Philosophy for Modern Man L. H. Grunebaum,1970 **Education for Modern Man** Sidney Hook,2020-02-18 a remarkable book A most penetrating study of education Saturday Review of Literature an admirable defense of the critical mind in education Sidney Hook is among the the Children of the Light that is to say of the Enlightenment Albert Guerard New York Herald Tribune Mr Hook has put his finger upon the profound fallacy of most of the current attempts to reorganize higher education exciting reading Howard Mumford Jones New York Times needed by anyone who wishes to have a comprehensive view of the problems of modern education Wendell Johnson Chicago SunSidney Hook brings a new high standard of sanity and clarity For sheer excellence of logic and for magic of comprehensiveness the book is head and shoulders above all recent competitors William Randel St Louis Post Dispatch a fine book it has the advantage of Mr Hook s dissecting mind operating with the cleanness of a surgical instrument Jerome Nathanson The New RepublicWisely sane John Dewey **Leo Strauss on Maimonides** Leo Strauss,2013-04-23 Leo Strauss is widely recognized as one of the foremost

interpreters of Maimonides His studies of the medieval Jewish philosopher led to his rediscovery of esotericism and deepened his sense that the tension between reason and revelation was central to modern political thought His writings throughout the twentieth century were chiefly responsible for restoring Maimonides as a philosophical thinker of the first rank Yet to appreciate the extent of Strauss's contribution to the scholarship on Maimonides one has traditionally had to seek out essays he published separately spanning almost fifty years With Leo Strauss on Maimonides Kenneth Hart Green presents for the first time a comprehensive annotated collection of Strauss's writings on Maimonides comprising sixteen essays three of which appear in English for the first time Green has also provided careful translations of materials that had originally been quoted in Hebrew Arabic Latin German and French written an informative introduction highlighting the original contributions found in each essay and brought references to out of print editions fully up to date The result will become the standard edition of Strauss's writings on Maimonides

Crumbs from a Bum Matthew B Wincowski, 2014-09-16 Finding a coherent set of answers to life's age-old questions can be an onerous undertaking Yet the questions abound in our culture and a rational collection of answers is seemingly ungraspable Commoners have been led to believe that beliefs are irreversibly inconsequential Youngsters are boldly instructed to merely seek success Teachers unblushingly preach to students that there is no such thing as truth With uncountable opinions and beliefs put forth who ought we to trust Should we give credence to the preachy words of secularists who do not even have the backbone to adhere to a logically consistent worldview Are we to trust the pop psychologists who unmindfully and unabashedly bypass life's essential questions Would it be shrewd of us to subscribe to the pluralists who lack the decency to study incommensurable worldviews yet absurdly accept contrasting worldviews as equally valid Whom shall we trust In a culture where common sense has commonly vanished amongst commoners we would do well to welcome common sense into our lives Thinking episodically has become the modern routine and yet such a routine suffocates us in the ruins of our own lack of thinking for thinking episodically is really no way of thinking at all Perhaps just perhaps the answers to life's most pressing questions are within our reach but first we must be willing to embrace common sense

Contemporary Jewish Philosophies William E. Kaufman, 1992 Here is a systematic critique of the theological and philosophical views of the major Jewish thinkers of the 20th century The pattern of the book is one of challenge and response with the purpose of activating the mind of the reader to the vital issues of Jewish theology in our own time New forms of Jewish philosophic inquiry in response to the Holocaust the American Jewish experience and the establishment of the state of Israel makes necessary a clear and comprehensive framework in which contemporary Jewish thought may be studied Kaufman traces the effects of this new stage of philosophical thinking through the writings of such luminaries as Franz Rosenzweig Martin Buber Leo Baeck and Mordecai Kaplan as well as seeking the sources of the thought of such contemporary figures as Emil Fackenheim Jacob Agus Arthur Cohen Eugene Borowitz Richard Rubenstein and Abraham Joshua Heschel in the traditional roots of covenant salvation and transcendence

Introduction to

Cornelio Fabro Elvio Fontana, 2016-05-17 A brief biography of the priest philosopher and theologian *Greatness and Philosophy* Vincent Vycinas, 2012-12-06 The present study is not a series of disconnected essays concerning select ed Western philosophies All its parts belong organically together and constitute one whole For this reason the reader is warned not to use it as a reference book for one or another philosopher here treated The study begins with the declaration of the exposition of fundamental event in Western philosophy which prevails with a different hue in each of the major philosophies and which relates these to pre philosophical or mythical thought The study then treats selected Western philosophies se parately with the tendency to disclose the major event of philosophy in them Finally it approaches contemporary man from the perspective of the fundamental event in philosophy An inquiry into Western man s greatness is maintained here all along as intimately bound up with the historical development of philosophy Philosophy involves greatness not one of many philosophies how ever but Philosophy as such Philosophy as such is not a composite of the various major philosophies in history it precedes these and is present in each one of them in a concealed way It holds sway over them and they belong to it Philosophy rules the thought of thinkers it is the Ordinance which directs the way of thought and which is responded to by the thought of the thinkers In this way the major philosophies in history are diverse phases which like the bends and turns of a river belong to Ordinance to Nature s thought **Allegory in Early Greek Philosophy** Jennifer Lobo Meeks, 2020-10-20 Allegory in Early Greek Philosophy examines the role that allegory plays in Greek thought particularly in the transition from the mythic tradition of the archaic poets to the philosophical traditions of the Presocratics and Plato It explores how a mode of speech that says one thing but means another is integral to philosophy which otherwise seeks to achieve clarity and precision in its discourse By providing the early Greek thinkers with a way of defending and appropriating the poetic wisdom of their predecessors allegory enables philosophy to locate and recover its own origins in the mythic tradition Allegory allows philosophy simultaneously to move beyond mythos and express the whole in terms of logos a rational account in which reality is represented in a more abstract and universal way than myth allows **Reinvigorating the Lost Philosophical Self** Qinghai Gao, 2025-03-29 This book not only presents Gao s major philosophical views and background but also reflects our self consciousness and zeitgeist Reinvigorating the Lost Philosophical Self is the last major published work by Qinghai Gao The three parts of the book are organized around the themes of traditional reality and philosophy philosophy and innovation and man and philosophy respectively The book does not only provide a philosophical standpoint but also broaden the horizon on which the Chinese turn to themselves to the times and to the world Presently under the context of the Covid pandemic trade war regional conflicts and economic slowdown there is an increasing risk of disruption to people s lives The book sheds some light on where we are going Coming from a Chinese philosopher Reinvigorating the Lost Philosophical Self is concerned with our destiny reflects our hardships and attempts to provide answers to our questions **DANGEROUS SPIRITUAL VACUUM** Dr. George Joseph K PhD, 2015-12-10 Dangerous spiritual vacuum is created by the godless

philosophies and life styles in all the cultures Modernity s rationalism and anti supernaturalism created a world without God Postmodernity s relativism and subjectivism created a world without values and morality The false philosophical methodology of anti supernaturalism aimed at attacking the Biblical truth back fired and landed the nations open to the supernaturalism of the devil This is obvious through the growing alternative spiritualities The best and the safest philosophy and truth is introduced and proved in this book Psychodynamics of Externalization Carl Frankenstein,1968 A Literary Cavalcade-I Robert A.
