Brooks, 2017-07-28 Among the political ideologies generally considered to be of continuing significance anarchism alone has never been implemented Perhaps its rigors are too strong and its advocates are too weak That it is still considered worth studying is testimony to its intellectual credibility particularly its single minded emphasis on individual liberty Obsession with liberty and skepticism of government are as alive today as they were in the nineteenth century This book offers a comprehensive introduction to anarchism in the United States revealing its historical roots and relevance to today's problems The relationship between anarchy and individualism in the nineteenth century is well known How this affected the larger system is what the bulk of the anthology is about Liberty was a
