Getting the Picture Jason E. Hill, Vanessa R. Schwartz, 2020-09-08 Powerful and often controversial news pictures promise to make the world at once immediate and knowable Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms For the first time this volume defines what counts as a news picture how pictures are selected and distributed where they are seen and how we critique and value them Presenting the best new thinking on this fascinating topic this book considers the news picture over time from the dawn of the illustrated press in the nineteenth century through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms It examines the many kinds of images sport fashion society celebrity war catastrophe and exoticism and many mediums including photography painting wood engraving film and video Packed with the best research and full colour illustrations throughout this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture

American Photo, 2004 **State Magazine**, 2012 Alfredo Jaar Edward A. Vazquez, 2023-11-28 A richly illustrated survey of Alfredo Jaar's *Studies on Happiness* 1979-1981 and its deep political stakes in the historical context of Chile's neoliberal transition Between 1979 and 1981 Alfredo Jaar asked Chileans a deceptively simple question Are you happy Through private interviews sidewalk polls and video recorded forums among other interventions Jaar's three year and seven phase project *Studies on Happiness* addressed a furtive and fearful population living under Augusto Pinochet's military dictatorship It also spoke to a country in transition as a newly adopted constitution remade Chile through privatisation and other neoliberal reforms In its varied interventions and direct mode of address *Studies on Happiness* functioned as a feedback device meant to catalyse a critical awareness with its blunt questioning Edward A Vazquez contextualises *Studies on Happiness* within Jaar's early production and situates his practice within a

Chilean art world haunted by the residues of political violence This study foregrounds the project's historical embeddedness and the deep political stakes of its apparent sociality recognising the crucial role that context has always played in Jaar's practice By turning to the Santiago of Studies on Happiness Vazquez explores the work's political and art historical environment and provides a wedge to realign current interpretations of Chilean art and hemispheric conceptualism with the openness central to Jaar's project

Urban Images of the Hispanic World, 1493-1793 Richard L. Kagan, Fernando Marias, Fernando Mariás Franco, 2000-01-01 This fascinating book examines the particular importance of cities in Spanish and Hispanic American culture as well as the different meanings that artists and cartographers invested in their depiction of New and Old World cities and towns Kagan maintains that cities are both built human structures and human communities and that representations of the urban form reflect both points of view He discusses the peculiar character of Spain's empire of towns the history and development of the cityscape as an independent artistic genre both in Europe and the Americas the interaction between European and native mapping traditions differences between European maps of urban America and those produced by local residents whether native or creole and the urban iconography of four different New World towns Lavishly illustrated with a variety of maps pictures and plans many reproduced here for the first time this interdisciplinary study will be of interest to general readers and to specialists in art history cartography history urbanism and related fields

Spain E. Ramon Arango, 2019-04-11 Since the death of Franco in 1975 Spain has passed from repression through renewal to democracy restored for the first time since 1936 Having survived the threat to its very existence in 1981 democratic Spain now a member of the European Union and the North Atlantic Treaty Organization seems as secure as any of its European neighbours The acceptance

From Alchemy to Chemistry in Picture and Story Arthur Greenberg, 2007-03-15 Praise for *From Alchemy to Chemistry in Picture and Story* The timeline from alchemy to chemistry contains some of the most mystifying ideas and images that humans have ever devised Arthur Greenberg shows us this wonderful world in a unique and highly readable book Dr John Emsley author of *The Elements of Murder A History of Poison* Art Greenberg takes us through text and lovingly selected images on a magical mystery tour of the chemical universe No matter what page you open there is a chemical story worth telling Dr Roald Hoffmann Nobel Laureate and coauthor of *Chemistry Imagined*

Chemistry has perhaps the most intricate most fascinating and certainly most romantic history of all the sciences Arthur Greenberg's essays delightful learned quirky highly personal and richly illustrated with contemporary drawings many of great rarity and beauty provide a kaleidoscope of intellectual landscapes bringing the experiments the ideas and the human figures of chemistry's past intensely alive Dr Oliver Sacks author of *Awakenings* From Alchemy to Chemistry in Picture and Story takes you on an illustrated tour of chemistry's fascinating history from its early focus on the spiritual relationship between man and nature to some of today's most cutting edge applications Drawing from rare publications and artwork that span over five centuries the book contains nearly 200 essays and over 350 illustrations including 24 in full color that tell the engaging story of the development of this fundamental science and its connection with human history Join Arthur Greenberg as he combines the best of the best from his previous works as well as several new essays to paint a colorful picture of chemistry's remarkable origins
