**The Marauders** Patrick Strickland,2022-01-25 The Marauders is a blistering book a hard ass stare into the voracious mouth of the US Mexico border Patrick Strickland has done a fine piece of reporting from places we don t dare to tread Luis Alberto Urrea author of The Devil s Highway This real life Western tells the story of how citizens in a small Arizona border town stood up to anti immigrant militias and vigilantes The Marauders uncovers the riveting nonfiction saga of far right militias terrorizing the border towns of southern Arizona In one of the towns profiled Arivaca rogue militia members killed a man and his nine year old daughter in 2009 In response the residents organized and spent two years trying to push the new militias out through boycotts and by urging local businesses to ban them The militias and vigilante groups again raised the stakes spreading Pizzagate style conspiracy theories alleging that town residents were complicit in child sex trafficking prompting fears of vigilante violence The Marauders flips the standard formula most often applied to stories about immigration and the far right Too often those stories are told from the perspective of the ones committing the violence While Strickland doesn t shy away from exploring those dark themes the far right are not the protagonists of the book Rather the people targeted by hate groups and the individuals who rose up to stop them in their tracks are the heroes of this dramatic
