What's Wrong with Homosexuality? John Corvino, 2013-02-01 For the last twenty years John Corvino widely known as the author of the weekly column *The Gay Moralist* has traversed the country responding to moral and religious arguments against same sex relationships In this timely book he shares that experience addressing the standard objections to homosexuality and offering insight into the culture wars more generally Is homosexuality unnatural Does the Bible condemn it Are people born gay and should it matter either way Corvino approaches such questions with precision sensitivity and good humor In the process he makes a fresh case for moral engagement forcefully rejecting the idea that morality is a private matter This book appears at a time when same sex marriage is being hotly debated across the U S Many people object to such marriage on the grounds that same sex relationships are immoral or at least that they do not deserve the same social recognition as heterosexual relationships Unfortunately the traditional rhetoric of gay rights advocates which emphasizes privacy and tolerance fails to meet this objection Legally speaking when it comes to marriage tolerance might be enough Corvino concedes but socially speaking marriage requires more Marriage is more than just a relationship between two individuals recognized by the state It is also a relationship between those individuals and a larger community The fight for same sex marriage ultimately is a fight for full inclusion in the moral fabric What is needed is a positive case for moral approval which is what Corvino unabashedly offers here Corvino blends a philosopher's precision with a light touch that is full of humanity and wit This volume captures the voice of one of the most rational participants in a national debate noted for generating more heat than light

The Moral Defense of Homosexuality Chris Meyers, 2015-05-14 Chris Meyers takes the reader on a careful rational sustained criticism of arguments about the immorality of homosexuality Meyers refutes anti gay arguments by showing that they are based on unreasonable or demonstrably false ideas about the nature of morality Working through the morality arguments against homosexuality Meyers shows how the nature of morality demands impartial overriding reasons to act He argues that morality is not grounded in visceral feelings of disgust commands from the scriptures or mysterious Platonic essences In clear convincing discussion Meyers examines morality to promote the moral logic of granting rights to all people no matter their sexual orientation

Philosophy and Homosexuality Noretta Koertge, 1982

LUCIFER EXPLAINS HOMOSEXUALITY Matias Ivan Salvador, I am Lucifer a central figure in several religious traditions often associated with concepts of opposition and rebellion Throughout history names such as Devil and Satan have been attributed to the central figure of a force opposed to the divine however such denominations do not apply to my essence I am the embodiment of knowledge the morning star and the great Archangel of Venus Since the dawn of humanity I have been a guide and mentor assisting in the evolution and development of the species The discovery of fire the advancement of agriculture the creation of tools and the development of critical consciousness are just a few examples of my legacy Despite the misunderstanding and judgment my love for humanity remains unwavering Currently I witness the suffering of countless individuals rejected for their sexual orientation both by their families and by society This intolerance generates a cycle of pain that extends beyond earthly life To alleviate this suffering I offer the light of knowledge the Luciferian Light as a beacon to guide family relationships beyond prejudices and dogmas I believe that understanding energies and accepting diversity are key to building a more harmonious and loving

Martin Luther King Jr., Homosexuality, and the Early Gay Rights Movement Michael G. Long, Desmond Tutu, 2012-11-28 Martin Luther King Jr was not an advocate of homosexual rights nor was he an enemy however both sides of the debate have used his words in their arguments including his widow in support of gay rights and his daughter in rejection This fascinating situation poses the problem that Michael G Long seeks to address and resolve **Queering Gay and Lesbian Studies** Thomas Piontek, 2010-10-01 Queering Gay and Lesbian Studies is a broadly interdisciplinary study that considers a key dilemma in gay and lesbian studies through the prism of identity and its discontents the field studies has modeled itself on ethnic studies programs perhaps to be intelligible to the university community but certainly because the ethnic studies route to programs is well established Since this model requires a stable and identifiable community gay and lesbian studies have emphasized stable and knowable identities The problem of course is that sexuality is neither stable tidy nor developmental With the advent of queer theory there are now other perspectives available that frequently find themselves at odds with traditional gay and lesbian studies In this pioneering new study Thomas Piontek provides a critical analysis of the development of gay and lesbian studies alongside the development of queer theory the disputes between them and criticism of their activities from both in and outside of the gay academic community Examining disputes about transgenering gay male promiscuity popular culture gay history political activism and non normative sexual practices Piontek argues that it is vital to queer gay and lesbian studies opening this emerging discipline to queer critical interventions without however further institutionalizing queer theory **Encyclopedia of Homosexuality** Wayne R.
