Predicated on the immemorial core or first principles of the universal perennial philosophy, which finds expression from Lao Tzu to Ramana Maharshi in the East and from Pythagoras to Ren Gu non and Ananda K. Coomaraswamy in the West, The Higher Spiritual Path details how those on the higher spiritual path must address and master its requirements. This book is as practical as it is philosophical or theosophical, since it is based on the specifics of sacred science or spiritual science, an inextricable component of the perennial philosophy. Many of the requirements of the higher spiritual path are based on the truths of this ancient spiritual science, formulated over millennia by jivanmukti or liberated beings who serve as the teachers of those currently engaged in treading this hieratic path. The goals of ascending this path are the loftiest; the hierarchical order of its spiritual teachers is the holiest, and the totality of its evolutionary and compassionate purpose is the most sacred. *From the Heart of Men: A Path to Meaning and Fulfillment* Pasquale De Marco, 2025-05-05. *From the Heart of Men: A Path to Meaning and Fulfillment* is an essential guide for men seeking to live authentic, fulfilling, and meaningful lives. Wholeness Lies Within Terence Duniho, 1991-06-01 **Gay Perspective**

Edwin Clark Johnson, Toby Johnson, 2008 In this companion volume to his critically acclaimed Lambda Literary Award

winning book *Gay Spirituality* Toby Johnson further explicates his visionary stance that gay people's nature as outsiders gives them a uniquely powerful perspective on the nature of God and religion. By living outside gender norms, gay people are more open to seeing across boundaries of gender and gain access to a less dualistic outlook on the nature of life. Once again, Johnson approaches this potentially controversial subject matter with erudition, empathy, and visionary speculation and gives meaning to gay consciousness beyond superficial issues of sexual behavior.

The spiritual combat: together with The path of Paradise, or, Of inward peace, transl Lorenzo Scupoli, 1884 **Every Path Leads Home** Wayne

Holmes, 2014-02-19 *Every Path Leads Home* Opening to Your Spiritual Journey is a book about discovering the unity of faiths and the similarities in religions. It's a book about what it means to be spiritual versus religious and what it means to explore a variety of religious beliefs and then to open to the spiritual journey that works best for each individual. *Every Path Leads Home* helps us heal from the hurts, disappointments, and abuses we may have received by religious institutions or religious individuals and it also introduces a 13-step program called Religious Recovery that provides healing in a non-professional self-help environment. *Every Path* honors all paths to The Divine and allows us to open ourselves to our own spiritual journey with or without the aid of religion. For everyone who views themselves as spiritual but not religious, this book honors your journey.

Spiritual Perspectives on Globalization (2nd Edition) Ira Rifkin, 2013-03-21 What is globalization anyway? What are spiritually minded people on all sides of the issue doing and saying about it? The economic and cultural dynamic of globalization is transforming the world at an unprecedented pace. But what exactly is it? What are its origins? What is its impact on our spiritual lives? This lucid introduction surveys the religious landscape, explaining in clear and nonjudgmental language the beliefs that motivate spiritual leaders, activists, theologians, academics, and others involved on all sides of the issue. Included are the points of view of Bahá'ís, Buddhists, Earth-based and tribal religions, Hindus, Jews, Muslims, Protestants, Roman Catholics. Unlike other books on this controversial issue, this easy-to-read introduction won't tell you what to think; it gives you the information you need to reach your own conclusions. As important as economics may be, it is not as the great religions stress the full measure of humanity. There is also connection to self, to others, to the ingrained values that have sustained cultures for generations and millennia, and to the belief in transcendence that gives it all meaning. In the end, what unnerves people most about globalization, including many in the West who may fairly be said to be on the winning side economically, that is, of the process so far, is the threat it poses to that which is most precious to a life of satisfaction: our sense of meaning from the Conclusion.
