## **Patrick The Pirate Pig:**

**Patrick the Pirate Pig** Karen Wallace, Barbara Nascimbeni, 2001 Patrick wants to be a pirate The trouble is Patrick is a pig and whoever heard of a pirate pig Mocked by his farmyard companions Patrick is on the point of giving up his dream when who should appear but Henrietta the Hen In a true case of two heads are better than one soon it is Patrick and Henrietta who have the last laugh A tale about having faith just when you think all is lost something turns up A magical book to delight all those children who love a happy ending The Pirate Danced and the Automat Died Lou Kemp, 2023-10-07 A magician a widower from the Sudan and an automat travel the world It is 1868 and three close friends the immortal magician Celwyn the automat Professor Xiau Kang and Bartholomew a scientist and widower from Sudan set out on another adventure After their airship is destroyed they travel to Findbar Island to regroup and rebuild Meanwhile Celwyn receives word from his love the vampire Tara McFein She is being kept prisoner in the Tower of London and it is up to Celwyn and company to save her The Pirate Danced and the Automat Died is a steampunk fantasy filled with murder magic and adventure **Living on the Spectrum** Elizabeth Fein, 2020-07-07 Honorable Mention 2020 Stirling Prize for Best Published Work in Psychological Anthropology given by the Society for Psychological Anthropology Honorable Mention New Millennium Book Award given by the Society for Medical Anthropology How youth on the autism spectrum negotiate the contested meanings of neurodiversity Autism is a deeply contested condition To some it is a devastating invader harming children and isolating them To others it is an asset and a distinctive aspect of an individual's identity How do young people on the spectrum make sense of this conflict in the context of their own developing identity While most of the research on Asperger's and related autism conditions has been conducted with individuals or in settings in which people on the spectrum are in the minority this book draws on two years of ethnographic work in communities that bring people with Asperger's and related conditions together It can thus begin to explore a form of autistic culture through attending to how those on the spectrum make sense of their conditions through shared social practices Elizabeth Fein brings her many years of experience in both clinical psychology and psychological anthropology to analyze the connection between neuropsychological difference and culture She argues that current medical models which espouse a limited definition are ill equipped to deal with the challenges of discussing autism related conditions Consequently youths on the autism spectrum reach beyond medicine for their stories of difference and disorder drawing instead on shared mythologies from popular culture and speculative fiction to conceptualize their experience of changing personhood In moving and persuasive prose Living on the Spectrum illustrates that young people use these stories to pioneer more inclusive understandings of what makes us who we are **The Baptist**, 1921 *Everyland* Lucy W.
