has fired the imaginations of theologians preachers artists and ordinary Christians across the centuries The resulting number of commentaries on the book is enormous and most studies can only touch upon at most a representative sample of this vast literature As a consequence many focus largely on the interpretation of the Apocalypse only within specific periods such as the patristic period or during the Reformation One result of this severe limitation given the vast literary corpus is how historical interpretations in critical commentaries of the Book of Revelations tend to prioritize authors from the modern

period In *The Book of Revelation and Its Interpreters* Short Studies and an Annotated Bibliography editors Richard Tresley and Ian Boxall fill a significant gap in the scholarly literature At its heart is an extensive annotated bibliography covering commentaries on the book up to 1700 including most of the early illuminated Apocalypses Supporting the presentation of this survey of the historical interpretations of the Book of Revelation is an extended overview of Revelation's often colorful reception history by Christopher Rowland together with a number of short studies on various aspects of the book These include discussions of specific commentators such as Sean Michael Ryan's look at Tyconius and Francis X Gumerlock's exploration of Chromatius of Aquileia alongside a more general treatment of Revelation's impact on the figure of John of Patmos in an essay by Ian Boxall and the visual reception of Revelation in Natasha O'Hear's article *The Book of Revelation and Its Interpreters* provides a valuable bibliographical resource for those working in the field of Biblical Studies history of Christianity eschatology and apocalyptic studies The accompanying essays orient the authors recorded in the bibliography within a larger context offering specific examples of the Apocalypse's capacity to speak in fresh and often surprising ways to diverse audiences throughout history

Johannine Writings and Apocalyptic Stanley E. Porter, Andrew K. Gabriel, 2013-09-15 *Johannine Writings and Apocalyptic* provides a wide ranging and thorough annotated bibliography for John's Gospel the Johannine letters Revelation and apocalyptic writings pertinent to these books More inclusive than many other bibliographies this volume provides reference to over 1300 individual entries often including references to multiple works with a given description Annotations are designed to provide guidance to a wide range of readers from students wishing to gain entry to the subject to graduate students engaging in research to professors needing ready access to useful materials The volume is topically organized and indexed for easy access

The Bible Paula Gooder, 2013-06-01 From the language of Shakespeare to the US presidential campaign trail, the Bible's influence is all around us. It is the most printed book of all time, yet upon reading it, we are met not by one work but by many—a complex mix of history and parable, law and prophecy. In this authoritative and impartial introduction, Paula Gooder ably guides the reader in how to approach this multifaceted text and explores its enduring influence on Western culture, from Renaissance art to Mel Gibson's *The Passion of the Christ*. Featuring textboxes focussing on key details, Gooder provides an illuminating framework for understanding the Bible and shares her infectious enthusiasm for the topic. Covering its origins, content, and interpretation, this wide-ranging primer will be of invaluable benefit to those of any and no faith alike.

The Origins of Pauline Pneumatology Finny Philip, 2005 Finny Philip inquires into Paul's initial thoughts on the Holy Spirit. Paul's conviction that he was called to be an apostle to the Gentiles and that God bestowed the Spirit upon the Gentiles apart from Torah obedience is the basis for any inquiry on this subject. Central to Philip's argument is Paul's conviction that God graciously endowed his Gentile converts with the gift of the Spirit, an understanding that is rooted primarily in his conversion experience and secondarily in his experience with and as a missionary of the Hellenistic community in Antioch. In examining the range of expectations of the Spirit that were present in both Hebrew scripture and in the wider Jewish literature, the author comes to the conclusion that such a concept is rare and that it is usually the covenant community to which the promise of the Spirit is given. Furthermore, Paul's own pre-Christian convictions about the Spirit, a result of his own self-perception as a Pharisee and persecutor of the church, display continuity between his thought patterns and those of Second Temple Judaism. Paul's Damascus experience was an experience of the Spirit. His experience of the glory of God in the face of Jesus Christ (2 Cor 3:14-6) provided him with the belief that there was now a new relationship with God which was possible through the sphere of the Spirit. In addition, Paul was influenced by the Hellenists whose theological beliefs included the perception of the church as the eschatological temple in which the Spirit of God is the manifest presence of God. It is in these notions that one may trace the origins of Paul's thoughts on the Holy Spirit.

Finamore, 2009-04-01 The ideas of Rene Girard are having a profound effect on Christian theology This book offers a critical introduction to his thought and then uses it to interpret the Book of Revelation The result is a reading of extraordinary relevance for the contemporary world Readers of the Apocalypse are often disturbed by the images of destruction in the book

and are unsure why these are unleashed after the exaltation of Jesus This study examines past approaches to these texts and uses Girard s theories to revive some old ideas and propose some new ones Seen in this light the Apocalypse becomes the story of the ultimate vindication of the victim a source of hope and a resource that can be used both to encourage resistance to the destructive forces within culture and to help the church and the poor to engage constructively with the issues of our day
