1970-2001 Keith Badman,2009-10-28 From 1970 onwards the disbanded Beatles were at last free to follow their individual interests From that point on there were four separate stories but they were stories that would form a complex overlapping history of quarrels and reconciliations personal projects and sporadic collaborations For the first time ever a noted Beatles expert has meticulously documented the entire period of The Beatles after the break up **Listen** Michel Faber,2023-11-28 I m not here to change your mind about Dusty Springfield or Shostakovich or Tupac Shakur or synthpop I m here to change your mind about your mind There are countless books on music with much analysis given to musicians bands eras and or genres But rarely does a book delve into what s going on inside us when we listen Michel Faber explores two big questions how do we listen to music and why do we listen to music To answer these questions he considers a range of factors which includes age illness the notion of cool commerce the dichotomy between good and bad taste and much more From the award winning author of The Crimson Petal and the White and Under the Skin this idiosyncratic and philosophical book reflects Michel Faber s lifelong obsession with music of all kinds Listen will change your relationship with the heard world **Sound Pictures** Kenneth Womack,2018-09-04 More than anyone besides the bandmates themselves George Martin was the man who created the unique sound of the Beatles Sound Pictures offers a powerful and intimate account of how he did so The second and final volume of the definitive biography of the man Sound Pictures traces the story of the Beatles breathtaking artistic trajectory after reaching the creative heights of Rubber Soul As the bandmates engage in brash experimentation both inside and outside the studio Martin toils along with manager Brian Epstein to consolidate the Beatles fame in the face of growing sociocultural pressures including the crisis associated with the Beatles are more popular than Jesus scandal Meanwhile he also struggles to make his way as an independent producer in the highly competitive world of mid 1960s rock n roll As Martin and the Beatles create one landmark album after another including such masterworks as Revolver Sgt Pepper s Lonely Hearts Club Band The Beatles The White Album and Abbey Road the internal stakes and interpersonal challenges become ever greater During his post Beatles years Martin attempts to discover new vistas of sound recording with a host of acts including Jeff Beck America Cheap Trick Paul McCartney and Elton John his creative breakthroughs followed by unprecedented commercial success Eventually though all roads bring Martin back to the Beatles as the group seeks out new ways to memorialize their achievement under the supervision of the man who has come to be known as Sir George Now more than fifty years after the Beatles revolutionary triumphs Martin s singular stamp on popular music has become more vital than ever as successive generations discover the magic of the Beatles and their groundbreaking sound **The Beatles and Humour** Katie Kapurch,Richard Mills,Matthias Heyman,2023-08-10 The Beatles are known for cheeky punchlines but understanding their humor goes beyond laughing at John Lennon s memorable rattle your jewelry dig at the Royal Variety Performance in 1963 From the beginning the Beatles music was full of wordplay and winks guided by comedic influences ranging from rhythm and blues British radio and the Liverpool pub scene Gifted with timing and deadpan wit the band

habitually relied on irony sarcasm and nonsense Early jokes revealed an aptitude for improvisation and self awareness techniques honed throughout the 1960s and into solo careers Experts in the art of play including musical experimentation the Beatles shared sense of humor is a key ingredient to their appeal during the 1960s and to their endurance The Beatles and Humour offers innovative takes on the serious art of Beatle fun an instrument of social political and economic critique Chapters also situate the band alongside British and non British predecessors and collaborators such as Billy Preston and Yoko Ono uncovering diverse components and unexpected effects of the Beatles output
