Retrieving The American Past 2001 Edition:

Retrieving the American Past, 2001 *Historical Dictionary of the Philippines* Artemio R. Guillermo, 2012 The Historical Dictionary of the Philippines Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries *Extracting Appalachia* Geoffrey L. Buckley, 2004 As a function of its corporate duties the Consolidation Coal Company had photographers take hundreds of pictures of nearly every facet of its operations Here geographer Geoffrey L Buckley examines the company s photograph collection housed at the Smithsonian Institution s National Museum of American History *Historical Dictionary of the "dirty Wars"* David R. Kohut, Olga Vilella, Beatrice Julian, 2003 During the 1970s and 1980s national security regimes in Argentina Chile and Uruguay declared war on suspected subversives carrying out campaigns of mass human rights violations The Historical Dictionary of the Dirty Wars describes the period including the background and aftermath *John Bell Hood: Extracting Truth from History* Thomas J. Brown, 2012-12-13 The year 2011 brings us the sesquicentennial celebration of the American Civil War Surprisingly 150 years later students continue to find themselves asking many of the same questions about the great national tragedy faced during the centennial in 1961 For example did slavery cause the great conflict or did constitutional questions act as the catalyst Does the Battle of Gettysburg represent the turning point of the War or did that occur elsewhere In connection with the last question Lost Cause advocates those great pro Confederacy propagandists found convenient villains to blame for the Southern defeat One of these Confederate General John Bell Hood plays an important role This paper contends that in his case the Lost Cause is wrong and that Hoods historical treatment has been false Standard critical treatment of John Bell Hood over the years has tended to characterize the general as rash overaggressive and lacking in strategic imagination For such critical historians Hood appears as old fashioned and someone limited logistically to the frontal assault These accounts mainly stress his negative aspects as a soldier and tend to center around the Battle of Franklin This thesis by analyzing every battle that Hood commanded as a leader of the Army of Tennessee particularly those fought around Atlanta reveals him to have been a far more bold imaginative and complex leader than has previously been portrayed

Extracting Innovations Martin J. Clifford, Robert K. Perrons, Saleem H. Ali, Tim A. Grice, 2018-06-13 This book considers the most contemporary innovations propelling the extractive industries forward while also creating new environmental and social challenges The socio ecological fabric of innovation in the extractive industries is considered through an integrative approach that brings together engineers natural scientists and social scientists academics and practitioners giving an empirically grounded and realistic evaluation of the innovations in this sector It synthesizes a series of questions including

Record of Proceedings of the Board of Trustees of the Ohio State University Ohio State University. Board of Trustees, 2000 **Extracting Stone** Anne S. Dowd, Mary Beth D. Trubitt, 2024-04-04 A comprehensive view of quarrying activities from three key regions in North America This exciting new addition to the the American Landscapes series provides an in depth account of how flintknappers obtained and used stone based on archaeological geological landscape and anthropological data Featuring case studies from three key regions in North America this book gives readers a comprehensive view of quarrying activities ranging from extracting the raw material to creating finished stone tools Quarry landscapes were some of the first large scale land modification efforts among early peoples in the New World The chronological time periods covered by quarrying activities show that most intensive use took place during parts of the Archaic and Woodland periods or between roughly 4000 1000 years ago when denser populations existed but use began as early as the Paleoindian Period about 13 000 9000 years ago and ended in the Historic or Protohistoric periods when colonists and Native Americans mined chert for gunflints and sharpening stones or abrasives From the procurement systems approach common in the 1980s and 1990s archaeologists can now employ a landscape approach to quarry studies in tandem with Geographic Information Systems GIS computer mapping and digital analysis Light and RADAR LiDAR airborne laser scanning for recording topography or high resolution satellite imagery Authors Dowd and Trubitt show how sites functioned in a broad landscape context which site locations or raw material types were preferred and why what cultures were responsible for innovative or intensive quarry resource extraction as well as how land use changed over time Besides discussions of the way that industrialists used natural resources to change their technology by means of manufacture trade and exchange examples are given of heritage sites that people can visit in the United States and Canada Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America s complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what Christian Nation The United States in Popular Perception and Historical Reality does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the

United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or complimentary views of various Founding Fathers to arrive at the answers and at long last the truth Land and the Mortgage Daivi

Rodima-Taylor,Parker Shipton,2022-02-11 The mortgaging of land is not just economic and legal but also social and cultural Here anthropologists historians and economists explore origins variations and meanings of the land mortgage and the risks to homes and livelihoods Combining findings from archives printed records and live ethnography the book describes the changing and problematic assumptions surrounding mortgage It shows how mortgages affect people on the ground where local forms of mutuality mix with larger bureaucracies The outcomes of mortgage in Africa Europe Asia and America challenge economic development orthodoxies calling for a human centered exploration of this age old institution **Talk**

and Interaction in Social Research Methods Paul Drew,Geoffrey Raymond,Darin Weinberg,2006-05-11 This book admirably fulfils its stated objective of describing social research methods in action and exploring from a range of perspectives the linguistic shaping of social context Overall this is a balanced well edited and coherent collection of papers bringing together high quality work from recognized authorities in the analysis of talk in interaction It is also highly accessible it would certainly make an excellent resource book for undergraduate graduate and practising social scientists Rebecca Clift University of Essex **Talk and Interaction in Social Research Methodologies** is a much needed methods text Focusing on research methods in action the volume offers a new way of viewing the realities of social research By taking language use seriously the text reveals the details and depths of a wide range of research projects as they have seldom been presented before This is the first book of its kind to offer such a powerful and insightful depiction of the role of talk in interaction in relation to social research methods The book s plan is creative and unparalleled There s nothing else like it The editors Paul Drew Geoffrey Raymond and Darin Weinberg represent the very best from multiple traditions of researching talk in interaction from both sides of the Atlantic The chapters are written by a sterling collection of researchers a virtual honor roll of conversation analysts and kindred spirits This book is a must read for social researchers of all disciplines who are interested in social interaction It should be assigned reading for all graduate students being introduced to qualitative methods It should be on every qualitative researcher s book shelf It is a tour de force in demonstrating the absolutely fundamental position that language use holds in social science methodology James A Holstein Marquette University This is a methodology text with a difference It demonstrates the importance of talk in a variety of social research methodologies Even documents the seemingly least interactional form of social data are shown to have important interactional dimensions The book focuses systematically on how sociological methods are essentially conducted through forms of spoken interaction and how these interactions shape the results that emerge in research The book demonstrates How spoken interactions shape the

outcomes of core research methodologies The role which talk in interaction plays in key substantive areas of sociology notably race crime gender and media Reveals the interactional underpinnings of research methodologies This is the first text aimed at an undergraduate and Master s audience in Sociology and Social Research which shows the crucial part that spoken interaction plays in the conduct and products of conventional sociological methodologies **Official Gazette of the United States Patent and Trademark Office** ,2002 *Climate Change* Juan A. Blanco,Houshang Kheradmand,2011-09-12 This book offers an interdisciplinary view of the biophysical issues related to climate change Climate change is a phenomenon by which the long term averages of weather events i e temperature precipitation wind speed etc that define the climate of a region are not constant but change over time There have been a series of past periods of climatic change registered in historical or paleoecological records In the first section of this book a series of state of the art research projects explore the biophysical causes for climate change and the techniques currently being used and developed for its detection in several regions of the world The second section of the book explores the effects that have been reported already on the flora and fauna in different ecosystems around the globe Among them the ecosystems and landscapes in arctic and alpine regions are expected to be among the most affected by the change in climate as they will suffer the more intense changes The final section of this book explores in detail those issues **Feminism for the Americas** Katherine M. Marino,2019-02-05 This book chronicles the dawn of the global movement for women s rights in the first decades of the twentieth century The founding mothers of this movement were not based primarily in the United States however or in Europe Instead Katherine M Marino introduces readers to a cast of remarkable Latin American and Caribbean women whose deep friendships and intense rivalries forged global feminism out of an era of imperialism racism and fascism Six dynamic activists form the heart of this story from Brazil Bertha Lutz from Cuba Ofelia Domínguez Navarro from Uruguay Paulina Luisi from Panama Clara González from Chile Marta Vergara and from the United States Doris Stevens This Pan American network drove a transnational movement that advocated women s suffrage equal pay for equal work maternity rights and broader self determination Their painstaking efforts led to the enshrinement of women s rights in the United Nations Charter and the development of a framework for international human rights But their work also revealed deep divides with Latin American activists overcoming U S presumptions to feminist superiority As Marino shows these early fractures continue to influence divisions among today s activists along class racial and national lines Marino s multinational and multilingual research yields a new narrative for the creation of global feminism The leading women introduced here were forerunners in understanding the power relations at the heart of international affairs Their drive to enshrine fundamental rights for women children and all people of the world stands as a testament to what can be accomplished when global thinking meets local action **Ute Land Religion in the American West, 1879-2009** Brandi Denison,2017-07 Ute Land Religion in the American West 1879 2009 is a narrative of American religion and how it intersected with land in the American West Prior to 1881 Utes lived on the largest reservation

in North America twelve million acres of western Colorado Brandi Denison takes a broad look at the Ute land dispossession and resistance to disenfranchisement by tracing the shifting cultural meaning of dirt a physical thing into land an abstract idea This shift was made possible through the development and deployment of an idealized American religion based on Enlightenment ideals of individualism Victorian sensibilities about the female body and an emerging respect for diversity and commitment to religious pluralism that was wholly dependent on a separation of economics from religion As the narrative unfolds Denison shows how Utes and their Anglo American allies worked together to systematize a religion out of existing ceremonial practices anthropological observations and Euro American ideals of nature A variety of societies then used religious beliefs and practices to give meaning to the land which in turn shaped inhabitants perception of an exclusive American religion Ultimately this movement from the tangible to the abstract demonstrates the development of a normative American religion one that excludes minorities even as they are the source of the idealized expression **Extracting**

Accountability from Non-State Actors in International Law Lee James McConnell, 2016-11-10 The human rights of communities in many resource rich weak governance States are adversely affected not only by the acts of States and their agents but also by powerful non State actors Contemporary phenomena such as globalisation privatisation and the proliferation of internal armed conflict have all contributed to the increasing public influence of these entities and the correlative decline in State power This book responds to the persistent challenges stemming from non State actors linked to extractive industries In light of the intersecting roles of multinational enterprises and non State armed groups in this context these actors are adopted as the primary analytical vehicles The operations of these entities highlight the practical flaws of existing accountability regimes and permit an exploration of the theoretical challenges that preclude their direct legal regulation at the international level Drawing insights from discursive democracy compliance theories and the Pure Theory of Law the book establishes a conceptual foundation for the creation of binding international obligations addressing non State actors Responding to the recent calls for a binding business and human rights treaty at the UN Human Rights Council and the growing influence of armed non State actors the book makes a timely contribution to debates surrounding the direction of future developments in the field of international human rights law **Extracting Bioactive Compounds for Food Products**
