Johnson,2024-12-10 Once a lively presence on radio jazz now finds itself relegated to satellite broadcasters and low watt stations at the edge of the dial Aaron J Johnson examines jazz radio from the advent of Black radio in 1948 to its near extinction from the commercial dial after 1980 Even in jazz s heyday programmers and DJs excluded many styles and artists and Johnson delves into how the politics of decision making and the political uses of the medium shaped jazz radio formats Johnson shows radio s role in the contradictory perceptions of jazz as American s model artistic contribution to the world as Black classical music and as the soundtrack of African American rebellion and resistance for much of the twentieth century An interwoven story of a music and a medium Jazz Radio America answers perennial questions about why certain kinds of jazz get played and why even that music is played in so few places

**Inequality in America** Stephen M. been thoroughly revised to include the most current data and to cover recent issues and events like the 2016 elections and the Black Lives Matter movement It now also includes a brand new chapter on crime and criminal justice and an expanded discussion of immigration Concise and accessible *Inequality in America* paves the way for students to think critically about the attitudes behaviors and structures of inequality

**Protest and Survive** James Lewes, 2003-07-30 Drawing from more than 120 newspapers published between 1968 and 1970 this study explores the emergence of an anti militarist subculture within the U S armed services These activists took the position that individual GIs could best challenge their subordination by working in concert with like minded servicemen through GI movement organizations whose behaviors and activities were then publicized in these underground newspapers In examining this movement Lewes focuses on their treatment of power and authority within the armed forces and how this mirrored the wider and more inclusive relations of power and authority in the United States He argues that this opposition among servicemen was the primary motivation for the United States to withdraw from Vietnam This first book length study of GI published underground newspapers sheds light on the utility of alternative media for movements of social change and provides information on how these movements are shaped by the environments in which they emerge Lewes asserts that one cannot understand GI opposition as an extension of the civilian antiwar movement Instead it was the product of an embedded environment whose inhabitants had been drafted or had enlisted to avoid the draft They came from cities and small towns whose populations were often polarized between those who wholeheartedly supported the war and those who became progressively more critical of the need for Americans to be involved in Vietnam

*Disaster Citizenship* Jacob A.C. Remes, 2015-12-30 A century ago governments buoyed by Progressive Era beliefs began to assume greater responsibility for protecting and rescuing citizens Yet the aftermath of two disasters in the United States Canada borderlands the Salem Fire of 1914 and the Halifax Explosion of 1917 saw working class survivors instead turn to friends neighbors coworkers and family members for succor and aid Both official and unofficial responses meanwhile showed how the United States and Canada were linked by experts workers and money In *Disaster Citizenship* Jacob A C Remes draws on histories of the Salem and Halifax events to explore the institutions both formal and informal that ordinary people relied upon in times of crisis He explores patterns and traditions of self help informal order and solidarity and details how people adapted these traditions when necessary Yet as he shows these methods though often quick and effective remained illegible to reformers Indeed soldiers social workers and reformers wielding extraordinary emergency powers challenged these grassroots practices to impose progressive solutions on what they wrongly imagined to be a fractured social landscape

**Righting Canada's Wrongs: The Komagata Maru** Pamela Hickman, 2014-04-30 In 1914 Canada was a very British society with anti Asian attitudes Although Great Britain had declared that all people from India were officially British citizens and could live anywhere in the British Commonwealth Canada refused to accept them This racist policy was challenged by Gurdit Singh a Sikh businessman who chartered a ship the Komagata Maru and sailed to

Vancouver with over 300 fellow Indians wishing to immigrate to Canada They were turned back tragically Over the years the Canadian government gradually changed its immigration policies first allowing entry to wives and children of Indian immigrants and later to many more immigrants from India The Indo Canadian community has grown throughout Canada especially in British Columbia Many in the community continue to celebrate their Indian heritage which enriches Canadian culture
