## **Rue Ordener Rue Labat Stages Vol 7:**

*Rue Ordener, Rue Labat* Sarah Kofman, 1996-01-01 The author a prominent French philosopher writes of life under the German occupation

*Dump this Book While You Still Can!* Marcel Bänabou, 2001-01-01 The narrator discovers a strange book on his desk He opens the book and it tells him to stop reading and throw it away

Rhetorical Narratology Michael S. Kearns, 1999-01-01 In *Rhetorical Narratology* Michael Kearns redresses this one sidedness by combining traditional narratology's tools for analyzing texts with rhetoric's tools for analyzing audiences Guiding Kearns's approach is speech act theory which in emphasizing the rule governed context in which any text is produced and received provides the means for describing how the structures of narrative may affect certain audiences in certain ways The central question that rhetorical narratology attempts to answer is how do the various narrative elements isolated by narratologists actually work on readers

BOOK JACKET *Jacob, Menahem, and Mimoun* Marcel Benabou, 2001-09-01 1998 National Jewish Book Award Winner for Autobiography Memoir A dry wit and surprising pathos infuse this family epic which turns out to be merely the telling of Benabou's failed attempt at creating his literary masterpiece The reader shares his initial hopefulness as he details his younger self's ambitious plans for a family epic founded in memory supplemented by ever growing mountains of scholarly documentation and formally grounded in a literary model of the past that ultimately eludes him In telling the stories of his three selected ancestors Jacob Menahem and Mimoun Benabou notices that his youthful project has not disappeared He's decided to let his book tell itself he'll merely hitch himself to the story and go along for the ride in this artistic tour de force by turns playful and serious Kirkus Reviews Jacob Menahem and Mimoun delves into Marcel Benabou's uncommon family history while reflecting on the mysteries of memory the past and writing Born in Morocco in 1939 to a Jewish family Benabou left his home at age seventeen to study ancient history in Paris Benabou's memoir returns to his childhood in Morocco to his parents their home and the Jewish community in Meknes At the same time he accounts for all that has changed including his very different life in Paris and the disappearance of the world of his childhood He notes how he has turned from his family's wish that he become a rabbi to his absorption as an adult in several millennia of secular literature And he worries about how his family epic an epic meant to include the history of Morocco's Jews has become a book about himself and his inability to write the great book he has long imagined the book one owes oneself and the world The impossibility of fully recovering the past hovers over his memories And the impossibility of writing a book about that past is also there an impossibility that Benabou acknowledges delineates and in a real if also provisional sense transcends In his inspired attention to that impossibility Benabou has written a book that transforms absence into presence and the past into rich matter for the present Marcel Benabou lives in Paris and pursues his current positions as professor at the University of Paris and as the permanent provisional secretary of Oulipo that unsettling association of indefatigably innovative writers Steven Rendall is a professor in the Department of Romance Languages at the University of Oregon He is the author of *Distinguo Reading Montaigne Differently*

and the translator of many books including Jürgen Habermas's *Berlin Republic* Nebraska 1997 Warren Motte is a professor of French at the University of Colorado He is the author of several books including *Playtexts Ludics in Contemporary Literature* Nebraska 1995

**Essays in Aesthetics** Gérard Genette, 2005-01-01 Over the course of the past forty years Gérard Genette's work has profoundly influenced scholars of narratology poetics aesthetics and literary and cultural criticism and he continues to be one of France's most influential theorists The eighteen pieces in *Essays in Aesthetics* are of international interest because they are concerned either with universal aesthetic problems the receiver's relationship to an aesthetic object abstract art the role of repetition in aesthetics genre theory and the rapport between literature and music or with specific moments in the work of a well-known writer or artist such as Stendhal Proust Manet Pissarro and Canaletto *Essays in Aesthetics* contains a wealth of material related to the appreciation of beauty by one of the subtlest and most original minds working in aesthetics today Genette knows the fine arts as well as he knows literature and as a result has innovative things to say to readers in that field as well as to philosophers and literary scholars

*Loiterature* Ross Chambers, 1999-01-01 The fabric of the western literary tradition is not always predictable In one wayward strand waywardness itself is at work delay becomes almost predictable triviality is auspicious and failure is cheerfully admired This is *loiterature* *Loiterature* is the first book to identify this strand to follow its path through major works and genres and to evaluate its literary significance By offering subtle resistance to the laws of good social order *loiterly literature* blurs the distinctions between innocent pleasure and harmless relaxation on the one hand and not so innocent intent on the other The result is covert social criticism that casts doubt on the values good citizens hold dear values like discipline organization productivity and above all work It levels this criticism however under the guise of innocent wit or harmless entertainment *Loiterature* distracts attention the way a street conjurer diverts us with his sleight of hand If the pleasurable has critical potential may not one of the functions of the critical be to produce pleasure The ability to digress Ross Chambers suggests is at the heart of both and *loiterature*'s digressive waywardness offers something to ponder for critics of culture as well as lovers of literature

**Palimpsests** Gérard Genette, 1997-01-01 A palimpsest is a written document usually on vellum or parchment that has been written upon several times often with remnants of erased writing still visible Originally published in France in 1982 Gérard Genette's *PALIMPSESTS* examines the manifold relationships a text may have with prior texts on the same document

*Fascism's Return* Richard Joseph Golsan, 1998-01-01 The past fifteen years have witnessed the renewed presence of fascism in European political and cultural life In addition there have been scandals surrounding the fascist pasts of numerous renowned intellectuals including Martin Heidegger Paul de Man and Maurice Blanchot In *Fascism's Return* eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other

writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships As editor Richard J Golsan notes the essays in this volume illustrate a multitude of ways in which fascism continues to make its presence felt in western democratic societies erupting with disturbing frequency as a return of the repressed in judicial and artistic scandals as well as in historical critical and political debates

**Speaking of Crime** Patricia E. O'Connor,2000-01-01 *Speaking of Crime* explores how inmates speak of their lives and in particular how they speak of crime What is the power of speech for prisoners What do their uses of pronouns and choices of verbs reveal about them their experiences of violence their relationships with other prisoners and their likelihood for change In this fascinating book Patricia E O Connor probes beneath the surface of prison speech by examining over one hundred taped accounts of narratives of violence made by African American inmates of a U S maximum security prison The inmates manner of speaking about their lives and acts of violence not just what they talk about but how they talk about it supplies important clues to their senses of identity and feelings of agency The use of second person pronouns when speaking about themselves and a reliance on distinctive verbal devices such as irony and constructed dialogue provide important insights into the way prisoners see their world and help condition how they interact with it

**New Novel, New Wave, New Politics** Lynn A. Higgins,1998-03-01 Until now writings on the celebrated movements in literature and film that emerged in France in the mid 1950s the New Novel and New Wave have concentrated on their formal innovations not on their engagement with history or politics *New Novel New Wave New Politics* overturns this traditional approach Lynn A Higgins argues that the New Novelists e g Alain Robbe Grillet Claude Simon Marguerite Duras and New Wave filmmakers e g Claude Chabrol Francois Truffaut Jean Luc Godard Alain Resnais engage in a kind of historiography They enact the conflicts the double binds of postwar history and representation Higgins claims that what art historian Serge Guilbaut has said of American Abstract Expressionism is equally true of the New Novel and New Wave that its aesthetic innovations provided a way for avant garde artists to preserve their sense of social commitment while eschewing the art of propaganda and illustration It was in a sense a political apoliticism Higgins shows how the New Novel and New Wave are related developments While their individual styles and themes remain distinctive she writes they share an ecriture that can be described as alternately or interconnectedly filmic and novelistic New Wave filmmakers borrowed novelistic devices and made frequent literary allusions while the vision of the novelists is distinctly cinematic A lively account that takes us to the crossroads where culture and politics meet *New Novel New Wave New Politics* dramatically revises our view of a whole generation of important influential artists

**The Mirror of Ideas** Michel Tournier,1998-01-01 Tournier treats pairs both lowly and exalted moving from fork and spoon horse and bull cat and dog to fear and anguish poetry and prose body and soul being and nothingness Hardly an exhaustive inventory of traditional pairs his selection nonetheless opens the door to

patterns deeply embedded in culture and civilization speech and writing memory and habit Listening in Eric Prieto,2002-01-01 What can music teach a novelist autobiographer or playwright about the art of telling stories The musical play of forms and sounds seems initially to have little to do with the representational function of the traditional narrative genres Yet throughout the modernist era music has been invoked as a model for narrative in its specifically mimetic dimension Although modernist writers may conceive of musical communication in widely divergent ways they have tended to agree on one crucial point that music can help transform narrative into a medium better adapted to the representation of consciousness Eric Prieto studies the twentieth century evolution of this use of music with particular emphasis on the postwar Parisian avant garde For such writers as Samuel Beckett Michel Leiris and Robert Pinget music provides a number of guiding metaphors for the inwardly directed mode of mimesis that Prieto calls listening in where the object of representation is not the outside world but the subtly modulating relations between consciousness and world This kind of semiotic boundary crossing between music and literature is inherently metaphorical but as Prieto s analyses of Beckett Leiris and Pinget show these interart analogies provide valuable clues for bringing to light the unspoken assumptions obscurely understood principles and extra literary aspirations that gave such urgency to the modernist quest to better represent the mind in action

Fuzzy Fiction Jean-Louis Hippolyte,2006-01-01 An evaluation of the work of contemporary French authors through the lens of the fuzzy set theory of mathematics **Naming and Unnaming** Jordan Stump,1998-01-01 Naming and Unnaming is a dazzling study that centers on the work of Raymond Queneau one of the most influential French novelists of the twentieth century Jordan Stump takes as his subject the many implications epistemological political literary sometimes even physical of naming in Queneau s remarkable novels From the idea that the names of characters offer a more immediate and perhaps even a more intimate understanding of their souls than we might glean from their words and deeds has grown the broad field of inquiry known as literary onomastics Stump argues that there is another approach to the literary proper name one that concentrates not on the meaning of names but on the meaning of the use of those names the ways in which the characters and narrator of a novel address or refer to others Naming and Unnaming considers the literary and philosophical implications of names and naming Stump examines four issues in Queneau s novels the nature of writing and of creation in general the possibility or impossibility of knowledge the relationship between the individual and the group and the uses of power and control in relation to which naming emerges as a force both powerful and utterly impotent By exploring these forces and their evocation Stump reveals the complexity of both the act of naming and the novels of Queneau
