**Pedro Calderón de la Barca and the World Theatre in Early Modern Europe** Rasmus Vangshardt, 2023-11-20

Rasmus Vangshardt offers an original interpretation of one of the most famous images of literary history the theatrum mundi By applying methods of comparative literature hispanic studies and theology he reconsiders the world theatre s historical peak in early modern Europe in general and the Spanish Golden Age in particular The author presents a new close reading of Pedro Calderón s *El gran teatro del mundo* c 1633-36 and outlines the historical and systematic framework for a theatrum mundi of celebration This concept entails using art to justify human existence in the face of changing conceptions of the cosmos an early modern aesthetic theodicy and a justification of the world in that liminal space between drama and ritual By discussing historiographical theories of early modern Europe especially those of Hans Blumenberg and Bruno Latour and through conversations with Shakespearean drama and Spanish Golden Age classics Vangshardt also argues that the theatrum mundi of celebration questions traditional assumptions of great divides between the Middle Ages and Early Modernity and challenges theories of a European wide early modern sense of crisis

**Don Quixote's Impossible Quest for the Absolute in Literature** William Franke, 2024-07-31 This book offers a reading particularly of Part II of *Don Quixote* a reading that is embedded in a philosophical reflection on the revelation of religious truth in and through literature Part II of *Don Quixote* is the far richer part for its meta literary reflection on the novel itself as a genre and on life as such seen through the lens of self reflection The author has treated the phenomenon of modern self reflexivity as originally theological in nature in previous publications notably *Dante s Paradiso and the Theological Origins of Modern Thought Toward a Speculative Philosophy of Self Reflection* Routledge 2021 The present endeavor expands this overall intellectual project extending it into detailed consideration of what is recognizably another nodal great work inaugurating unprecedented forms of self reflection in the early modern period Reading the founding texts of literary and cultural tradition in this negative theological key proves crucial to allowing them to release the full force of their religious vision in the present age despite its sometimes obstinate secularity This reading absorbs and reconciles the religious and secular readings of Miguel de Unamuno and Jos Ortega y Gasset two of Spain s outstanding philosophical luminaries Both thinkers based their entire philosophies and their analyses of the Spanish national character and destiny on their interpretations of the Quixote Negative theology deploys critical reason that critiques the limits of reason itself and opens toward an unfathomable unground of All Such speculative interpretation performs a synthesis of the secularizing and sacralizing tendencies that are both sublimely operative in the text of the Quixote It thereby enables the work to emerge in the fully parodic and paradoxical vitality that other interpretations governed by one paradigm or the other access only partially Rather than falling into one camp or the other the proposed approach combines and resources both heritages sacred and secular in their deepest synergisms Spanish baroque mysticism and contemporary post secular thought are made to converge in highlighting the blessed even sacred

donation that literature like Don Quixote preserves and transmits as our most precious and saving cultural heritage

La esperanza es una apuesta vital e intelectual tica y mística a la vez. Una virtud del fin de los tiempos que vivimos hoy urgente no solo para los creyentes de cualquier tradición religiosa o sabiduría espiritual sino para cualquier ser humano que anhela un mañana para todos. **Carlos Fuentes's *Terra Nostra* and the Kabbalah** Sheldon Penn, 2003. Rather than treating the Jewish Kabbalah as merely one heretical doctrine among others in Fuentes's novel *Terra Nostra*, Penn, Spanish U of Leicester, argues that examining its presence is vital for understanding both the theme and style. He draws on 20th century scholarship showing links between Jewish mysticism and theories of history and textuality and literary implementations of the Kabbalah by writers who significantly influenced Fuentes such as Alejo Carpentier and Jorge Luis Borges. His discussion of the Kabbalistic concept of language and its operation in the novel *Celestina* as metaphysical woman, Kabbalistic time and a novelistic historiography. The text is double spaced. **Oneness Pentecostalism** Lloyd D. Barba, Andrea Shan Johnson, Daniel Ramírez, 2023-03-13. This volume traces the history of Oneness Pentecostalism in North America. It maps the major ideas, arguments, periodization and historical figures, corrects long standing misinterpretations and draws attention to how race and gender impacted the growth and trajectories of this movement. Oneness Pentecostalism emerged in the aftermath of the Azusa Street Revival 1906-9 baptizing its members in the name of Jesus Christ rather than the Father, Son and Holy Spirit and splintering from trinitarian Pentecostals. With its rapid growth throughout the twentieth century especially among ethnic minorities, Oneness Pentecostalism assumed a diversity of theological, ethnic and cultural expressions. This book reckons with the multiculturalism of the movement over the course of the twentieth century. While common interpretations tend to emphasize the restorationist impulse of Oneness Pentecostalism leading to notions of a static, unchanging movement, the contributors to this work demonstrate that the movement is much more fluid and that the interpretation of its history and theology should be grounded in the variegated North American contexts in which Oneness Pentecostalism has taken root and dynamically developed. Groundbreaking and interdisciplinary, this volume presents diverse perspectives on a significant religious movement whose modern origins are embedded within the larger Pentecostal story. It will be welcomed by religious studies scholars and by practitioners of Oneness Pentecostalism. In addition to the editors, the contributors to this volume are Daniel Chiquete, Dara Coleby, Delgado Patricia, Fortuny Loret de Mola, Manuel Gaxiola, David Reed, Rosa Sailes and Daniel Segraves.
