Applicable Approaches to Analyzing Texts in Academic Discourse Alireza Jalilifar,Alexanne Don,2024-01-03 This book provides a comprehensive overview of approaches to problems of language learning aimed at graduate students and researchers interested in English for academic purposes Its primary focus is the complexity and nuances of academic writing such as phraseology nominalization thematicity and phrasal complexity features The book will clarify the issue of how language is used to communicate discipline related content viewed through the lens of linguistics as one of the human sciences Each chapter concludes with several tasks that enable users to substantiate what has been presented in that chapter The book primarily addresses non native speakers of English who are studying for master s and PhD qualifications through the medium of English however non native researchers may also find some chapters of the book useful for their underlying focus on academic writing and publishing Integrated English Language Development: Supporting English Learners Across the Curriculum Eugenia Mora-Flores,2019-12-10 Innovative educators are always looking for effective ways to meet the demands of teaching content standards while supporting the linguistic needs of every student This resource shows educators how to infuse language learning into every subject area including language arts mathematics science and social studies This powerful resource presents research based instructional strategies to immerse students in content while promoting oral and written language development Educators will be inspired to take their teaching to higher levels by providing engaging and challenging learning environments for English language learners *Re-thinking Picturebooks for Intermediate and Advanced Learners: Perspectives for Secondary English Language Education* Grit Alter,Thorsten Merse,2023-11-27 Der didaktische Wert von Picturebooks f r den Englischunterricht in der Grundschule gilt als unumstritten Jedoch gibt es in Forschung und Unterrichtspraxis derzeit kaum Ans tze wie der Transfer dieses vermeintlich kindlichen Literaturmediums in die Sekundarstufe gelingen kann Dieser Band legitimiert Picturebooks als komplex angelegte Textform die sich auch mit fortgeschrittenen Lernenden zu kompetenz und inhaltsorientierter Arbeit im Englischunterricht anbietet Die im Band versammelten konzeptuellen und empirischen Perspektiven zeigen angehenden und praktizierenden Lehrkr ften konkret auf wie vielf ltig Picturebooks den Unterricht bereichern k nnen Eine gro e Bandbreite praktischer Beispiele verdeutlicht ihr Potenzial f r den Englischunterricht der Sekundarstufen von der F rderung verschiedener literacies und literarischen Lernens bis hin zur Fokussierung von Themen wie Umwelt sozialer Gerechtigkeit oder kultureller Diversit t *Effective writing in English* Mike Hannay,J. Lachlan Mackenzie,Herman Wekker,2013-11-11 We learn to speak and understand our native language without any great effort for these are natural aspects of the maturation of every human being The skills of reading and writing by contrast have to be learned usually in an educational context Now when it comes to

a foreign language all the skills speaking understanding reading and writing have to be learned nothing can be acquired without considerable effort This learning process does not take place in a vacuum it is heavily influenced by our previous experience of acquiring our native language and learning to read and write it These facts have been taken as the background to this book We aim this book at native speakers of Dutch who have learned to read and write their own language and who now wish to add skill in writing English to their repertoire Since this is our well defined target group we will be continually pointing to those aspects of written English which differ from comparable aspects of written Dutch while also giving a complete guide to the writing process There are two matters concerning the presentation of information in this book that require clarification in advance Firstly the book contains hundreds of numbered examples

Translating Tourism Sofia Malamatidou, 2024-06-29 This book provides a large scale empirical multilingual study of crosslinguistic differences in the language of destination promotion The book explores how tourism texts are negotiated in translation and how the translated texts reflect and reconcile different worldviews that of the destination population and that of the tourist Using the 2 million word TrAIL Tourism Across and In between Languages corpus which includes examples from official tourism websites in English French Greek and Russian as well as translations between these languages the author explores the differences in the key linguistic means used in destination promotion and what these linguistic choices can tell us about how these societies view the world around them differently The book s interdisciplinary focus makes it relevant to not only practising translators but also students and scholars interested in issues surrounding tourism promotion and translation as well as destination promoters who want to better understand the role that

language and translation play in tourism promotion *Subject Guide to Books in Print* ,1991 Thematic Development of English Texts Mohsen Ghadessy,1995-01-01 This text discusses the concept of theme and its application as an analytical tool to a number of spoken and written registers of English To date studies of text organization have paid less attention to what is called the method of development of a text that is thematic organization The book shows that the study of this organization can reveal many different strategies employed by speakers and writers when texts are created *On Subject and Theme* Ruqaiya Hasan,Peter Howard Fries,1995 The ten papers in this volume focus on Subject and Theme Theme began its life as a semantic notion in the work of Vil m Mathesius while Subject has traditionally been seen as just a syntactic entity More recently two related perspectives on these concepts have attracted linguists attention the formal criteria for their recognition and the relations between the two concepts Using the systemic functional model as their point of departure the papers in the present volume consider the two notions in a wider context by relating them to the interpersonal and textual metafunctions of language By contrast with the current linguistic approaches the primary focus here is neither simply on formal recognition criteria nor on the relation of these elements to each other instead the notions of Subject and Theme are examined from the point of view of their function in the economy of discourse with studies of their significance in English and French as well as in a range of non Indo European languages Definitions of the concepts are offered on the basis of their discourse functions which are also important in selecting the formal recognition criteria and in understanding their mutually supportive role vis vis each other Most of the papers in the volume are a selection from presentations made at the 19th International Systemic Functional Congress at Macquarie University
