Nurses Taking The Lead Personal Qualities Of Effective Leadership:

Nurses Taking the Lead Fay Louise Bower, 2000 This book focuses on the personal qualities that go into being an effective leader Rather than offering a lengthy review of the theoretical leadership literature it provides personal accounts in which actual nursing leaders describe how a particular quality helped them toward their outstanding achievements

Nursing Leadership John Daly, Sandra Speedy, Debra Jackson, 2003 Nursing Leadership covers contemporary concepts in leadership and management and their application to nursing practice In addition to covering the fundamentals a wide range of current topics are addressed including change management contemporary approaches to nursing care delivery developing research based practice cultural change processes shared governance development quality of work life issues quality work environments and industrial relations Nursing Leadership provides a fresh innovative approach to the topic and is designed to stimulate interest in theory and concepts as well as providing the reader with strategies that can be readily tested and applied in practice

The Essentials of Nursing Leadership Ruth Taylor, Brian Webster-Henderson, 2016-12-05 This new approach to leadership focuses on how students can develop leadership skills right from the start of their nursing programme through to transitioning to their first role The book first takes students through the underpinning knowledge and theory and then through practical skills to help them understand all aspects of leadership and how it is a key component of providing quality care to patients in a range of environments and settings Real stories from nursing leaders practitioners and students are included to inspire students and show them how they can impact positively on practice whatever level they are working at Key features include Real life focus grounded in everyday practice with lots of case studies and examples to help students see how theory relates to practice Activities to help students reflect about their own practice and about themselves as leaders Video interviews with nurse leaders and students on the companion website Further reading and links to journal articles in both the book and the companion website help students delve deeper and prepare for assessments

Leadership and Nursing John Daly, Sandra Speedy, Debra Jackson, 2014-11-01 Leadership is fundamental to the nature of nursing to ensure the development of safe practice interdisciplinary relationships education research and ultimately the delivery of quality healthcare Leadership and Nursing Contemporary Perspectives 2e presents a global perspective of leadership issues within the Australian context It builds on the premise that nursing leadership is for all nurses not just those who are authorised to hold a position within an organisation In addition this book explores how leadership is not possible until one has an understanding of self and what motivates others The text is aimed at senior undergraduate and postgraduate nursing students making the transition to practice as well as professional nurses seeking to strengthen their clinical practice and governance Nine entirely new chapters exploring the most up to date leadership issues and themes including Leadership and its influence on patient outcomes Leadership Developing and sustaining self Indigenous leadership in nursing speaking life into each other s spirits Leadership and empowerment in nursing Leadership in the era of Inter professional education in
