Butcher's Boy escapes back to the States with more reasons to kill Until the odds turn terrifyingly against him until the Mafia the cops the FBI and the damn Justice Department want his hide until he's locked into a cross country odyssey of fear and death that could tear his world to pieces Exciting Suspenseful A thriller's job is to make you turn the pages until the story's done and your eyes hurt and the clock says 3 a m I wouldn't try to grab this one away from somebody only half way through No telling what might happen Michael Dirda The Washington Post Book World

American Pistol & Revolver Design and Performance Louis Robert Wallack, 1978 Writing with deceptive simplicity the author describes the workings both of pistols and revolvers He details such crucial aspects as feeding and firing systems extraction and ejection barrels and grips sights and the use of scopes Moreover his lucid discussion of bullets powders cases and primers does much to illuminate his description of bores ballistics and how a bullet reacts once the trigger is pulled
