Randall Jarrell And The Lost World Of Childhood:

Randall Jarrell and the Lost World of Childhood Richard Flynn, 1990 The roots of Jarrell's concerns with childhood are in his own youth says Flynn Including new information gathered in interviews with Jarrell's wife and others close to him Flynn begins his study by examining Jarrell's unhappy upbringing After discussing the poet's precocity his parents divorce and other aspects of his boyhood Flynn relates them to Jarrell's writings The first full length study of childhood as a vital key to understanding Jarrell's life and work this book is an engaging portrayal of the artist who devoted himself to preserving what he felt was not our most innocent but rather our truest age Book jacket Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States **Modern Poetry after Modernism** James Longenbach, 1997-11-27 In this book James Longenbach develops a fresh approach to major American poetry after modernism Rethinking the influential breakthrough narrative the oft told story of postmodern poets throwing off their modernist shackles in the 1950s Longenbach offers a more nuanced perspective Reading a diverse range of poets John Ashbery Elizabeth Bishop Amy Clampitt Jorie Graham Richard Howard Randall Jarrell Robert Lowell Robert Pinsky and Richard Wilbur Longenbach reveals that American poets since mid century have not so much disowned their modernist past as extended elements of modernism that other readers have suppressed or neglected to see In the process Longenbach allows readers to experience the wide variety of poetries written in our time without asking us to choose between them *The Oxford Handbook of Children's Literature* Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched the essays consider a wide range of texts from the U S Britain and Canada and take a variety of theoretical approaches including formalism and Marxism and those related to psychology postcolonialism reception feminism queer studies and performance studies This collection pushes boundaries of genre notions of childhood Choice Back cover of book **The New Anthology of American Poetry** Steven Gould Axelrod, Camille Roman, Thomas Travisano, 2012-04-15 Steven Gould Axelrod Camille Roman and Thomas Travisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology Volume III provides the most compelling and wide ranging selection available of American poetry from 1950 to the present Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop Robert Lowell and Sylvia Plath as well as song lyrics from such

popular musicians as Bob Dylan and Queen Latifah. Because contemporary American culture transcends the borders of the continental United States, the anthology also includes numerous transnational poets from Julia de Burgos to Derek Walcott. Whether they are the works of oblique avant-gardists like John Ashbery or direct populist poets like Allen Ginsberg, all of the selections are accompanied by extensive introductions and footnotes making the great poetry of the period fully accessible to readers for the first time.

Jarrell, Bishop, Lowell, & Co Suzanne Ferguson, 2003. Jarrell, Bishop, Lowell, & Co. Middle Generation Poets in Context. Takes on the oft-noted but little-explored friendship of three of the most respected poets of the twentieth century. Editor Suzanne Ferguson collects eighteen essays that explore the literary, personal, and political affiliations of Randall Jarrell, Elizabeth Bishop, and Robert Lowell, influential literary figures who flourished in the periods between modernism and postmodernism. Essay in the first section of the book directly compares the subjects, while sections on each of the poets follow. The contributors unpack received wisdom on the poets, revising and updating our conceptions. The multiple viewpoints reflect on one another, shedding provocative light on the group as a whole and revealing the ways the study of poets in their historical context helps make them not only accessible but also relevant to today's reader.

American Poets and Poetry Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10. The ethnically diverse scope, broad chronological coverage, and mix of biographical, critical, historical, political, and cultural entries make this the most useful and exciting poetry reference of its kind for students today. American poetry springs up out of all walks of life; its poems are maternal as well as paternal, stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine, as Walt Whitman wrote, adding "Of every hue and caste am I of every rank and religion." Written for high school and undergraduate students, this two-volume encyclopedia covers U.S. poetry from the Colonial era to the present, offering full treatments of hundreds of key poets of the American canon. What sets this reference apart is that it also discusses events, movements, schools, and poetic approaches, placing poets in their social, historical, political, cultural, and critical contexts and showing how their works mirror the eras in which they were written. Readers will learn about surrealism, ekphrastic poetry, pastoral, elegy, the Black Mountain poets, and language poetry. There are long and rich entries on modernism and postmodernism, as well as entries related to the formal and technical dimensions of American poetry. Particular attention is paid to women poets and poets from various ethnic groups. Poets such as Amiri Baraka, Nathaniel Mackey, Natasha Trethewey, and Tracy Smith are featured. The encyclopedia also

contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points *Poetry's Playground* Joseph T. Thomas, 2007

The first book length study of contemporary American children s poetry Poetry s Playground considers children s poetry in relation to the wider scope of adult poetic discourse *Literature and the Child* James Holt McGavran, James Holt McGavran, 1998-04

The Romantic myth of childhood as a transhistorical holy time of innocence and spirituality uncorrupted by the adult world has been subjected in recent years to increasingly serious interrogation Was there ever really a time when mythic ideals were simple pure and uncomplicated The contributors to this book contend although in widely differing ways and not always approvingly that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the Romantic conception of childhood which first emerged two hundred years ago In the wake of the French Revolution and the Industrial Revolution western Europe experienced another fin de si cle characterized by overwhelming material and institutional change and instability By historicizing the specific political social and economic conflicts at work within the notion of Romantic childhood the essayists in *Literature and the Child* show us how little these forces have changed over time and how enriching and empowering they can still be for children and their parents In the first section Romanticism Continued and Contested Alan Richardson and Mitzi Myers question the origins and ends of Romantic childhood In Romantic Ironies Postmodern Texts Dieter Petzold Richard Flynn and James McGavran argue that postmodern texts for both children and adults perpetuate the Romantic complexities of childhood Next in *The Commerce of Children s Books* Anne Lundin and Paula Connolly study the production and marketing of children s classics Finally in *Romantic Ideas in Cultural Confrontations* William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems

Affect, Psychoanalysis, and American Poetry John Steen, 2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self referential textual objects *Affect Psychoanalysis and American Poetry* challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid century poets Randall Jarrell Robert Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory *Affect Psychoanalysis and American Poetry* finds poetry s singularity in its unique capacity to represent anew the transmissible relational and uncontainable valences of feeling that structure and destabilize social life *Gendered Modernisms* Margaret Dickie, Thomas Travisano, 2016-11-11

Thirteen original essays on Gertrude Stein H D Marianne Moore Edna St Vincent Millay Laura Riding Jackson Elizabeth Bishop Muriel Rukeyser and Gwendolyn Brooks demonstrate how these women expand the

social textual and political boundaries of modernism The collection places these poets in the context of their times examining the conditions that helped shape their vivid and diverse poetic careers and reconsidering some of the assumptions that have led to their exclusion from the main narratives of modernist poetry Ultimately the aim is to enlarge the literary history of the movement for gendered modernism extends backward to the first years of the century and forward to the beginnings of postmodernism in the 1960s

The Fugitive Legacy Charlotte H. Beck, 2001-01-01 Previously the protagonists of John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren have received considerable scholarly attention only as individuals or in relation to small groups of close knit writers within single literary genres Now for the first time this far ranging group of accomplished writers is united as part of a larger phenomenon the Fugitive legacy which has extended its influence far beyond the parameters of southern literature In *The Fugitive Legacy* Charlotte H Beck demonstrates the strong influence of the Nashville Fugitives as teachers editors and mentors by examining the extraordinary impact on American letters of the critics poets and fiction writers whom they taught or sponsored By treating the careers of these brilliant authors as a single chapter in literary history Beck makes an invaluable contribution to the understanding of southern literature The cultural importance of the Fugitives has too often been confused with the narrow politics of Agrarianism and relegated to a reactionary piety for regionalism and dead tradition *The Fugitive Legacy* fills a void in southern literary theory by revealing the resounding echo of this group's voice in modern American literature

Midcentury Quartet Thomas J. Travisano, 1999-12-29 In a February 1966 letter to her artistic confidant Robert Lowell Elizabeth Bishop tellingly grouped four midcentury poets Lowell Randall Jarrell John Berryman and herself For Bishop always wary of being pigeonholed and therefore reticent about naming her favorite contemporaries it was a rare explicit acknowledgment of an informal but enduring artistic circle that has evaded the notice of literary journalists for more than forty years Despite the private nature of their dialogue the group's members Bishop Lowell Jarrell and Berryman left a compelling record of their mutual interchange and influence Drawing on an extensive range of published and archival sources Thomas Travisano traces these poets creation of a surprisingly coherent postmodern aesthetic and defines its continuing influence on American poetry The refusal of this midcentury quartet as Travisano calls them to voice a formalized doctrine coupled with their intuitive way of working has caused critics to miss the coherence of their project Travisano argues that these poets are not only successors to Pound Auden Stevens and Eliot but postmodern explorers in their own right In forging their own aesthetic characterized here as a postmodern mode of elegy they encountered significant resistance from their immediate modernist mentors Allen Tate John Crowe Ransom and Marianne Moore Jarrell whom others of the group regarded as a critic of particular genius was first described as a postmodernist in a 1941 review by Ransom that Travisano cites as the earliest known use of the term In Jarrell's review of Lowell's *Lord Weary's Castle* six years later he named Lowell a postmodernist and identified traits among them the use of pastiche that are now considered by theorists such as Fredric Jameson as specifically postmodern And Bishop's inventiveness allowed her to adapt a self exploratory mode often but

imprecisely termed confessional to challenging forms such as the double sonnet villanelle and sestina. Each of these poets suffered a devastating loss during childhood and lived through the twentieth century disasters of the Great Depression, World War II and the Holocaust and the cold war. The continual tension in their poetry between subjectivity and form claims Travisano reflects the plight of the fractured individual in a postmodern world. By arguing so sharply for the importance of this circle, Midcentury Quartet is certain to redraw the map of postwar American poetry.

American Childhood Todd Brewster, 2023-05-23 American childhood is a carefully edited photographic record of the lives of American children accompanied by brief thoughtful essays on aspects of their experiences. There are over 200 pictures of children in this book ranging over the history of the American nation. Some of the people in these pictures would go on to fame or infamy. But for the great bulk of them a photograph is likely the only public trace they have left behind.
