Peluso, Gerald J. Mozdzierz, Joseph Lisiecki, 2013-12-17 Research has shown that the most effective way to prepare students for practice with real clients is to learn to think in a new way rather than simply learning and using a set of steps While there is much to be learned from what master practitioners do in their sessions there is even more knowledge to gain from learning how they think The second edition of Principles of Counseling and Psychotherapy offers students and practitioners a way to understand the processes behind effective outcomes with a wide variety of clients The second edition is infused with real world clinical case examples and opportunities for readers to apply the material to the cases being presented New thought exercise sections are specifically designed to engage the reader's natural non linear thinking and transcript material both from cases and from master therapists themselves are interwoven in the text Accompanying videos available through Alexander Street Press bring the text to life and instructors will find testbanks transition notes and narrated PowerPoints available for free download from the book's website at www.routledge-mentalhealth.com The Daily Perils of Executive Life Manfred F. R. Kets de Vries, 2022-03-09 During a period of enforced solitude during the Covid 19 pandemic Manfred Kets de Vries became introspective reflective and considered how executives could emerge from unprecedented global events The result is a collection of 23 thought provoking and focused chapters to help executives take stock and re evaluate their path during a time of uncertainty Beginning with essays on Managing Self Kets de Vries starts with people's search for meaning and how we can deal with this important question Given our need for meaning the question of human energy is discussed What gives executives energy What makes them feel alive How best to use this energy Several essays in this section deal with the effects of the pandemic on people's perception and management of time The second section focuses on leadership and highlights several executive types you've probably encountered at work and struggle to deal with complainers belligerent people and borderlines will be part of this parade Also touching upon mental health issues and how organizations should deal with this this section gives a deep insight into the leadership issues that we now face in what might be termed the new normal Finally Kets de Vries places societal issues under the microscope Tackling a multitude of interrelated topics he explores the challenges of bringing in democratic
