**D-Day Gunners** Frank Baldwin, 2022-07-20 Part history book and part travel guide D Day Gunners is aimed at anyone interested in the artillery on the D Day beaches and landing grounds While the heritage of the D Day beaches and landing sites is well documented this rarely includes the artillery story The author of this book aims to correct this by providing a visitors guide to the artillery stories associated with the battlefield heritage that remains on the D Day beaches mapping the fire plan for D Day against the known German locations and looking at what happened at these places There is relatively little explanation about the role of the artillery in general or the deeds of artillerymen in particular those of the Royal Regiment of Artillery This book tells of the significance of artillery on D Day and the part it played in the outcome Initial reports published stressed that the coastal defences were effectively neutralized by the bombing and that no significant counter attacks developed on D Day However post war accounts increasingly attributed allied success to allied fire power The book tells the story of the men who served the guns on the D Day beaches and the effects they had on the outcome of the battles on D Day and afterwards This volume is primarily about British Gunners and certain German Kannoniers The book has been written as a guide to the battlefields on the D Day beaches and landing grounds telling the gunners stories that are not always commemorated on memorials interpretation boards or recorded in more general guides

These poignant stories include war poets and heroes decorated for bravery or just the tales of some of the men buried in the war cemeteries or commemorated on the memorials It also provides a guide in lay terms of the technical impact of field anti tank and AA artillery on the war A second volume will tell the story of artillerymen on the American beaches and landing grounds *Rick Steves Best of Europe* Rick Steves,2024-04-16 Hit Europe s can t miss art sights and bites with Rick Steves Best of Europe Expert advice from Rick Steves on what s worth your time and money Itineraries for one to four days in the top destinations in England France Germany Italy the Netherlands Spain and Switzerland Rick s tips for beating the crowds skipping lines and avoiding tourist traps The best of local culture flavors and haunts including walks through the most interesting neighborhoods and museums Trip planning strategies like how to link destinations and design your itinerary what to pack where to stay and how to get around Over 100 full color maps and vibrant photos Coverage of London Paris Provence the French Riviera Barcelona Madrid Rome Venice Florence Cinque Terre the Swiss Alps Berner Oberland Munich

devastating bombardment by RAF heavy bombers which reduced large parts of the city to ruins and a massive artillery barrage Supported by specialized armor two Canadian brigades then moved forward but the Germans resisted stubbornly and it took six days of heavy fighting before the Canadians had subdued all strongpoints and finally forced the garrison to surrender Although both ports were now in Allied hands it brought no immediate alleviation to the Allies logistical problems Harbor installations had been extensively damaged by German demolitions and Allied bombardments and it would take many weeks of rehabilitation before the ports could be brought into use Le Havre which had meanwhile been assigned to the Americans did not see the few first ships arriving until October 2 and Boulogne not until on October 12 As is our hallmark all phases of the battles for the two Channel ports are illustrated with Then and Now comparison photographs The book contains the following two stories from ATB magazine Issue 139 The Capture of Le Havre Author Karel Margry 76 black white photos Issue 86 Operation Wellhit The Capture of Boulogne Author Ian Galbraith 80 black white photos
