The Revolution in Provincial France Alan I. Forrest, 1996 This book presents a provincial view of the French Revolution and assesses the experience of revolution across a broad swathe of south western France in an area which increasingly looked to Bordeaux as its capital city Here the Revolution was not simply a pale reflection of events in Paris Local conflicts and personal rivalries are vital to our understanding of the shape of events in the region as are contrasting traditions of religious affiliation peasant radicalism and obedience to the state The book examines the Revolution within a thematic framework and discusses such aspects as the growth of a local political culture the incidence of rural insurrection religious responses to the Revolution the chequered appeal of federalism and the uneven experience of Terror and political repression
