The Physician Manager's Handbook Robert J. Solomon, 2008 Physicians are increasingly taking on new roles as executives and managers in today's health care delivery system As such management skills should be an essential part of every physician's repertoire Complete with sophisticated and practical approaches to health system management and leadership problems encountered by physicians this text is an ideal resource

The Wealthy Physician - Canadian Edition Chase Chandler, Antoine Rempp, Douglas Guest, 2020-05-21 The Canadian Edition of the Wealthy Physician is one of the very few books that describes the Canadian application of the infinite banking concept Because most books on the topic describe the American application of the concept Canadians risk turning a fantastic strategy into a nightmare if they blindly follow the advice or structure of the concept that is promoted south of the border This book describes the differences between the American and Canadian application but also offers some real life example of policies designed to maximize the growth of the cash value and its advantages for funding our own purchases while maintaining the amazing estate transfer capacity of this approach Doctors are often misguided and end up either losing significant sums of money in various investment or ventures or don't get the returns they should on their money Over the last few years doctors have seen an increase on personal and corporate taxes that threaten their very own retirement A properly designed well funded whole life policy especially when owned by a professional or holding corporation is the most efficient tool remaining for sheltering protecting and growing your wealth This book is an informative and exciting resource for the physician and all other professionals Finally you have a one stop guide to help make complex financial decisions easier to understand The objective of the book is nothing more and nothing less than to give the educated medical professional a solid and easy to understand track to run on

[Physicians' Desk Reference for Ophthalmology](#), 1989 *Surgical Mentorship and Leadership* Charles R. Scoggins, Raphael E. Pollock, Timothy M. Pawlik, 2018-05-30 The landscape of academic surgery has become increasingly complex Young academic surgeons are now confronted with the task of juggling administrative clinical educational and research responsibilities While decades ago young faculty would look toward a single triple threat mentor trainees and young junior faculty now must assemble a team of mentors who can help him/her craft a career trajectory for success in academia

In addition with the emergence of team based science and an emphasis on clinical crew management faculty now must hone their leadership skills to be effective in the research and clinical environment While many books focus on specific research or technical surgical topics there is a need for an accessible user friendly text on the subject of surgical mentorship and leadership In particular there is a strong desire among trainees and young surgeons to learn about mentorship as well as define leadership tools Currently there is a gap in the market for a definitive reference on surgical leadership and mentorship This text will provide a comprehensive state of the art definitive reference on surgical mentorship and leadership The book will provide a practical useful guide that reviews select topics on leadership and mentorship as well as provide key information on how to launch a successful young surgical career This text will focus on key points on how to identify mentors highlight mentor mentee pearls as well as define key leadership traits in being successful as an academic surgeon This text will serve as a very useful resource for young surgical faculty as well as fellows and residents in a broad array of surgical training programs Chapters will have multiple call out boxes to highlight key lessons learned as well as provide mentorship and leadership pearls All chapters will be written by experts in their field and will include the most up to date information from national and international leaders
