Frederick Starr, 2000 Innovating American composer virtuoso pianist and swashbuckling Romantic hero Louis Moreau Gottschalk

Frederick Starr's biography originally published as *Bamboula* is the most extensive chronicle available of Gottschalk's eventful life. Starr examines Gottschalk's music, his frenetic life on the road, his virtuosity as a performer, his effect on his audiences and the scandals surrounding his romantic dalliances. He also reveals a generous and compassionate man who sponsored a host of young musicians and provided financial support for his many siblings.

Verdi in America George Whitney Martin, 2011. The operas of Giuseppe Verdi stand at the center of today's operatic repertoire and have done so for more than a century. The story of how the reputation and wide appeal of these operas spread from Western Europe throughout the world has long needed to be told. This latest book by noted Verdi authority George W. Martin, *Verdi in America*, details the changing fortunes of Verdi's early operas in the theaters and concert halls of the United States. Among the important works whose fates Martin traces are *Nabucco*, *Attila*, *Ernani*, *Macbeth* in its original version, *Luisa Miller*, and one of Verdi's immortal masterpieces, *Rigoletto*, denounced in 1860 as the epitome of immorality. Martin also explores the astonishing revival of many of these operas in the 1940s and onward, including *Macbeth* in its revised version of 1865 and the first American productions, sometimes in small opera houses outside the main circuit of some Verdi operas that had never previously managed to cross the Atlantic. Extensive quotations from newspaper reviews testify to the eventual triumph of these remarkable works. They also reveal the crucial shifts in tastes and expectations that have occurred from Verdi's day to our own.

Publisher description Fire in the Minds of Men James Billington, 2017-10-24. This book traces the origins of a faith, perhaps the faith of the century. Modern revolutionaries are believers no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries, the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the
