Patterns of Epiphany Martin Bidney,1997 Taking his cue from the French philosopher Gaston Bachelard he postulates that any writer's epiphany pattern usually shows characteristic elements earth air fire water patterns of motion pendular eruptive trembling and or geometric shapes **Renaissance Papers 2018** Jim Pearce,Ward J. Risvold,Suzanne J.

Sanders,2019-11-15 Sixty fifth annual volume focusing notably on Shakespearean drama and the poetry of early modern England but with essays on a variety of other topics relevant to the period **A Theory of Thrills, Sublime and Epiphany in Literature** Nigel Fabb,2022-07-05 This book offers a psychological account of thrills goosebumps and tears of the epiphanic experience of seeing ordinary things in a profoundly new way and of the experience of the sublime The unifying characteristic of these strong experiences is that they all begin with surprise They are important in literature literature is about these experiences and literature can cause these experiences This book offers an overview of theories of these kinds of experience and of what might cause them to happen In the final chapter various literary strategies are explored as possible causes The book draws on psychological accounts of surprise and of emotion and cognitive approaches to what knowledge is why it is possible to have feelings of profound knowledge and why what we know can sometimes not be put into words

Collected Epiphanies of James Joyce James Joyce,2024-03-05 This book offers the first critical edition of the forty short texts James Joyce called epiphanies Presenting the texts with background information and thorough annotations this edition provides a vivid insight into Joyce's art **Moments of Moment** ,2021-11-22 a sudden spiritual manifestation whether in the vulgarity of speech or of gesture or in a memorable phase in the mind itself Thus Stephen Dedalus in James Joyce's *Stephen Hero* defines the phenomenon that has ever since been known as the literary epiphany The essays gathered in this volume comprise a wide survey of this phenomenon With recurrent reference to its most famous creators notably William Wordsworth who was the first to consciously explore and delineate those momentous spots in time in his *Prelude* Walter Pater James Joyce and Virginia Woolf this book intends to provide a broad and unbiased exploration into the various types and categories of the moment of moment that can be distinguished ranging from William Blake Ann Radcliffe and Charles Maturin through the nineteenth century sonnet tradition and the naturalistic novel to modernist and postmodernist exponents such as Ezra Pound and Elizabeth Bowen Philip Larkin and Seamus Heaney and include contributions by acclaimed experts in the field such as Martin Bidney Robert Langbaum Jay Losey and Ashton Nichols **Victorian Literary Cultures** Kenneth Womack,James M. Decker,2016-11-01 *Victorian Literary Cultures Studies in Textual Subversion* provides readers with close textual analyses regarding the role of subversive acts or tendencies in Victorian literature By drawing clear cultural contexts for the works under review including such canonical texts as *Dracula* *Jane Eyre* *Middlemarch* and stories featuring Sherlock Holmes the critics in this anthology offer groundbreaking studies of subversion as a literary motif For some late nineteenth century British novelists subversion was a central aspect of their writerly existence Although or

perhaps because most Victorian authors composed their works for a general and mixed audience many writers employed strategies designed to subvert genteel expectations In addition to using coded and oblique subject matter such figures also hid their transgressive material in plain sight While some writers sought to critique and even destabilize their society others juxtaposed subversive themes and aesthetics negatively with communal norms in hopes of quashing progressive agendas

Proust, the One, and the Many Erika Fulop, 2017-12-02 One of the many aspects that make Marcel Proust's *A la recherche du temps perdu* such a complex and subtle work is its engagement with metaphysical questions. The disparate nature of the narrators' experiences, hypotheses, and statements has generated a number of conflicting interpretations based on parallels with the thought of one or another philosopher from Plato to Leibniz, Spinoza, Schopenhauer, Nietzsche, Bergson, or Deleuze. Through the analysis of the narrators' two seemingly incompatible perceptions of the world which reveal reality to be either one or infinitely multiple, Erika Fulop proposes a reading of the novel that reconciles the opposites. Rather than being undecided or self-contradictory, the narrative thematizes the insufficiency of the dualist perspective and invites the reader to take a step beyond it. Erika Fulop is an independent researcher whose doctoral thesis completed at the University of Aberdeen is at the basis of this monograph.

Victorian Aesthetic Conditions E. Clements, L. Higgins, 2015-12-11 The multidisciplinary aesthetics of Walter Pater, the nineteenth century's most provocative critic, are explored by an international team of scholars. True aesthetic criticism takes place working across the arts. Pater insists on acknowledging the differences between media but seeking possibilities of interconnection.

Through the Poet's Eye Bozena Shallcross, 2009-02-20 Though best known as poets, Adam Zagajewski (born 1945), Zbigniew Herbert (1924-1998), and Joseph Brodsky (1940-1996) wrote some of the most original prose of this century. It is this prose, remarkable for its cross-cultural complexity and interdisciplinary richness, that concerns Bozena Shallcross in *Through the Poet's Eye*. The travels undertaken by these Eastern European poets, who each journeyed to the West under different circumstances, give Shallcross her point of departure as she explores the connections between the sensory experience of travel and the revelatory perception of the visual arts manifest in their writings. Modernism and Phenomenology Ariane Mildenberg, 2017-04-06 Braiding together strands of literary phenomenological and art historical reflection Modernism and Phenomenology explores the ways in which modernist writers and artists return us to wonder before the world Taking such wonder as the motive for phenomenology itself and challenging extant views of modernism that uphold a mind world

opposition rooted in Cartesian thought the book considers the work of modernists who far from presenting perfect finished models for life and the self embrace raw and semi chaotic experience Close readings of works by Paul C zanne Gertrude Stein Franz Kafka Gerard Manley Hopkins Wallace Stevens Paul Klee and Virginia Woolf explore how modernist texts and artworks display a deep rooted openness to the world that turns us into perpetual beginners Pushing back against ideas of modernism as fragmentation or groundlessness Mildenberg argues that this openness is less a sign of powerlessness and deferred meaning than of the very provisionality of experience Libertarian Literary and Media Criticism Jo Ann Cavallo,2025-03-10 This volume applies libertarian philosophy and free market economic theory to both literature and media from early modern drama to novels to comic books cinema and television series Several chapters contrast capitalism with statism focusing on the market economy versus central planning freedom versus government coercion Not surprisingly the economic theories of Adam Smith Ludwig von Mises and F A Hayek run through several essays Contributors also engage with other theorists and writers as diverse as Thomas Hobbes Charles Darwin Thomas Huxley Friedrich Nietzsche Leo Strauss and Judith Butler **The Visionary Moment** Paul Maltby,2012-02-01 In The Visionary Moment Paul Maltby draws on postmodern theory to examine the metaphysics and ideology of the visionary moment or epiphany in twentieth century American fiction Engaging critically with the works of Don DeLillo Jack Kerouac Saul Bellow Flannery O Connor Alice Walker and William Faulkner Maltby explains how the literary convention of the visionary moment promotes the myth that there is a superior level of knowledge that can redeem or regenerate the individual He contends that this common sense assumption is a paradigm that needs to be confronted and critiqued
