated 33 of the interviews and makes them available to the public for the first time in this volume Here are interviews with the highest ranking Nazi officials in the Nuremberg jails including Hans Frank Hermann Goering Ernest Kaltenbrunner and Joachim von Ribbentrop Here too are interviews with the lesser known officials who were nonetheless essential to the workings of the Third Reich Goldensohn was a particularly astute interviewer his training as a psychiatrist leading him to probe the motives the rationales and the skewing of morality that allowed these men to enact an unfathomable evil Often shockingly candid these interviews are deeply disturbing in their illumination of an ideology gone mad Each interview is annotated with biographical information and footnotes that place the man and his actions in their historical context They are a profoundly important addition to our understanding of the Nazi mind and mission      *The Nuremberg Interviews* Leon Goldensohn, 2007 In 1946 with the Nuremberg trials underway Leon Goldensohn a US army psychiatrist was given the task of interviewing the German leaders who were under indictment Here each interview is presented placing the man and his actions in their historical context providing insights into the Nazi mentality and the nature of evil      *Nuremberg Interviews* Leon Goldensohn, 2010-01-26      [The Pursuit of the Nazi Mind](#) Daniel Pick, 2014-05 The remarkable story of how the Allies used psychoanalysis to delve into the motivations of the Nazi leadership and to explore the mass psychology of fascism

[Ethical Rehabilitation After the Holocaust](#) Paul E. Wilson, 2024-08-29 Genocide murders innocents in a society and it leaves behind moral corruption and societal twistedness A genocide like the Holocaust can happen only if the normative ethical commitments to honor the fundamental right to life are compromised or abandoned When a society lives through a genocide the moral imagination of peoples and collectives their ethical behaviors and even the underlying social contract become twisted and broken Societies and individuals caught within a genocide need an ethical rehabilitation to move a post

genocidal society out of its ethical degradation This book discusses the steps of transitional justice as ethical ways to move individuals and societies away from lingering injustices and toward an equilibrium of justice      **Hitler's Shadow** Richard Breitman,2010      *A History of the Laws of War: Volume 2* Alexander Gillespie,2011-10-07 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and ascribing rules to them protecting civilians who are either inadvertently or intentionally caught up between them and controlling the use of particular classes of weapons that may be used in times of conflict Thus it is that this work is divided into three substantial parts Volume 1 on the laws affecting combatants and captives Volume 2 on civilians and Volume 3 on the law of arms control This second book on civilians examines four different topics The first topic deals with the targetting of civilians in times of war This discussion is one which has been largely governed by the developments of technologies which have allowed projectiles to be discharged over ever greater areas and attempts to prevent their indiscriminate utilisation have struggled to keep pace The second topic concerns the destruction of the natural environment with particular regard to the utilisation of starvation as a method of warfare and unlike the first topic this one has rarely changed over thousands of years although contemporary practices are beginning to represent a clear break from tradition The third topic is concerned with the long standing problems of civilians under the occupation of opposing military forces where the practices of genocide collective punishments and or reprisals and rape have occurred The final topic in this volume is about the theft or destruction of the property of the enemy in terms of either pillage or the intentional devastation of the cultural property of the opposition As a work of reference this set of three books is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself      **Visualizing Atrocity** Valerie Hartouni,2012-08-20 Taking Hannah Arendt s account of the 1961 trial of Nazi official Adolf Eichmann as its point of departure this book reassesses the myths that shape our understanding of the Nazi genocide as well as totalitarianism s broader features These myths are tied to the atrocity imagery that emerged with the liberation of the concentration camps and played an evidentiary role in the post war trials of perpetrators At the 1945 Nuremberg Tribunal particular practices of looking were first established and later institutionalized through Eichmann s trial in Jerusalem as part of the fabric of historical fact These ways of seeing have come to constitute a visual rhetoric that drives contemporary mythmaking about how we know genocide and what is permitted to count as such In contrast Arendt s claims about the banality of evil work to disrupt this visual rhetoric      *Hitler's Command* Rex Bashford,2024-04-30 The third in a three part in depth study and deals with Hitler s influence on the Wehrmacht and

how his decisions influenced the advancement of weapons technology in this pivotal era of the Second World War Hitler arrogated to himself the power to make all critical decisions relating to the strategic and operational deployment of the entire Wehrmacht and this volume analyzes the effect of his decisions on the Luftwaffe and Kriegsmarine How did his decisions affect the development of German Jet aircraft And the types of U Boats used How did he decide what priority to assign to key weapons in the overall German war effort What determined how programs such as the V1 V2 and the potential German Atomic bomb were integrated into the German war effort All these matters were critical to the actual operational power of the Wehrmacht as opposed to its theoretical potential Similarly what was the effect of the allied strategic bombing campaign on Germany s war potential and how effective were the steps Hitler ordered against it Finally what did the leading military figures of the Third Reich such as Field Marshals von Rundstedt Rommel Kluge Bock Model and Kleist think of Hitler s command Did the Chiefs of the General Staff during the war Halder Zeitzler and Guderian state their views And what was the effect of the attempt on Hitler s life through Operation Valkyrie on military operations Hitler s Command is the third in a three part in depth study and deals with Hitler s influence on the Wehrmacht and how his decisions influenced the advancement of weapons technology in this pivotal era of the Second World War [Hitler's war in the East, 1941-1945](#)

Rolf-Dieter Müller,2009 [How Hitler Evolved the Traditional Army Establishment](#) Andrew Sangster,Pier-Paolo Battistelli,Pier Paolo Battistelli,2024-08-30 An examination of Hitler s key military generals and their contributions and failures to the Germany military Under the surveillance of General von Seeckt the Germans re established their military which Hitler utilised for his aggression of recovering Germany s military greatness This book explores some of the leading military figures The often ignored Field Marshal Keitel is explored to see if there were any substance in the Allied belief that this Chief of the OKW was the driving force behind initial German success or was he merely Hitler s lackey and bureaucrat He was derided by his contemporaries because of his unstinting Prussian obedience to Hitler This sense of total compliance was also reflected by General Paulus who although obedient was reluctant to carry out Hitler s barbaric orders relating to Jews and prisoners but otherwise was obedient and trusting of Hitler even though he knew it would lead to military disaster It took time in a Russian prison camp to turn him against the once adored German dictator where he eventually became anti Nazi In striking contrast to the failed Paulus Field Marshal Manstein is examined He was a skilled strategist and tactician and proved this in his victory in France He lacked the social sophistication of many other leading military commanders but he was one of the very few who had the courage to challenge Hitler s military directions and decisions He was eventually dismissed by Hitler and postwar wrote two books to regain his reputation despite the fact he was convicted of war crimes and whether he deserves a pedestal remains with the reader [A History of the Laws of War: Volume 1](#) Alexander Gillespie,2011-09-06 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible

to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself. The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and regulating the treatment of captives. This first book on warfare deals with the broad question of whether the patterns of dealing with combatants and captives have changed over the last 5 000 years and if so how. In terms of context the first part of the book is about combatants and those who can lawfully take part in combat. In many regards this part of the first volume is a series of less than ideal pathways. This is because in an ideal world there would be no combatants because there would be no fighting. Yet as a species we do not live in such a place or even anywhere near it either historically or in contemporary times. This being so a second best alternative has been to attempt to control the size of military forces and therefore the bloodshed. This is also not the case by which humanity has worked over the previous centuries. Rather the clear assumption for thousands of years has been that authorities are allowed to build the size of their armed forces as large as they wish. The restraints that have been applied are in terms of the quality and methods by which combatants are taken. The considerations pertain to questions of biology such as age and sex, geographical considerations such as nationality and the multiple nuances of informal or formal combatants. These questions have also overlapped with ones of compulsion and whether citizens within a country can be compelled to fight without their consent. Accordingly for the previous 3 000 years the question has not been whether there should be a limit on the number of soldiers but rather who is or is not a lawful combatant. It has rarely been a question of numbers. It has been and remains one of type. The second part of this book is about people typically combatants captured in battle. It is about what happens to their status as prisoners, about the possibilities of torture, assistance if they are wounded and what happens to their remains should they be killed and their bodies fall into enemy hands. The theme that ties all of these considerations together is that all of the acts befall those who are to one degree or another captives of their enemies. As such they are no longer masters of their own fate. As a work of reference this first volume as part of a set of three is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare. It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself.

**Europe on Trial** Istvan Deak, 2018-04-27. *Europe on Trial* explores the history of collaboration, retribution and resistance during World War II. These three themes are examined through the experiences of people and countries under German occupation as well as Soviet, Italian and other military rule. Those under foreign rule faced innumerable moral and ethical dilemmas including the question of whether to cooperate with their occupiers, try to survive the war without any political involvement or risk their lives by becoming resisters. Many chose all three depending on wartime conditions. Following the brutal war the author discusses the purges of real or alleged war criminals and collaborators through various acts of violence, deportations and judicial proceedings at the Nuremberg International Military Tribunal as well as in thousands of local courts. *Europe on Trial* helps us to understand the many moral consequences both

during and immediately following World War II      **The Hidden War in Argentina** Panagiotis Dimitrakis, 2018-12-13  
 Though officially neutral until March 1945 Buenos Aires played a key role during World War II as a base for the South American intelligence operations of the major powers The Hidden War in Argentina reveals the stories of the spymasters British Americans and Germans who plotted against each other throughout the Second World War in Argentina In Buenos Aires Johannes Siegfried Becker codename Sargo was the man responsible for organizing most of the Nazi intelligence gathering in Latin America and the leader of Operation Bolivar which sought to bring South America into the war on the side of the Axis powers After the attack on Pearl Harbor the US state department pressured every South American country to join it in declaring war on Germany and J Edgar Hoover authorized huge investments in South American intelligence operations Argentina continued to refuse to join the conflict triggering a US embargo that squeezed the country's economy to breaking point Buenos Aires continued to be a hub for espionage even as the war in Europe was ending hundreds of high ranking Nazi exiles sought refuge there This book is based on newly declassified files and details of the operations of MI6 the Abwehr the Sicherheitsdienst SD and the FBI as well as the OSS and the SOE Most significantly The Hidden War in Argentina reveals for the first time the coups of Britain's MI6 in South America      Hitler's Shadow: Nazi War Criminals, U.S. Intelligence, and the Cold War Richard Breitman, Norman J.W. Goda, 2012-10-27 Authors Breitman and Goda note here that newly released CIA and Army records produced new evidence of war crimes and about wartime activities of war criminals postwar documents on the search for war criminals documents about the escape of war criminals documents about the Allied protection or use of war criminals and documents about the postwar activities of war criminals This volume of essays includes New Information on Major Nazi Figures Nazis and the Middle East New Materials on Former Gestapo Officers The CIC and Right Wing Shadow Politics Collaborators Allied Intelligence and the Organization of Ukrainian Nationalists Originally published by the National Archives      **Hitler's Insanity** Andrew Norman, 2018-04-17      *Nazis after Hitler* Donald M McKale, 2023-06-14  
 The stories of thirty war criminals who escaped accountability from a historian praised for his well written scrupulously researched work The New York Times This deeply researched book traces the biographies of thirty typical perpetrators of the Holocaust some well known some obscure who survived World War II Donald M McKale reveals the shocking reality that the perpetrators were rarely if ever tried or punished for their crimes and nearly all alleged their innocence in Germany's extermination of nearly six million European Jews He highlights the bitter contrasts between the comfortable postwar lives of many war criminals and the enduring suffering of their victims and how in the face of exhaustive evidence showing their culpability nearly all claimed ignorance of what was going on and insisted they had done nothing wrong McKale ends the book with a haunting question whether life would be different today if the Allies had pursued Holocaust criminals more aggressively after WWII History buffs and students of the Holocaust will be fascinated Publishers Weekly Gripping and important reading Eric A Johnson author of What We Knew      Kleinkrieg Charles Melson, 2016-04-19 In recent years the

great powers of the West primarily the US and UK have most often been relegated to fighting small wars rather than the great confrontational battles for which they once prepared It has been a difficult process with some conflicts increasingly being seen as unwinnable or at least not worth the effort in treasure and blood even as the geopolitical structure of the world appears to slip It is thus worth paying heed now to the experiences of another power which once encountered the same problems This work examines the German analysis to the problem covering their experiences from the Napoleonic era to the Third Reich Though the latter regime the most despicable in history needed to be destroyed by US UK conventional force as well as that of the Soviets the German military meantime provided analysis to the question of grassroots as opposed to great power warfare This work is built around the historical analysis titled Kleinkrieg provided to the German High Command by Arthur Ehrhardt in 1935 republished in 1942 and 1943 which examined insurgencies from French occupied Spain to recurrent problems in the Balkans It also calls upon the Bandenbekämpfung Fighting the Guerilla Bands document provided to Germany's OKW in 1944 In both conditions that were specific to broader military operations were separated from circumstances in occupation campaigns and new background in the German experience in suppressing rebellion in World War II is presented Edited and annotated along with new analysis by Charles D Melson former Chief Historian for the U S Marine Corps Kleinkrieg expands our knowledge of the Western experience in coping with insurgencies Without partaking in ideological biases this work examines the purely military problem as seen by professionals While small wars are not new how they should be fought by a modern industrial nation is still a question to be answered Rediscovered and presented in English these German thoughts on the issue are now made available to a new generation of guerilla and irregular war fighters in the West

*The German Army Guerrilla Warfare* Charles D. Melson, 2019-11-19 An exploration of German World War II small scale military strategy edited by the former chief historian of the U S Marines While small wars are not new how they should be fought by a modern industrial nation is still very much a matter for debate It is thus worth paying heed now to the experiences of another power which once encountered the same problems This pocket manual examines German analysis of the problem covering experiences from the Napoleonic era to the Third Reich based upon the historical analysis Kleinkrieg provided to the German High Command by Arthur Ehrhardt in 1935 republished in 1942 and 1944 and the Bandenbekämpfung Fighting the Guerrilla Bands document provided to Germany's OKW in 1944 In both conditions that were specific to broader military operations were separated from circumstances in occupation campaigns and the new background in the German experience in suppressing rebellion during the Second World War is presented Avoiding ideological biases this manual examines the purely military problem as seen by professionals Rediscovered and presented in English these German thoughts on how best to fight small wars have been edited and annotated by Charles D Melson former chief historian for the U S Marine Corps The German attitude to guerrilla war was far more complex than stereotypical brutality for the sake of brutality Stephen G Fritz PhD author of Ostkrieg A highly accessible introduction to an important but frequently neglected

aspect of German military history as well for those interested in guerrilla warfare Bruce I Gudmundsson PhD U S Marine Corps University author of On Artillery

## **Nuremberg Interviews Introduction**

In today's digital age, the availability of Nuremberg Interviews books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nuremberg Interviews books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nuremberg Interviews books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nuremberg Interviews versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nuremberg Interviews books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nuremberg Interviews books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nuremberg Interviews books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nuremberg Interviews books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nuremberg Interviews books and manuals for download and embark on your journey of knowledge?

### **FAQs About Nuremberg Interviews Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Nuremberg Interviews is one of the best book in our library for free trial. We provide copy of Nuremberg Interviews in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Nuremberg Interviews. Where to download Nuremberg Interviews online for free? Are you looking for Nuremberg Interviews PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Nuremberg Interviews. This method for see exactly what may be included and

adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Nuremberg Interviews are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Nuremberg Interviews. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Nuremberg Interviews To get started finding Nuremberg Interviews, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Nuremberg Interviews So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Nuremberg Interviews. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Nuremberg Interviews, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Nuremberg Interviews is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Nuremberg Interviews is universally compatible with any devices to read.
