great work he addresses questions that pressed insistently on the imagination of all who were unhappy with the changes wrought by the Restoration How do we respond to the experience of defeat and to fears of having been abandoned by the divine How do we know when our actions accord with divine will or when they are fueled instead by our fallen desires and weaknesses At what point do accommodation and compromise with an enemy become a failure of will What constitutes true heroism To what extent is violence justified in the cause of freedom In this dramatic poem Milton abandons the regularly maintained blank verse of *Paradise Lost* and *Paradise Regained* and employs varying line lengths mixes blank verse with lyric rhyme and takes such liberties with scansion that the poem often has the feel of modern free verse To many scholars the poetry of *Samson Agonistes* seems the culminating literary expression of a poet who had already demonstrated his mastery of traditional forms and felt free to abandon convention to create the poetic effects he desired In addition to *Samson Agonistes* this volume includes a selection of Milton's best known short poems also taken from *The Broadview Anthology of British Literature* The biblical material concerning Samson is also included in an appendix [The Classified Index to the London Catalogue of Books Published in Great Britain 1816 to 1851 ...](#) Thomas Hodgson, 1853 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
