Rule Of Law And Economic Reform In Russia:

The Rule Of Law And Economic Reform In Russia Jeffery Sachs, 2019-05-20 What impact has Russia's chosen path of reform had on the development of law after the collapse of the communist regime This collection of essays examines how Russia's distinctive traditions of law and lawlessness are shaping the current struggle for economic reform in the country Nine renowned scholars chosen from specialties in history politics
The Rule Of Law And Economic Reform In Russia Jeffery Sachs, Katharina Pistor, 1997-06-06 This collection of essays examines how Russia's distinctive traditions of law and lawlessness are shaping the current struggle for economic reform in the country
Russia's Market Economy Stefan Hedlund, 2002-11-01 Russia's Market Economy is a seminal account of Russia's transition to the market its tortuous development as a fledgling market economy through the 1990s right through to its spectacular collapse in August 1998 Rather than beginning with the economic collapse the book traces the historical mismanagement of Russian wealth through to the Soviet command economy and on to Gorbachev Stefan Hedlund finally discusses what lessons should be learned from the damage inflicted on the Russian economy as well as its social legal and political infrastructure by the race of reform

Asia-Pacific Economic Update, 2005
Building Big Business in Russia Yuko Adachi, 2013-09-05 This book examines the development of big business in Russia since the early 1990s explaining how post Soviet enterprises many of which made little sense as business units were restructured into functional firms It includes detailed case studies of three leading companies Yukos Oil Company Siberian Russian Aluminium and Norilsk Nickel
Restructuring Post-Communist Russia Yitzhak Brudny, Jonathan Frankel, Stefani Hoffman, 2004-06-21 Since the fall of the Soviet Union in 1991 the question of whither Russia has been the source of ceaseless speculation both at home and abroad In search of answers twelve highly qualified scholars examine the complex interplay between continuity and change that has marked developments in Russia under the leadership first of Boris Yeltsin and now of Vladimir Putin Analysing the recent past they also peer into the country's future In his introduction to the volume Peter Rutland asks whether we are witnessing the gradual entrenchment of parliamentary democracy the slow return to autocracy or mere political stagnation Restructuring Post Communist Russia poses the fundamental questions while providing the information and analysis needed to give the at least preliminary answers
To Explore Permanent Normal Trade Relations for Russia United States. Congress. House. Committee on Ways and Means. Subcommittee on Trade, 2002
Lessons from Russia Lee Marsden, 2018-10-08 Lee Marsden presents one of the most original and comprehensive analyses of US democracy promotion in Russia and argues that in order to understand the failings of democracy assistance in Russia it is necessary to understand the inter relation of macro and micro level policy The book introduces two new models of foreign policy analysis which increase understanding of both the formulation and implementation of foreign policy Furthermore it demonstrates how the promotion of democracy in Russia was substantially flawed due to implementation and the US foreign policy process
The Political Economy of Russia Neil

Robinson,2012-07-13 This timely book explores Russia's political development since the collapse of the USSR and how inextricably it has been bound up with economic change Tracing the evolution of Russia's political economy leading scholars consider how it may continue to develop going forward They assess the historical legacies of the Soviet period showing how despite policies implemented after the USSR dissolved in 1991 there are ongoing bitter battles over property and state revenues over land and over welfare The book puts these domestic issues in international and comparative perspective by considering Russia's position in the global economy and its growing role as a major energy producer Focusing especially on the nature and future of Russian capitalism the contributors weigh the political problems that confront Russia in its ongoing struggle to modernize and develop its economy Contributions by Andrew Barnes Paul T Christensen Linda J Cook Gerald M Easter Neil Robinson Richard Sakwa and Stephen K Wegren Corporate Governance Lessons from Transition Economy Reforms Merritt B. Fox,Michael A. Heller,2021-04-13 Corporate Governance Lessons from Transition Economy Reforms explores a timely topic at the intersection of economics law and policy reform To date most sophisticated theoretical work on corporate governance has focused on advanced market economies In post socialist countries corporate finance and transition economics scholars have often done little more than convey the received theory to transition policymakers This volume focuses for the first time on the reverse concern what if anything do the reform experiences of transition countries teach about corporate governance theory more generally To investigate this question Merritt Fox and Michael Heller have assembled a stellar group of corporate governance theorists The answers are startling The principal essays approach the problem from three complementary perspectives that form the organizing themes of the book The first part refines core corporate theory terms The second presents important empirical work that explores the channels through which good corporate governance may link to the real economy The final part links corporate governance theory to practical reforms After fifteen years of experience practice can now inform theory Together these essays present a comprehensive new view on a provocative theme Written in an accessible style they will be of interest to a broad range of scholars commentators and policymakers **OECD Reviews of Regulatory Reform: Russia 2005 Building Rules for the Market** OECD,2005-11-17 This review of regulatory reform in Russia covers the overall economic context the government's capacity to manage regulatory reform competition policy and enforcement and market openness It also examines the electricity and railroad sectors **Russia After The Global Economic Crisis**,2010 Russia's Uncertain Economic Future John P. Hardt,Robert F. Bennett,2015-04-15 The contributors to this volume analyze the present state of the Russian economy and its future prospects which now seem brighter than at any previous time in the country's history The Russian economy is now showing positive GDP growth and a positive balance of payments portending a trend of sustained growth The record of the Putin presidency with respect to the establishment of market friendly legal and administrative environments is substantially positive On the other side of the ledger the contributors identify the persistence of monopolies in energy transportation and

agriculture distortions resulting from corruption infrastructural inadequacies and the maldistribution of political power and decision making authority demographic decline and the erosion of human capital as manifested in the health education and welfare of the population Russia's successful development as a democratic society with a market economy is of great importance to its neighbors and to the global economy and specifically to the United States which is why the U S Congress commissioned these studies by expert analysts This edition includes a comprehensive subject index making the volume user friendly

Russia's Uncertain Economic Future John Pearce Hardt, 2003 The Russian economy is now showing positive GDP growth and a positive balance of payments portending a trend of sustained growth The contributors to this volume analyze the present state of the Russian economy and its future prospects which now seem brighter than ever

Corruption in Russia United States. Congress. Senate. Committee on Foreign Relations, 2000

Dilemmas of Transition in Post-Soviet Countries Joel C. Moses, 2003 Exploring the tensions inherent in transition this perceptive book offers a wide ranging overview of the impact of democracy and capitalism on the former Soviet republics Leading scholars assess the region's daunting problems in the key realms of privatization democratization foreign investment agrarian reform local governance and market economics The contributors argue that the central dilemma facing all these fledgling countries is the inherent contradiction between the immediate pursuit of privatization and foreign investment and the long term policy goal of democratization Offering both theoretical and comparative perspectives on the far reaching implications of nation building and democratic transition this valuable study will enable both students and scholars to comprehend the unique difficulties of transition

Political and Economic Transition in Russia Ararat L. Osipian, 2018-12-27 This book analyzes privatization reforms property rights and raiders in post Soviet Russia The author surveys the existing literature in the context of predatory raiding in Russia and introduces the notion and concept of this phenomena he suggests that the study may serve as an explanatory model for corporate property and land raiding in Russia Building on previous scholarship this monograph conceptualizes the predatory character of corporate hostile takeovers in Russia and links it with the coercive nature of the ruling authoritarian regime This project will appeal to scholars graduate students and researchers in Russian and Post Soviet politics capitalism corruption and property rights

Russia and the World Trade Organization P. Naray, 2001-01-11 After an exploration of the experience gained by former central and eastern European countries in the General Agreement on Tariffs and Trade Peter Naray gives an analysis of the Russian economic and social crisis and comes to the conclusion that this crisis is responsible for the delay of Russia's accession to the World Trade Organization WTO The author criticizes the approach taken in Russian reforms because the country's historical legacy weak legal system underdeveloped political and economic institutions etc was neglected The book describes the steps made by Russia towards WTO membership underlining the present and expected difficulties It warns against a fundamentalist approach by the members of the WTO which may result in Russia's isolation in political and economic matters which would represent a danger to the whole world

Economic

Crime in Russia Alena Ledeneva, Marina Kurkchian, 2000-08-08 This book is distinctive in at least three ways Firstly the authors approach economic crime in Russia without its a priori stigmatization as part of the general criminalization of the economy Rather they view it as a generic response to and integral part of the post Soviet transition and analyze the role of economic crime in the functioning subverting of state market and civil society institutions in the new Russia Secondly the book reveals the latent constituents of economic crime andndash the customary practices which are so widespread that they become commonly accepted or tolerated in society but at the same time constitute and nurture an environment for economic crime Thirdly it offers clues for solving some of Russia s paradoxes How do people survive if wages are not paid on time or in full and even when paid are still inadequate for basic living standards If the rule of law does not rule then what does What are the rules of the alleged Russian disorder How is it possible to combat corruption in a society where supposedly no agency or institution is free from it Most forms of Russian economic crime in the 1990s are examined in this book The authors demonstrate how change and continuity are both factors which are crucial to an understanding of the post Soviet order and to account for the difficulties of democratization and marketization in Russia This work challenges the supposed transparency of the post Soviet Russian economy for the outside world and shows how the Russian economy really works The idea for this book arose out of the East European Regional Programme at the 16th International Symposium on Economic Crime held at Jesus College in Cambridge in September 1998 It includes papers presented at the Symposium together with new papers commissioned especially for this volume

Russia's Crony Capitalism Anders Åslund, 2019-05-21 A penetrating look into the extreme plutocracy Vladimir Putin has created and its implications for Russia s future This insightful study explores how the economic system Vladimir Putin has developed in Russia works to consolidate control over the country By appointing his close associates as heads of state enterprises and by giving control of the FSB and the judiciary to his friends from the KGB he has enriched his business friends from Saint Petersburg with preferential government deals Thus Putin has created a super wealthy and loyal plutocracy that owes its existence to authoritarianism Much of this wealth has been hidden in offshore havens in the United States and the United Kingdom where companies with anonymous owners and black money transfers are allowed to thrive Though beneficial to a select few this system has left Russia s economy in untenable stagnation which Putin has tried to mask through military might

Decoding **Rule Of Law And Economic Reform In Russia**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
