between reality and illusion in modes of representation and presentation disrupt older theoretical oppositions Secular Magic and the Moving Image not only re evaluates questions about modes and styles but raises further questions about entertainment and how the relations between the program maker and the audience resemble those between the conjuror and spectator By re thinking these overlapping practices and tensions and the marking of the indeterminacy of reality on media screens it becomes possible to revise our understanding of inter medial relations

You Don't Have to be a Kid to Pull a Rabbit Out of a Hat Paul Daniels,Barry Murray,1997 Takes magic out of the realm of children s birthday parties and shows how to infuse added fun into your daily life Filled with photos and diagrams to help the novice magician this book makes magic accessible to adults who have been reluctant to try it previously
