Screen Stories Carl R. Plantinga, 2018 The way we communicate with each other is vital to preserving the cultural ecology or wellbeing of a place and time Do we listen to each other Do we ask the right questions Do we speak about each other with respect or disdain The stories that we convey on screens or what author Carl Plantinga calls screen stories are one powerful and pervasive means by which we communicate with each other Screen Stories Emotion and the Ethics of Engagement argues that film and media studies needs to move toward an approach to ethics that is more appropriate for mass consumer culture and the lives of its citizens Primarily concerned with the relationship between media and viewers this book considers ethical criticism and the emotional power of screen stories that makes such criticism necessary The content we consume from television shows and movies to advertisements can significantly affect our welfare on a personal and societal level and thus this content is subject to praise and celebration or questioning and even condemnation The types of screen stories that circulate contribute to the cultural ecology of a time and place through shared attention they influence what individuals think and feel Plantinga develops a theory of the power of screen stories to affect both individuals and cultures asserting that we can better respond ethically to such media if we understand the sources of its influence on us

Further proof if any is needed that Auchincloss ranks among the best in American literature Kirkus Reviews **Homicide and the Politics of Law Reform** Jeremy Horder, 2012-07-12 What makes murder murder How should we understand the difference between intentional and reckless killing Should offenders be punished differently according to the perceived severity of their crime and when should they be excused These questions are the topic of intense debate within legal circles and beyond in the UK the US and the rest of world Jeremy Horder's role as the Law Commissioner for England and Wales on criminal law has given him unique insight into these questions and the debates surrounding them Here he analyses the recent political and legal reform movements offering a political history of homicide law reform from the 19th century to the modern era Using homicide as a starting point Horder raises deeper questions of who is and should be responsible for making and changing the law What role should there be for expert bodies judges and politicians What role should there be for the general public These questions invoke strong emotional responses Horder argues that comprehensive research into and a degree of difference to public opinion on the scope of homicide is essential to the reform process It is essential principally as a means of conferring true legitimacy on homicide reform in a democracy Elite or expert opinion alone will never authentically secure such legitimacy Offering an insider's view into the processes of achieving law reform Horder expresses criticism of a system that excludes the vast majority of people from consultation on reform of the laws that govern them **When the Devil was Sick** Charles Ross, 1924 *The Last Boleyn* Karen Harper, 2006-02-28 She survived her own innocence and the treachery of Europe's royal courts The Last Boleyn is the story of the rise and fall of the Boleyns one of England's most powerful families through the eyes of the eldest daughter Mary Although her sister Anne the queen her brother George executed alongside Anne and her father Thomas are most remembered by history Mary was the Boleyn who set into motion the chain of events that brought about the family's meteoric rise to power as well as the one who managed to escape their equally remarkable fall Sent away to France at an extraordinarily young age Mary is quickly plunged into the dangerous world of court politics where everything is beautiful but deceptive and everyone she meets is watching and quietly manipulating the events and people around them As she grows into a woman Mary must navigate both the dangerous waters ruled by two kings and the powerful will of her own family in order to find a place for herself and the love she so deeply desires **The Bombmaker** Stephen Leather, 2009-06-25 Andrea Hayes was one of the IRA's most deadly killers But when a misplaced bomb ripped apart a group of passing kids she left all that behind her Now years later she lives a quiet suburban life with her husband and young daughter and her days of violence seem a distant memory But then her daughter is kidnapped by persons unknown and the past comes knocking at her door PRAISE FOR STEPHEN LEATHER A master of the thriller genre Irish Times As tough as British thrillers get gripping Irish Independent The sheer impetus of his story telling is damned hard to resist Sunday Express **The Power Broker** Robert A.
