Revelation and Mystery in Ancient Judaism and Pauline Christianity M. N. A. Bockmuehl, 1987 **Fallen Angels and the History of Judaism and Christianity** Annette Yoshiko Reed, 2005-11-28

This book considers the early history of Jewish Christian relations focussing on the fallen angels **The Consciousness of the Historical Jesus** Austin Stevenson, 2024-02-22 In this book Austin Stevenson argues that it is not the divinity of Jesus that causes problems for historians but his humanity To insist that Jesus was fully human as both theologians and historians do still leaves us with the question of what it means to be human It turns out that theologians and historians often have different answers to this question on both a philosophical and a theological register Furthermore historians frequently misunderstand the historiographical implications of classical Christology and thus the compatibility between traditional beliefs about Jesus and critical historical inquiry Through close engagement with the thought of Thomas Aquinas c 1225-74 this book offers a new path toward the reconciliation of these disciplines by focusing on human knowledge and subjectivity which are central issues in both historical method and Christology By interrogating and challenging the normative metaphysical assumptions operative in Jesus scholarship a range of possibility is opened up for approaches to Jesus that are genuinely historical but not naturalistic A Theology of Paul and His Letters Douglas J. Mystery and the Making of a Christian Historical Consciousness T. J. Lang, 2015-10-16 In general theological terms this study examines the interplay of early Christian understandings of history revelation and identity The book explores this interaction through detailed analysis of appeals to mystery in the Pauline letter collection and then the discourse of previously hidden but newly revealed mysteries in various second century thinkers T J Lang argues that the historical coordination of the concealed revealed binary the mystery previously hidden but presently revealed enabled these early Christian authors to ground Christian claims particularly key ecclesial hermeneutical and christological claims in Israel s history and in the eternal design of God while at the same time accounting for their revelatory newness This particular Christian conception of time gives birth to a new and totalizing historical consciousness and one that has significant implications for the construction of Christian identity particularly vis vis Judaism

Tragedy, Ritual and Money in Ancient Greece Richard Seaford, 2018-11-22 Brings together a wide range of papers written with a single vision Greek tragedy the New Testament representations of the inner self Greek and Indian philosophy Wagner these seemingly disparate phenomena are analysed with special attention to the shaping influence of ritual and of money

Discerning the "Word of the Lord" Michael W. Pahl, 2009-05-07 In 1 Thessalonians 4 15 the Apostle Paul appeals to a word of the Lord to provide authority for his eschatological encouragement This appeal has left a perplexing problem related to the nature and function of the specific authority to which the phrase refers Two theories have predominated in the history of interpretation either 1 it refers to a directly received prophetic revelation whether to Paul or to another Christian prophet or 2 it refers to a teaching of Jesus received as tradition whether preserved in the Gospel tradition or otherwise unknown This book investigates this problem from three angles epistemological analysis examining Paul s authorities for his knowledge particularly in his eschatology linguistic analysis including both grammatical and lexical study of the phrase and contextual analysis setting the statement within its historical and literary contexts These approaches converge to suggest a fresh solution to the problem while Paul does appear to employ traditional Christian eschatological teaching in his response to the Thessalonian crisis 4 16 17a the phrase does not refer to this tradition but rather refers to the proclaimed gospel message about Jesus centred on his death and resurrection which forms the theological foundation of Paul s response cf 4 14

Kugel, Judith H.

Newman, Judith Hood Newman, 2004 In this Festschrift James Kugel's creative scholarship in biblical interpretation provides the inspiration for a wide ranging collection of essays that treat the history of Jewish and Christian scriptural interpretation from antiquity to the present Paul Among the Apocalypses? J. P. Davies, 2016-06-16 A vibrant and growing field of discussion in contemporary New Testament studies is the question of apocalyptic thought in Paul What is often lacking in this discussion however is a close comparison of Paul's would be apocalyptic theology with the Jewish and Christian apocalyptic literature of his time and the worldview that literature expresses This book addresses that challenge Covering four key theological themes epistemology eschatology cosmology and soteriology J P Davies places Paul among the apocalypses in order to evaluate recent attempts at outlining an apocalyptic approach to his letters While affirming much of what those approaches have argued and agreeing that apocalyptic is a crucial category for an understanding of the apostle Davies also raises some important questions about the dichotomies which lie at the heart of the apocalyptic Paul movement

Uncovering the Theme of Revelation in Romans 1:16-3:26 Marcus A. Mininger, 2017-09-19 Past study of Rom 1 16 3 26 focuses on individual salvation or on social relations and also produces a host of interpretative quandaries Marcus A Mininger develops a new approach which includes but goes beyond these foci by unearthing the theme of revelation that runs throughout Paul's argument largely unnoticed More than a proof of sin or of social equality Paul provides a survey of numerous visible revelations in which otherwise invisible realities like God's wrath the power of sin and God's righteousness are seen through the observable effects they produce in different people Read this way the rationale of Paul's argument becomes quite clear including for problem texts like Rom 2 and 3 1 8 as Paul proves that the gospel not the law overcomes sin's power and that God's righteousness always exists in contrast to the human condition in this age From publisher's description **In Stone and Story** Bruce W. Longenecker, 2020-02-18 This beautifully designed full color textbook introduces the Roman background of the New Testament by immersing students in the life and culture of the thriving first century towns of Pompeii and Herculaneum which act as showpieces of the world into which the early Christian movement was spreading Bruce Longenecker a leading scholar of the ancient world of the New Testament discusses first century artifacts in relation to the life stories of people from the Roman world The book includes discussion questions maps and 175

color photographs Additional resources are available through Textbook eSources **Scientific Theology: Theory** Alister E. McGrath, 2006-11-23 Noting the important parallels between scientific theory and Christian doctrine McGrath offers a sustained defense of the necessity of doctrine within Christian theology against those who argue for a non dogmatic Christianity The approach developed within this volume builds on the work of writers such as Heidegger and Habermas and argues that theory is to be conceived in terms of the communal beholding of reality The many theoretical issues to be addressed in this volume include the manner in which closure is secured in theological theorizing the implications of the stratification of reality for its representation the place of metaphysics in Christian theology and the nature of revelation itself Viewed as a whole Theory represents a fresh evaluation of the origins and place of theory in Christian theology which is certain to provoke discussion and debate This third volume completes the A Scientific Theology series A Scientific Theology is a groundbreaking work of systematic theology in three volumes Nature Reality and Theory Now available as a three volume set **A Scientific Theology** Alister E. McGrath, 2003-01-01 The third volume of an extended and systematic exploration of the relation between Christian theology and the natural sciences focussing on the origins and place of theory in Christian theology **A Heritage Of Holy Wood** Barbara Baert, 2004-01-01 This fascinating study reconstructs the tradition of the Legend of the True Cross in text and image from its tentative beginnings in 4th century Jerusalem to the culminating expression of its multi layered cosmic content in 14th and 15th century monumental cycles in Germany and Italy

John Among the Apocalypses Benjamin E. Reynolds, 2020 John among the Apocalypses explains John s distinctive narrative of Jesus s life by comparing it to Jewish apocalypses and highlighting the central place of revelation in the Gospel By engaging with modern genre theory Reynolds reveals surprising similarities of form content and function between John s Gospel and Jewish apocalypses **Paradise Now** April D. De Conick, 2006 **The Theological Role of Paradox in the Gospel of Mark** Laura C. Sweat, 2013-08-15 Scholarship on the Gospel of Mark has long been convinced of the paradoxical description of two of its primary themes christology and discipleship This book argues that paradoxical language pervades the entire narrative and that it serves a theological purpose in describing God s activity Part One focuses on divine action present in Mark 4 10 12 In the first paradox Mark portrays God s revelatory acts as consistently accompanied by concealment The second paradox is shown in the various ways in which divine action confirms yet counters scripture Finally Mark describes God s actions in ways that indicate both wastefulness and goodness deeds that are further illuminated by the ongoing yet defeated presence of evil Part Two demonstrates that this paradoxical language is widely attested across Mark s passion narrative as he continues to depict God s activity with the use of the three paradoxes observed in Mark 4 Through paradoxical narrative Mark emphasizes God s transcendence and presence showing that even though Jesus has brought revelation a complete understanding of God remains tantalizingly out of their grasp until the eschaton 4 22
