Fighting Words Ben J. Wattenberg, 2008-07-08 How did a nice liberal Jewish boy from the Bronx come to be called a conservative Ben J Wattenberg has been at the center of American ideas and events since 1966 when he became a speechwriter for and aide to President Lyndon B Johnson Recruited out of the blue Wattenberg worked closely with press secretary Bill Moyers and immersed himself in the world of high powered Democratic strategy making Eventually he served as an adviser to two Democratic presidential candidates and in the 1970s helped write the Democratic National Platform But something funny happened on the way to the Great Society Key players in the Democratic Party moved to the far left Wattenberg was not happy with this situation so he helped establish the Coalition for a Democratic Majority CDM and became one of the most outspoken voices in the so called neo con movement Neo conservatism with its signature cause of promoting liberty around the world is a philosophy often misunderstood and the phrase neo con is used frequently as an insult by those who fail to understand the concept Wattenberg traces the emergence of the movement from its earliest roots among Cold War thinkers such as Irving Kristol and Norman Podhoretz and from among the ashes of pre radical liberalism of the early 1960s to ideological giants Scoop Jackson and Pat Moynihan to Jeanne Kirkpatrick and Ronald Reagan The author also discusses the proliferation of neo con think tanks such as the American Enterprise Institute as well as the surprising appearance of a neo conservative platform in George W Bush's administration in which a number of Wattenberg's proting s have played key roles With his characteristic wit and on target observations the author recounts personal anecdotes featuring a rich cast of characters from Johnson to Reverend Jesse Jackson to Rudolph Giulani as well as many others Never lacking for opinions he calls himself the immoderator of PBS s Think Tank with Ben Wattenberg the author is here to set the record straight and as the New York Times has said Wattenberg has the annoying habit of being right Replete with stories never told before Fighting Words is Wattenberg s firsthand account of the remarkable transformation of American politics Kicking Off the Week Wesley Hyatt, 2014-04-25 This is the complete history of Monday Night over the last four decades Football's 35 year run on ABC from its inaugural 1970 season through 2005 when the network announced that its longest running series would move to cable Chapters cover Monday Night Football's inception its many lineup changes in the

political reinvention the first being when he switched parties Following the tragedy Coleman shifted gears to run a kinder gentler series of television ads that hardly mentioned his new opponent Walter Mondale Meanwhile when Republicans accused Democrats of turning the Wellstone memorial service into a carefully choreographed political rally Franken was outraged He immediately set upon a mission to unseat Coleman which ended up with their eventual head to head run in 2008 The unprecedented recount and legal drama that ultimately decided the election was an appropriate coda to what had already been an extraordinary Minnesota Senate race A Funny Thing Happened on the Way to the Senate tells the whole The Big Smallness Michelle Ann Abate, 2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate explores how titles such as My Parents Open Carry about gun laws It's Just a Plant about marijuana policy and My Beautiful Mommy about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children's literature The book demonstrates how texts like Little Zizi and Me Tarzan You Jane mark the advent of not simply a new commercial strategy in texts for young readers they embody a paradigm shift in the way that narratives are being conceived constructed and consumed Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood as well as the function of narratives for young readers in the twenty first century At the same time these texts reveal compelling new insights about the complex interaction among American print culture children's reading practices and consumer capitalism Amateur authored self published and specialty subject titles reveal the way in which children childhood and children s literature are both highly political and heavily politicized in the United States The book will be of interest to scholars and students in the fields of American Studies children's literature childhood studies popular culture political science microeconomics psychology advertising book history education and gender studies Absurdities, Scandals & Stupidities in Politics Hakeem Shittu, Callie Query, 2006-10-01 An expresident crashes into an elderly pedestrian while driving drunk A congressman beats a colleague senseless in the Capitol building A presidential candidate dares the press to expose his affair and is promptly exposed A district attorney prosecutes himself at taxpayer s expense You might be surprised to find that none of this is fiction These are all actions by individuals voted into our public institutions In this book authors Hakeem Shittu and Callie Query meticulously chronicle these tales of adultery deception drugs murder sex stupidity theft and treason as practiced by American politicians The nonpartisan effort spans the formative days of the republic through

Pity the Billionaire Thomas Frank, 2012-01-03 New York Times Bestseller A witty and highly readable account of the wildly unexpected cultural and political reactions to the Great Recession Financial Times From the author of What s the Matter with Kansas this is an updated and expanded edition of a brilliant expose of the most breathtaking ruse in American political history how the Right turned the biggest capitalist breakdown since 1929 into an opportunity for themselves Barbara Ehrenreich author of Nickel and Dimed Economic catastrophe usually brings social protest and demands for change or at least it's supposed to But when Thomas Frank set out in 2009 to look for expressions of American discontent all he could find were loud demands that the economic system be made even harsher on the recession s victims and that society s traditional winners receive even grander prizes The American Right which had seemed moribund after the 2008 election was strangely reinvigorated by the arrival of hard times The Tea Party movement insisted not that we guestion the failed system but that we reaffirm our commitment to it Republicans in Congress embarked on a bold strategy of total opposition to the liberal state And TV phenom Glenn Beck demonstrated the commercial potential of heroic paranoia and the purest libertarian economics In Pity the Billionaire Frank examines the peculiar mechanism by which dire economic circumstances delivered unexpected political results Using firsthand reporting he gives us the first full diagnosis of the cultural malady that has transformed collapse into profit reconceived the Founding Fathers as heroes from an Ayn Rand novel and enlisted the powerless in a fan club for the prosperous Tom Frank as ever makes some wickedly clever observations and produces some surprising answers Vanity Fair This is the kind of analysis historically astute irreverent and droll that makes Frank such an invaluable voice San Francisco Chronicle His eye for detail and his ability to capture a scene reminded me of reading zoologist Dian Fossey on a group of strange political primates The Washington Post Total Propaganda Alex S. Edelstein, 2013-11-05 Total Propaganda moves the study of propaganda out of the exclusive realm of world politics into the more inclusive study of popular culture media and politics All the participatory functioning elements of the society are aspects of membership in the popular culture Thus the values of popular music media politics debates over social issues and even international trade become everyday propaganda to which everyone may relate To emphasize the necessity for new thinking about propaganda Edelstein creates the concepts of the new propaganda and the old and he devises a language of uninyms to convey their meanings more quickly Oldprop is characteristic of mass cultures and utilizes totalitarian methods of

conflict hegemony minimization demonization and exclusiveness to achieve its goals By contrast newprop is created by members of the popular culture to allow them to engage in accommodation enhance the individual and promote inclusiveness Shifts in the old and the new propaganda are tracked across social issues such as race religion sexuality gender gun control and the environment as well as in fashion politics advertising sports media and politics Central to the concept of total propaganda is that it is not simply additive it is the product of new energies that are produced by the fusing of propaganda in such related forums as music art advertising sports and politics It is these synergies and their production of new energies that make total propaganda greater than the sum of its parts Edelstein concludes that the most important distinction that should be drawn between mass culture and popular culture is its text i e its propaganda In a popular culture everyone creates and consumes propaganda in a mass culture almost everyone consumes it but only a few create it This formulation offers new ways to discuss power and ideology in media texts As an example where once the least informed and the least educated were the most subject to propaganda now the most informed and most educated often are the first to create propaganda and the first to consume it Change We Can Believe In? Anthony Livingston Hall, 2010-08-02 ANTHONY L HALL takes aim at every important issue of our time with a unique and refreshing perspective He comments on Obama accepting the Nobel Prize Many people are still wondering what that mysterious light hovering over Norway was on the night before he arrived But despite claims that it was generated by a UFO or the failed test launch of a Russian missile die hard believers like me will tell you that it was just a celestial sign heralding the Nobel coming of Barack Obama The swine flu pandemic that wasnt An Obama advisor has been guoted saying You never want a serious crisis to go to waste It is instructive to note that the pharmaceutical companies that produce vaccines as well as the peddlers of surgical masks and other flu paraphernalia appear to be heeding this advice Movie about Nehrus affair with the wife of a British diplomat One can only imagine the physical passion they shared especially in light of Edwinas reputed nymphomania which notwithstanding Nehrus efforts she reportedly satiated by making scandalous booty calls on a black man for over 30 years Christmas Day underwear bomber W e had the secretary of Homeland Security Janet Napolitano assuring us on Sunday that the system worked in this case If this good job Brownie faux pas doesnt suggest that our whole airline security system is devoid of logic nothing does Cartoon of Obama kneeling and kissing shoe of Chinese leader To be sure the cartoon takes some creative license But the essential point it conveys is undeniable America cannot stand like a superpower with China squeezing its balls in a financial vise grip Expenses scandal that rocked UK Parliament Who knew that the only swine flu Britons had to worry about was an epidemic of MPs feeding at the public trough like pigs Tiger Woodss Thanksgiving Day spat with his wife Cheating Tiger fuming dragon
