Spring on the Peninsula Ery Shin, 2024-04-09 Longlisted for the 2024 Center for Fiction First Novel Prize A desultory libertine mourns a failed relationship over the course of two harsh winters in this unprecedented portrait of millennials living in Seoul The time is roughly now and Kai a white collar worker has just been abandoned by his longtime lover Follow him through a labyrinth of alleyways as he reels from this sudden departure Accompany him up snowy mountains where he contemplates ending his own life That mourning can be both an art and ever unfolding journey is epitomized in the paths that Kai crosses and the lives he alters for better or worse Kai is not the only one feeling disoriented and aimless these days Those in his inner

circle similarly experience personal crises as they go through their thirties in a nation simmering with class and generational tensions as well as the specter of new and old wars Evocative of Dangerous Liaisons in its social appraisals and in the tradition of Neruda's erotic reveries Ery Shin's striking debut captures contemporary Seoul in all of its glory and turmoil Phantasmagorical and melancholic and daringly irreverent Spring on the Peninsula is a poignant meditation on modern life in a city beset by North Korea's shadow National Petroleum News ,1922 *Farm Implement News* ,1893 The Magazine of Fantasy and Science Fiction Anthony Boucher,J. Francis McComas,1988 **Legend of Jade Spring Sword** Fei MengPiaoXue,2020-05-12 At the foot of the mountain there was a thousand year old Daoist monastery the Jade Spring Dao Academy He had hidden a thousand year old treasured jade sword Legend has it that it was the ancestor of the Dao Sect Chen Shi who was at the top of the mysterious mountain and when the Supreme Celestial was cultivating in seclusion for a hundred years the treasure he bestowed upon the Supreme Celestial was once sealed in a rootless jade spring at the top of the mountain After experiencing countless hardships I finally came back to the mortal world I hope that everyone will be able to look forward to it Previous Chapter Table of Contents Next Chapter **English-Amharic Context Dictionary** Wolf Leslau,1973 Engelsk amharisk ordbog De engelske ords betydning forklares ved hjælp af eksempler hvor de optræder i hele sætninger **Bound in Twine** Sterling D. Evans,2013-01-14 Before the invention of the combine the binder was an essential harvesting implement that cut grain and bound the stalks in bundles tied with twine that could then be hand gathered into shocks for threshing Hundreds of thousands of farmers across the United States and Canada relied on binders and the twine required for the machine's operation Implement manufacturers discovered that the best binder twine was made from henequen and sisal spiny fibrous plants native to the Yucatán Peninsula of Mexico The double dependency that subsequently developed between Mexico and the Great Plains of the United States and Canada affected the agriculture ecology and economy of all three nations in ways that have historically been little understood These interlocking dependencies identified by author Sterling Evans as the henequen wheat complex initiated or furthered major ecological social and political changes in each of these agricultural regions Drawing on extensive archival work as well as the existing secondary literature Evans has woven an intricate story that will change our understanding of the complex transnational history of the North American continent **Cry Not for Spring** E. Frank Mancl,2014-08-20 This book does not portray any great feats of heroism as might be expected of a war book Rather it follows the three agonizing years of a group of terrified individuals who refused to knuckle under to the Germans and their horror filled occupation of the Ukraine Though faced with almost insurmountable hardships this small band these guerillas fought back as best as they could Through the bitter winters the starvation the almost hopeless future they never wavered in their determination to remain free Their battle was not fought on a large scale nor were there any clear cut victories There were no headlines to herald them when a bridge was blown up or when a train was dynamited from the tracks Their losses were suffered in silence as were their victories Bravery heroic deeds suffering

defeat and victory were absorbed in silent gratefulness that at least they still possessed life a victory in itself for it was the only thing they were fighting for No lofty ideals or romantic causes just life **Fur News and Outdoor World** ,1914

Narrative Landmines Daniel Leonard Bernardi,Pauline Hope Cheong,Chris Lundry,Scott W. Ruston,2012-03-12 Islamic extremism is the dominant security concern of many contemporary governments spanning the industrialized West to the developing world Narrative Landmines explores how rumors fit into and extend narrative systems and ideologies particularly in the context of terrorism counter terrorism and extremist insurgencies Its concern is to foster a more sophisticated understanding of how oral and digital cultures work alongside economic diplomatic and cultural factors that influence the struggles between states and non state actors in the proverbial battle of hearts and minds Beyond face to face communication the authors also address the role of new and social media in the creation and spread of rumors As narrative forms rumors are suitable to a wide range of political expression from citizens insurgents and governments alike and in places as distinct as Singapore Iraq and Indonesia the case studies presented for analysis The authors make a compelling argument for understanding rumors in these contexts as narrative IEDs low cost low tech weapons that can successfully counter such elaborate and expansive government initiatives as outreach campaigns or strategic communication efforts While not exactly the same as the advanced technological systems or Improvised Explosive Devices to which they are metaphorically related narrative IEDs nevertheless operate as weapons that can aid the extremist cause
