The Primacy of Vision in Virgil's Aeneid Alden Smith, 2005 One of the masterpieces of Latin and indeed world literature Virgil's Aeneid was written during the Augustan renaissance of architecture art and literature that redefined the Roman world in the early years of the empire This period was marked by a transition from the use of rhetoric as a means of public persuasion to the use of images to display imperial power Taking a fresh approach to Virgil's epic poem Riggs Alden Smith argues that the Aeneid fundamentally participates in the Augustan shift from rhetoric to imagery because it gives primacy to vision over speech as the principal means of gathering and conveying information as it recounts the heroic adventures of Aeneas the legendary founder of Rome Working from the theories of French phenomenologist Maurice Merleau Ponty Smith characterizes Aeneas as a voyant visible a person who both sees and is seen and who approaches the world through the faculty of vision Engaging in close readings of key episodes throughout the poem Smith shows how Aeneas repeatedly acts on what he sees rather than what he hears Smith views Aeneas final act of slaying Turnus a character associated with the power of oratory as the victory of vision over rhetoric a triumph that reflects the ascendancy of visual symbols within Augustan society Smith's new interpretation of the predominance of vision in the Aeneid makes it plain that Virgil's epic contributes to a new visual culture and a new mythology of Imperial Rome

Tenses in Vergil's Aeneid Suzanne Maria Adema, 2018-12-24 The narrative style of the Aeneid suggests immediacy and involves the reader while at the same time both narrator and reader know what the outcomes of the story will be In Tenses in Vergil's Aeneid Narrative Style and Structure Suzanne Adema investigates the role of the Latin tenses in this presentational style Adema presents a framework to analyze and describe the use of tenses in Latin narrative texts from a linguistic and narratological point of view The framework concerns the temporal relations between a narrator and the states of affairs in his story on the sentence level discourse modes on the global text level and narrative progression on the level of narrative and descriptive sequences

Evocation of Virgil in Tolkien's Art Robert E. Morse, 1986 In his Preface Robert Morse states that both Vergil and Tolkien present myth as an aspect of an historical continuum For these authors myth does not seem to represent a falsehood but rather it seems to narrate a record of experience from which humanity learns Thus myth is a form of memory In *Evocation of Virgil in Tolkien's Art* Robert Morse asks the question does this syncretism of myth and history serve a similar purpose in each author

Memory in Vergil's Aeneid Aaron M. Seider, 2013-09-12 Investigates the themes of recollection and commemoration in a new reading that engages with critical work on memory

Patterns of Time in Virgil, 1978

Vergil's Aeneid Hans-Peter Stahl, 2009-12-31 This title features a collection of 14 papers in which contributors use diverging critical methods on a selection of extracts from Vergil's epic with the examination of political references in the work being prominent as well

as the question of the Aeneid's central meaning Contents include Vergil announcing the Aeneid On Geo 3 1 48 Egil Kraggerud The Peopling of the Underworld Anton Powell Vergil as a Republican Eckard Lefevre The Sword Belt of Pallas Moral Symbolism and Political Ideology Stephen Harrison The Isolation of Turnus Richard F Thomas and The End and the Meaning David West **Analysing the Boundaries of the Ancient Roman Garden** Victoria Austen, 2023-02-09 This book demonstrates how the Romans constructed garden boundaries specifically in order to open up or undermine the division between a number of oppositions such as inside outside sacred profane art nature and real imagined Using case studies from across literature and material and visual culture Victoria Austen explores the perception of individual garden sites in response to their limits and showcases how the Romans delighted in playing with concepts of boundedness and separation Transculturally the garden is understood as a marked off and cultivated space Distinct from their surroundings gardens are material and symbolic spaces that constitute both universal and culturally specific ways of accommodating the natural world and expressing human attitudes and values Although we define these spaces explicitly through the notions of separation and division in many cases we are unable to make sense of the most basic distinction between garden and not garden In response to this ambiguity Austen interrogates the notion of the boundary as an essential characteristic of the Roman garden

Death and the Optimistic Prophecy in Vergil's AENEID James J. O'Hara, 2014-07-14 Here James O'Hara shows how the deceptive nature of prophecy in the Aeneid complicates assessment of the poem's attitude toward its hero's achievement and toward the future of Rome under Augustus Caesar This close study of the language and rhetorical context of the prophecies reveals that they regularly suppress discouraging material the gods send promising messages to Aeneas and others to spur them on in their struggles but these struggles often lead to untimely deaths or other disasters only darkly hinted at by the prophecies O'Hara finds in these prophecies a persistent subtext that both stresses the human cost of Aeneas mission and casts doubt on Jupiter's promise to Venus of an endless empire for the Romans O'Hara considers the major prophecies that look confidently toward Augustus Rome from the standpoint of Vergil's readers who like the characters within the poem must struggle with the possibility that the optimism of the prophecies of Rome is undercut by darker material partially suppressed The study shows that Vergil links the deception of his characters to the deceptiveness of Roman oratory politics and religion and to the artifice of poetry itself In response to recent debates about whether the Aeneid is optimistic or pessimistic O'Hara argues that Vergil expresses both the Romans hope for the peace of a Golden Age under Augustus and their fear that this hope might be illusory Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Madness Unchained Lee Fratantuono 2,2007-06-07 *Madness Unchained* is a comprehensive introduction to and study of Virgil's *Aeneid*. The book moves through Virgil's epic scene by scene and offers a detailed explication of not only all the major and many minor difficulties of interpretation but also provides a cohesive argument that explores Virgil's point in writing this epic of Roman mythology and Augustan propaganda: the role of fury or madness in Rome's national identity. There have been other books that have attempted to present a complete guide to the *Aeneid*, but this is the first to address every episode in the poem, omitting nothing and aiming itself at an audience that ranges from the Advanced Placement Virgil student in secondary school to the professional Virgilian and everyone in between. Both Latinists and the Latin-less. Individual chapters correspond to the books of the poem, unlike some volumes that prejudice the reader's interpretation of the work by rearranging the order of episodes in order to influence their impact on the audience. This book moves in the order Virgil intended and also gives rather fuller exposition to the second half of the poem, Virgil's self-proclaimed greater work, *maius opus*. The notes to each chapter as well as the Selected Bibliography are meant to provide a guide to the dense forest that is Virgilian scholarship. The notes aim at familiarizing the interested reader with the better and lesser known byways of Virgilian criticism, both English, American, and continental, and at introducing the reader to some of the perennial problems of Virgilian literary criticism. It is hoped that *Madness Unchained* will become the standard introductory guide to the poem, useful in college and university courses in mythology, Roman literature, epic poetry, and Virgil in Latin or translation, as well as offering a reappraisal of the poem to the many readers and scholars in other disciplines who know they should like the *Aeneid* but who have always been perplexed by the seemingly strange.

Claudian and the Roman Epic Tradition Catherine Ware, 2012-05-24 The historical importance of Claudian as writer of panegyric and propaganda for the court of Honorius is well established, but his poetry has been comparatively neglected. Only recently has his work been the subject of modern literary criticism. Taking as its starting point Claudian's claim to be the heir to Virgil, this book examines his poetry as part of the Roman epic tradition. Discussing first what we understand by epic and its relevance for late antiquity, Catherine Ware argues that like Virgil and later Roman epic poets, Claudian analyses his contemporary world in terms of classical epic. Engaging intertextually with his literary predecessors, Claudian updates concepts such as *furor* and *concordia*, redefining *Romanitas* to exclude the increasingly hostile east, depicting enemies of the west as new Giants, and showing how the government of Honorius and his chief minister Stilicho have brought about a true golden age for the west.

Augustan Poetry and the Roman Republic Joseph Farrell, Damien P. Nelis, 2013-06-13 *Augustan Poetry and the Roman Republic* explores the liminal status of the Augustan period with its inherent tensions between a rhetoric based on the idea of *res publica restituta* and the expression of the need for a radical renewal of the Roman political system. It attempts to examine some of the ways in which the Augustan poets dealt with these and other related issues by discussing the many ways in which individual texts handle the idea of the Roman Republic. Focusing on the works of the major Augustan poets, Vergil, Horace, Propertius, and Ovid, the contributions in this

collection look at the under studied aspect of their poetry namely the way in which they constructed and investigated images of the Roman Republic and the Roman past Structures of Epic Poetry Christiane Reitz, Simone Finkmann, 2019-12-16 This compendium 4 vols studies the continuity flexibility and variation of structural elements in epic narratives It provides an overview of the structural patterns of epic poetry by means of a standardized stringent terminology Both diachronic developments and changes within individual epics are scrutinized in order to provide a comprehensive structural approach and a key to intra and intertextual characteristics of ancient epic poetry A Companion to Geoffrey of Monmouth ,2020-08-10 A Companion to Geoffrey of Monmouth brings together scholars from a range of disciplines to provide an updated scholarly introduction to all aspects of his work Arguably the most influential secular writer of medieval Britain Geoffrey d 1154 popularized Arthurian literature and left an indelible mark on European romance history and genealogy Despite this outsized influence Geoffrey s own life background and motivations are little understood The volume situates his life and works within their immediate historical context and frames them within current critical discussion across the humanities By necessity this volume concentrates primarily on Geoffrey s own life and times with the reception of his works covered by a series of short encyclopaedic overviews organized by language that serve as guides to further reading Contributors are Jean Blacker Elizabeth Bryan Thomas H Crofts Si n Echard Fabrizio De Falco Michael Faletra Ben Guy Santiago Guti rrez Garc a Nahir I Ota o Gracia Paloma Gracia Georgia Henley David F Johnson Owain Wyn Jones Maud Burnett McInerney Fran oise Le Saux Barry Lewis Coral Lumbley Simon Meecham Jones Paul Russell Victoria Shirley Joshua Byron Smith Jaakko Tahkokallio H l ne T trel Rebecca Thomas Fiona Tolhurst **La représentation du temps dans la poésie augustéenne** Jürgen Paul Schwindt, 2005 Papers presented at a colloquium held Apr 15 17 2004 in Heidelberg and sponsored by the Internationales Wissenschaftsforum **The Gospel of God** David R. Wallace, 2008-09-01 When Paul pens his letter to the Roman believers he writes as a missionary to strengthen a church at the center of imperial power choosing language that is familiar to his recipients Paul responds not only to the influence of Judaism but also to the wider culture by contrasting prominent Roman values David Wallace argues that Paul s gospel in Romans rejects and countervails the significant themes of Virgil s Aeneid the most well known prophetic source that both proclaimed Roman ideology and assured Roman salvation After demonstrating that a close but nonauthoritarian relationship existed between Augustus and Virgil Wallace examines relevant literary aspects symbolism and key imagery of Virgil s epic A discussion of Paul s contraliterary approach follows drawing out possible parallels and echoes in Romans against the universal message of the Aeneid
