Rudi 14 Years With My Teacher:

Rudi John Harvey Mann, 1987 Rudi was an authentic spiritual genius who nourished a deep personal contact with his hundreds of students His teaching was direct and intense yet the essence of simplicity The force of his personality immediately captured John Mann and never let him go Here is their story a chronicle of a special friendship and an evocation of Rudi's remarkable wisdom EXPLORING OPEN SECRETS John Mann, 2012-05-29 This book constitutes a voyage of discovery that the reader and the author take together in search of open secrets in the everyday world An example of such a secret is we do not know how we appear to others but we act as if we do Utilizing the Socratic approach of asking questions rather than giving answers the nature of such secrets are gradually revealed to the reader in terms of their own personal experience **Homegrown Gurus** Ann Gleig, Lola Williamson, 2013-10-29 Today a new stage in the development of Hinduism in America is taking shape After a century of experimentation during which Americans welcomed Indian gurus who adjusted their teachings to accommodate the New World context American Hinduism can now rightly be called its own tradition rather than an imported religion Accordingly this spiritual path is now headed by leaders born in North America Homegrown Gurus explores this phenomenon in essays about these figures and their networks A variety of teachers and movements are considered including Ram Dass Siddha Yoga and Amrit Desai and Kripalu Yoga among others Two contradictory trends quickly become apparent an increasing Westernization of Hindu practices and values alongside a renewed interest in traditional forms of Hinduism These opposed sensibilities innovation and preservation radicalism and recovery are characteristic of postmodernity and denote a new chapter in the American assimilation of Hinduism **When Prophets Die** Timothy Miller, 1991-09-03 When the charismatic founder leader of a religious movement dies the popular belief is that the movement usually disintegrates However many new religions not only survive but prosper despite leadership transition In this book prominent scholars examine what happened to eleven new movements following the deaths of their leaders and why An Introduction by J Gordon Melton serves to integrate the case studies *Divine Androgyny* John H. Mann, 2012-11 Divine Androgyny arose spontaneously five years ago during A series of teaching that the author was giving in Sedona Arizona It has since been widely in the U S and Mexico Canada and Europe It is a sacred process that happens effortlessly in the Presence of an initiated couple such as John and Mirananda Mann By their mutual surrender a portal is created through which The higher spiritual energy of the universe is free to manifest John Mann is the author of the fourteen books including *Rudi 14 Years With My Teacher* *Body Of Light* *Learning To Be* *Students Of The Light* *Encounter* and *Frontiers Of Psychology* Saved From Enlightenment Tarini Bauliya, 2015-10-05 A memoir of one woman's life viewed through the lens of her relationship with her spiritual teacher of over 20 years Her candid touching humorous stories are told in a voice that is authentic wry irreverent yet always colored with the note of longing for God that characterized her quest for something real from earliest childhood As she elaborates on various stepping stones and stumbling blocks encountered on

her journey including the birth of her son several failed relationships and her wild and highly successful ride as a national sales executive her stories uniquely parallel the steps of any traditional spiritual path aimed at human transformation They also help to dispel the myths and expose the assumptions about enlightenment and other fantasy solutions to the hard work of simply being human that are so common on the Path She does this by shedding an honest heartfelt light on the real gifts graces of her soul s journey a teaching of profound wisdom a community of other dedicated devotees and a guru who would not let her settle for less than her own intrinsic goodness The author received this spiritual name from her guru the American Baul master Lee Lozowick at her own request A few years into her 20 year apprenticeship with him she was ready to make a serious break with her past and to enter into a relationship of dedicated spiritual practice and service Her request for a new name it translates loosely as Mad Wind Friend was symbolic of that transformational leap of faith In his company she candidly admits she found an access point toward fulfillment of her hunger for God Lee Lozowick 1943 2010 was an iconoclast and founder of the Western Baul path He was the lyricist and lead singer in a rock band and a blues band and led his troupe all over the States Europe India sharing his work rock music in street festivals and concert halls for over 20 years When Tarini stumbled into his company his effect on her life was both confronting transformational In the end she reports she was saved from enlightenment among other invaluable treasures by the grace of God and skillful means of a worthy teacher Other seekers on any spiritual path will find here a story that can leave a smile a question and a small wound on a tender heart Her words will rekindle the longing that so many feel for a connection to their own deepest truth *American Veda* Philip Goldberg, 2013-05-14 A fascinating look at India s remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson From there the ideas spread to Henry David Thoreau Walt Whitman and succeeding generations of receptive Americans who absorbed India s science of consciousness and wove it into the fabric of their lives Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves prompting leading intellectuals artists and scientists such as Aldous Huxley Joseph Campbell Allen Ginsberg J D Salinger John Coltrane Dean Ornish and Richard Alpert aka Ram Dass to adapt and disseminate what they learned from them The impact has been enormous enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos Goldberg paints a compelling picture of this remarkable East to West transmission showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories libraries and living rooms Now physicians and therapists

routinely recommend meditation words like karma and mantra are part of our everyday vocabulary and Yoga studios are as ubiquitous as Starbucks The insights of India s sages permeate so much of what we think believe and do that they have redefined the meaning of life for millions of Americans and continue to do so every day Rich in detail and expansive in scope American Veda shows how we have come to accept and live by the central teaching of Vedic wisdom Truth is one the wise call it by many names

Apologetics, Mission and New Religious Movements: A Holistic Approach Philip

Johnson,2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson s work apart from earlier studies of cults and new religions At the same time his work is innovative in other ways Body of Light

John Mann,Lar Short,2012-12-04 Combining easy to read scholarship with step by step practices John Mann and Lar Short have created a unique resource for all spiritual seekers The title of this book The Body Of Light refers to two stages in this process of internal evolution The first applies to the subtle body which is typically described in terms of the radiance of its colors The second concerns the final stage of development when the physical level is totally transfigured and only a rainbow body a distinct but nonmaterial entity that is free of all physical limitations remains That is the eventual goal But to get there the subtle body must be activated a process which is the theme of this book By examining Hindu Buddhist Taoist and other traditions for information on the subtle body the authors lead us to a better understanding of the inner workings of all spiritual traditions Liberally illustrated with line drawings and comparative tables the second half of The Body Light is devoted to a sequence of practical exercises drawn from a wide variety of traditions that you can immediately use to begin or to broaden your own spiritual practice Depth Over Time Swami Khecaranatha,2010-10 Depth Over Time offers a vision of the freedom and liberation available to anyone who is willing to make spiritual growth the primary focus of their life Much more than just a discussion of philosophy the book provides readers with the tools to undertake a profound spiritual transformation within themselves to gain the direct realization that God dwells within you as yourself Depth Over Time covers the most important aspects of the practice of Kundalini MahaYoga Discussions include the topics of Grace and individual effort our relationship with God the wish to grow the teacher student relationship selfless service surrender cultivating stillness and the critical need to consciously choose spirituality moment by moment Throughout the book Swami Khecaranatha reiterates that spiritual practice does not just happen during formal closed eye meditation Swami Khecaranatha explains the philosophy and practices of this Tantric tradition in terms that Western students can readily understand yet his message conveys the essence of the highest teachings of the ancient Kashmiri Shaivite tradition He makes it clear that attaining liberation and living in Divine Presence is not just the purview of saints but a real possibility for anyone willing to devote his or her life to the pursuit of unconditional freedom **Shopping for God** Richard K. Livett,1996-09

The Book of Enlightened Masters Andrew Rawlinson,1997 This is the definitive and complete book about a phenomenon which did not exist a hundred years ago but is now growing rapidly and dramatically changing Western culture the rise of

Western mostly American teachers who fill the role of guru or master A few books have appeared on some narrow aspects of this astounding phenomenon this is the first book to survey the entire field Encyclopedic in its scope The Book of Enlightened Masters includes biographical essays on 140 spiritual teachers giving their life stories and an account of their teachings Yet it is also a user friendly introduction with a survey of the teachers and their teachings a historical narrative of how and when the movement developed and an evaluation of the issues raised by it A century ago there were no Western masters no Westerners who were for instance Hindu swamis Zen roshis or Sufi sheikhs Now there are many such teachers with millions of followers Starting from scratch the West has produced its own spiritual teachers in traditions that until recently were utterly alien And in the last quarter century a number of independent teachers have appeared who belong to no single identifiable tradition The Western masters have not merely transplanted the Eastern spiritual traditions to the West they have transformed these traditions by their distinctively Western approach innovative entrepreneurial and combining elements from previously unconnected Eastern traditions The new teachers are changing Western culture by making available a view of the human condition which is new in the West but very attractive to large and growing numbers of Westerners an approach Dr Rawlinson calls spiritual psychology Spiritual psychology holds that human beings are best understood in terms of consciousness and its modifications that consciousness can be changed by spiritual practice and that there are enlightened masters who have done this and can teach others The Breath of God Swami Chetanananda, 1988 Honest direct and compelling essays offering refreshing answers to life's daily challenges **East West Journal**, 1990
