## **Running Water Rusting Pipes Bucharest The War Years:**

Running Water ... Rusting Pipes Vol. 2 Volga Vladimir, 2002-10 The author is an American expatriate living in French Polynesia He holds three additional passports and lived in five countries on three continents He lambastes the cable companies and strips the fashion industry of its glory claiming it to be nourished by the swollen egos of fashion designers and fashion suckers alike He calls the co op racket the greatest rip off whereby when you finally buy your apartment you keep paying rent under the guise of maintenance which is the only artificial anti gravity force in a sea of relatively stable prices Although a believer himself he takes issue with God He speaks to God argues with God and it sometimes seems that he is ready to drag God into a higher court of justice if one could be found and in so doing makes ample use of Time an element whose existence he denies He derides Einstein mocks Freud and subjects their theories to humorous interpretations not always tongue in cheek He divests royalty of its crown and elevates sex to the jewel in the crown Furthermore he worships sex while scoffing at its mechanics perhaps more than God seeing no irreverence in it since sex was created by God and if the Devil was also created by God well then life is full of contradictions Bibliografia națională română ,2004 Running Water . Rusting Pipes Vol. 3 Volga Vladimir, 2002-10 Time Ever hear of it You know that thing which tick tacks even when your heart stops that thing which affects all and is by naught affected which neither exists independently of man nor would cease to exist in his absence Time That s what you re doing That mysterious element devoid of sound color smell substance or space although an integral part of it traveling on neither waves nor particles omnipresent yet nonexistent That s what you re doing Time That curious anomaly which alone in nature s overabundance of cycles and of all the abstract elements known to man is absolute in direction and one direction only with neither turns nor curves nor stops nor speed limits it even defies speed traps You re doing time my friend That man made element of a variety of measures such as clocks calendars time zones degrees latitudes longitudes years decades centuries milleniums eons all these and more centered on Greenwich and based on natural cycles of the solar system that complement a constant and infinite flow of nothingness which is as elusive to the old as it is trivial to the young That s what you re doing my friend Time The slowest and the most potent toxic element extant You get the idea what you are doing man Betrayal of Trust Laurie Garrett, 2003 This is a study of global public health Plague pollution and prostitution are all examined in turn The author shows how basic trust in public health systems has collapsed and how our global public health system has been systematically destroyed **The Engineer** ,1892
