Rumania Political Problems Of An Agrarian State:

Rumania: Political Problems of an Agrarian State Henry L. Roberts, 1969 The Civic Foundations of Fascism in Europe Dylan Riley, 2019-01-15 Drawing on a Gramscian theoretical perspective and developing a systematic comparative approach The Civic Foundations of Fascism in Europe challenges the received Tocquevillian consensus on authoritarianism by arguing that fascist regimes just like mass democracies depended on well organised rather than weak and atomised civil societies In making this argument the book focuses on three crucial cases of interwar authoritarianism Italy Spain and Romania selected because they are all counterintuitive from the perspective of established explanations while usefully demonstrating the range of fascist outcomes in interwar Europe Civic Foundations argues that in all three cases fascism emerged because of the rapid development of voluntary associations combined with weakly developed political parties among the dominant class thus creating a crisis of hegemony Riley then traces the specific form that this crisis took depending on the form of civil society developed autonomous as in Italy elite dominated as in Spain or state dominated as in Romania in the nineteenth century

Politics and Peasants in Interwar Romania Sorin Radu, Oliver Jens Schmitt, 2017-11-06 The volume discusses the integration of peasants into the nation building project of Greater Romania with a focus on social and cultural practices Thus it addresses one of the key questions of the new political system in post imperial East Central and Southeast Europe It advocates a shift from a multiple top down perspective capital province urban political elites rural voters to an analysis concentrating on regionally diverse rural societies with a special interest in the predominantly ethnic Romanian population

Economic Dualism and Agrarian Policies Adina Dabu, Paul D. Aligica, 2020-05-21 This book offers an in depth case study of Romania s land and agricultural reforms from mid 19th century and up to 2000 offering a historical account of agricultural reforms in post communist Romania in the light of more than a century of social and economic development experiments Taking a dual economy analytic perspective the book examines the impact of structural and agricultural reforms on the country s economic development and provides an analysis of the ideas and models that stood behind policy reforms aiming at the modernization of an economy and society defined by dualism and late development *Nationalism And Communism In Romania* Trond Gilberg, 2019-04-10 This book analyzes Ceausescu s tools and goals that is party structure and how it was transformed in order to implement Ceausescu s concept of modernization which became interchangeable with the concept of building communism **Agrarian Policies in Communist Europe** K.-E. Wädekin, 2024-09-02 **The Great Rumanian**

Peasant Revolt of 1907 Philip Gabriel Eidelberg, 2023-10-09 **External Research** United States. Department of State. External Research Division, *Romania In The 1980s* Daniel N. Nelson, 2019-06-04 Among communist states Romania is in several respects a unique case Romania has been the only Warsaw Pact member to deviate consistently from Soviet foreign policy norms and alone within Eastern Europe to avoid oil imports from the USSR The leadership of Nicolae Ceausescu since 1965 has meanwhile governed through a studious commitment to socio economic centralization and control often

reminiscent of Stalinist orthodoxy Intellectual freedom artistic liberty and workers rights have changed little relative to Poland Hungary or the transient Prague Spring Such international and domestic policy distinctions as well as a record of impressive industrial growth necessitate an effort to understand the dynamics of Romania's socio economic and political life This volume is meant to delineate trends in political social and economic life which will constitute dynamic elements for the Romanian system during the 1980s and beyond Contributors all scholars with lengthy research experience in Romania the Balkans and communist states generally have sought to identify factors likely to be influential during this and ensuing decades In that sense this is a predictive volume containing not crystal ball gazing but the careful identification and assessment of trends influencing Romanian foreign and domestic policies economic and political performance and societal transformations By suggesting elements crucial to socio economic and political change in Romania we hope to make observing this intriguing communist state somewhat less haphazard and more systematic

Tropical Beef Cattle Industry in the Western Hemisphere, 1952 **Bibliographical Bulletin**, 1953 *Handling, Transportation, Storage, and Marketing of Peaches* Lewis Paul McCann, Mark Hughlin Haller, William Adams Dayton, 1952 **Handling, Transportation, Storage, and Marketing of Peaches** Mark Hughlin Haller, 1952 *Cultural Politics in Greater Romania*

Irina Livezeanu, 2018-08-06 Since the fall of the Ceausescu regime Romanian politics have been haunted by unresolved issues of the past Irina Livezeanu examines a critical chapter in Eastern European history the trajectory of the aggressive nationalism that dominated Romania between the world wars **From Peoples Into Nations** John Connelly, 2022-01-25

This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connelly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteenth and nineteenth centuries shows deep connections to subsequent histories to the creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears *Modern Romania* Tom

Gallagher,2008-03 Since the 1989 fall of Communism in Eastern Europe Romania arguably the most regimented of states in the Soviet bloc has struggled with the transition from totalitarian state to democratic nation In this insightful examination of modern Romania Tom Gallagher provides an overview of Romania s unique political and social history focusing on both its national identity as well as the legacy of Soviet rule Gallagher provides an in depth look at Romania since 1989 focusing on the government s attempts at economic reform engagement with democracy problems with corruption among the ruling elite as well as the weakness of civil society and the resilience of implacable expressions of nationalism Ultimately Gallagher argues that thus far democracy has essentially failed in Romania In fact he warns that Romania is on its way to becoming one of the most unequal states in Europe and quite possibly a future trouble spot unless efforts to resume much needed reforms are undertaken *Bulletin* United States. Office of Education,1964 **The Remote Borderland** Laszlo Kurti,2001-07-19 Explores how Transylvania figures in the Hungarian imagination and how this border region functions in the creation of national identity **A History of the Balkans 1804-1945** Stevan K. Pavlowitch,2014-09-25 The Balkans have often been a flashpoint of conflict in European history The recent civil war has torn the country apart and the region faces an uncertain future This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II Covering the former Yugoslavia Albania Greece Bulgaria and Romania it provides a Balkan wide overview as well as histories of specific states and sets the context to the recent conflict **The Handbook of Political Change in Eastern Europe** Sten Berglund,2013-04-01 Lots has changed in Eastern Europe in the past quarter century and the new edition of this major study of the region sets out these changes in directions for the better and for the worse Richard Rose University of Strathclyde UK This Handbook offers a historically informed systematic account of the political development in Central and Eastern Europe Two chapters lay out a framework for comparison 26 specialists provide analyses for 19 countries In an appendix each of these country chapters documents election results government composition the electoral system and the constitutional framework The concluding chapter synthesizes the major results The Handbook is the most comprehensive source for an up to date analysis of all Central and Eastern European countries within the sphere of influence of the European Union It is a must have for students and scholars interested in how to evaluate the state of democracy in this region of the globe Hans Dieter Klingemann New York University Abu Dhabi UAE and Social Science Research Center Berlin Germany This third edition of The Handbook of Political Change in Eastern Europe provides an authoritative and thorough analysis of the political changes which have occurred in Central and Eastern Europe since the demise of communism It offers an historical comparative perspective of the region and focuses on the social consequences of the democratisation process The country specific chapters are written by scholars with well documented area expertise on their respective cases Estonia Latvia Lithuania Poland The Czech Republic Slovakia Hungary Slovenia Romania Bulgaria Croatia Bosnia Serbia Montenegro Macedonia Albania Ukraine Moldova and Georgia Each

chapter includes detailed examinations of elections the formation of governments electoral systems and constitutional arrangements These in depth and up to date analyses are supplemented by conclusions on the party systems and emerging political structures in the region as a whole as well as the consolidation of democracy in a post communist setting The revised and expanded version of The Handbook of Political Change in Eastern Europe provides a state of the art companion which will be indispensable for students and scholars in the social sciences including political science comparative politics European studies and political history as well as for policy makers and practitioners
