Russia And The Idea Of Europe A Study In Identity And International Relations:

Russia and the Idea of Europe Iver B. Neumann, 2013-02-01 The end of the Soviet system and the transition to the market in Russia coupled with the inexorable rise of nationalism has brought to the fore the centuries old debate about Russia's relationship with Europe In Russia and the Idea of Europe Iver Neumann discusses whether the tensions between self referencing romantic nationalist views and Europe orientated liberal views can ever be resolved Drawing on a wide range of Russian sources Neumann outlines the argument as it has unfolded over the last two hundred years showing how Russia is caught between the attraction of an economically politically and socially more developed Europe and the attraction of being able to play a European style imperial role in less developed Asia Neumann argues that the process of delineating a European other from the Russian self is an active form of Russian identity formation The Russian debate about Europe is also a debate about what Russia is and should be

Russia and the Idea of Europe Iver B. Neumann, 2016-10-14 The end of the Soviet system and the transition to the market in Russia coupled with the inexorable rise of nationalism brought to the fore the centuries old debate about Russia's relationship with Europe In this revised and updated second edition of Russia and the Idea of Europe Iver Neumann discusses whether the tensions between self referencing nationalist views and Europe orientated liberal views can ever be resolved Drawing on a wide range of Russian sources this book retains the broad historical focus of the previous edition and picks up from where it left off in the early 1990s bringing the discussion fully up to date Discussing theoretical and political developments it relates the existing story of Russian identity formation to new foreign policy analysis and the developments in the study of nationalism The book also offers an additional focus on post Cold War developments In particular it examines the year 2000 when Putin succeeded Yeltsin as president and 2014 when Russian foreign policy turned from cooperation to confrontation Bringing to life the various debates surrounding this complicated relationship in an accessible and clear manner this book continues to be a unique and vital resource for both students and scholars of international relations

Post-Cold War Identity Politics Marko Lehti, David J Smith, 2004-11-23 During the past decade northern Europe has started to assume an identity of its own Categories of East and West have become blurred challenging as well the idea of what it means to be Nordic *Post Cold War Identity Politics* maps this process in Scandinavia Looking at projects designed to help regional development in the Nordic countries it assesses whether a new way of defining Northernness is emerging The book highlights the existence of co existing and to some extent competing region building projects in northern Europe It demonstrates how they are all efforts by existing nations to redefine their role in Europe at a time of change and points to how they might develop in the future

Russia and EU in the New World Disorder Aziz Elmuradov, 2022-11-04 This book makes an original contribution to Russia EU literature by analyzing constructions and transformations of the Russian Self in relation to the European Other It provides an orientation towards understanding Russian foreign policy discourse under Putin and offers a thorough analysis of the actions of key policy actors to ground the Russian

discourse ideationally historically psychologically and politico sociologically Providing a rich analysis of how Russian foreign policy toward the EU evolved from cooperation to competition and ultimately conflict the author argues that to understand these changes and continuities we must explore concepts of sovereignty and balance of power central to the drafting of Russian foreign policy Primarily situated in the fields of International Relations and Russian foreign policy this book will also be of interest to scholars in the fields of Foreign Policy Analysis Post Soviet Studies Eurasian Studies Historical International Relations Critical Security Studies Political Sociology and Political Psychology Russia and the World Natasha Kuhrt, 2014-10-14 This volume brings together analyses of key domestic foreign and security policy issues during the Putin and Medvedev administrations Indeed the chapters demonstrate the extent to which domestic and foreign policy issues are inextricably linked in particular in the domain of security whether hard or soft Internal debates regarding Russia's trajectory including issues of national identity economic modernisation human rights and democracy continue to be at the forefront of concern Moreover these debates are intimately connected to Russia's self image and the image therefore that it wishes to project in the wider world The debates focus on Russia as energy superpower as one of the BRICS as an Eurasian landbridge or a window on the Asia Pacific Such debates are a constant reminder of the uncertainty surrounding Russia's future path This book expresses these uncertainties which range from the role of nuclear weapons and energy to critiques of Russia's approach to concepts such as sovereignty and self determination the fight against terrorism insurgency and the role of Islam within and without Russia may have left the chaos of the Yeltsin years behind but as we move into Putin 3.0 the concerns of these chapters will remain critical both to Russia itself and to Russia's relations with the wider world This book was published as a special issue of Europe Asia Studies **Europe, Russia and the Liberal World Order** Timofei Bordachev, 2021-08-30 This book analyses Russia Europe EU relations by exploring their practical essence and conceptualizing them in terms of the main categories of international relations research It argues that the liberal world order established in Cold War days whereby international relations are underpinned by a global balance of power and a highly institutionalized framework of international relations thereby balancing power and morality continued after the Cold War with high hopes in the early 1990s for a new order of security and cooperation for all Europe including Russia It goes on to show how the liberal world order has broken down one manifestation of this being the new conflict between Russia and Europe in recent years a conflict resulting from the failure of European countries the EU to acknowledge the actual balance of military economic and political power the lack of limits on the policy of European countries in terms of infringing on Russia's interests and Russia's consequent revision after 1999 of its policy of co operation Overall the book provides huge insight into the nature of Europe Russia relations *How the EU and Russia Narrate the World* Mario Baumann, 2025-07-25 In times of increasing challenges to the Western idea this book illuminates how Russian and EU foreign policy discourses interact While official Russian and EU articulations on issues of sovereignty human rights and the shared neighbourhood

diverge greatly they are not articulated in isolation but are entangled and condition each other To understand this entanglement this book approaches the relationship between Russia and the EU as an intersubjective one a social context where diverging interpretations of the world struggle for hegemony Its theoretical framework marries poststructuralist thought with insights from critical approaches to Hegelian recognition dialectics Based on an extensive and systematic empirical discourse analysis of Russian and EU foreign policy texts this study draws a detailed picture of the intensifying discursive dynamics accompanying the deteriorating relationship between Brussels and Moscow It shows how neither the EU s nor Russia s foreign policy articulation has changed substantially The interaction pattern continues to be an asymmetrical one with Russia s articulations much more conditioned by the EU s discourse than vice versa The book thus argues that the EU is more independent in sovereignly articulating an interpretation of the world whereas Russia continues to face constraints in the formulation of an autonomous political project With its novel and innovative conceptual framework this book furthers the theoretical scholarship on poststructuralism in international relations It addresses all scholars interested in poststructuralist enquiries and will be of great value to students and scholars of Russian foreign policy and the EU

Explaining Change in Russian Foreign Policy C. Thorun,2008-11-27 An assessment of the explanatory utility of different approaches to account for post Soviet Russia s foreign policy towards the West arguing that only by focusing both on external constraints and changes in the Russian leadership s foreign policy thinking can we explain major facets of Russia s conduct from 1992 2007

Russia and the Arctic Geir Hønneland,2020-01-09 The world is currently witnessing an Arctic Scramble as the major powers compete to demarcate and occupy Arctic territory The region is known to be home to large gas and oil reserves and its position at the top of the globe holds significant trading and military advantages Yet the territorial boundaries of the region remain ill defined and Russia under the increasingly bold foreign policy of Vladimir Putin has emerged as a forceful power in the region Geir H nneland investigates the political contexts and international tensions surrounding Russia s actions focusing especially on the disputes which have emerged in the Barents Sea where European and Russian interests compete directly Skillfully delineating Russian policy in the region and analyzing the mineral and environmental consequences of the recent treaty agreements Russia and the Arctic is a crucial addition to our understanding of contemporary International Relations concerning the Polar North This new updated edition takes into account Russia s recent moves in the Arctic region and the development of the Arctic council

Struggle for Alliance Abdolrasool Divsallar,2024-08-22 This book provides a comprehensive study of the complex impacts of the war in Ukraine on Russo Iranian relations and the resulting consequences for the international relations of the Middle East In contrast to dominant academic approaches which view Russo Iranian relations through the lens of an anti hegemonic agenda and confrontation with the US led international order this study presents an alternative angle stating that the war in Ukraine has sped up Moscow and Tehran s interdependency primarily because of the protective benefits that it brings to both states The book

analyzes various debates about the impact of the war on Russo Iranian relations From the perspective of the emerging literature on authoritarian regionalism the book explores how domestic politics and common threat perceptions play a role in these states decisions to adjust to the systemic changes caused by the war Chapters address how changes in the strategic environment are affecting Moscow and Tehran s perception of each other what factors contribute the most to both states decision to pursue greater cooperation and how they manage the new conflicts of interest raised by the war The book also queries whether relations continue to be based on tactical partnership or whether a stronger alliance between Moscow and Tehran is unfolding and what the consequences of such a struggle for alliance will be for the wider region

The Sense of Mission in Russian Foreign Policy Alicja Curanović, 2021-03-05 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia s mission in Tsarist times that the sense of mission matters more for Russia s elites than for Russia s masses and that Russia s special mission is emphasised more when there are questions about the regime s legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy

The Routledge Handbook of EU-Russia Relations Tatiana Romanova, Maxine David, 2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen

Russia and its Near Neighbours M. Freire, R. Kanet, 2012-05-15 Russia has recently re emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of

contributors to consider Russia's recent return as a major regional and international actor and its likely future policy toward its neighbours

Russian-European Relations in the Balkans and Black Sea Region Vsevolod

Samokhvalov, 2017-06-19 This book provides a detailed analysis of Russia's great power identity and the role of Europe in forming this identity. Great power identity implies an expansionist foreign policy and yet this does not explain all the complexities of the Russian state. For instance it cannot explain why Russia decided to take over Crimea but provided only limited support to break away regions in Eastern Ukraine. Moreover if Russia is in geo-economic competition with Europe why has no serious conflict erupted between Moscow and other post-Soviet states which developed closer ties with the EU. Finally why does Putin maintain relationships with the European countries that imposed tough economic sanctions on Russia. Vsevolod Samokhvalov provides a more nuanced understanding of Russia's great power identity by drawing on his experience in regional diplomacy and research and applying a constructivist methodology. The book will appeal to students and scholars of international relations in particular Russian-European relations, Russian foreign policy and Russian studies.

The Identity Factor in Chinese Relations with Europe Bjørnar Sverdrup-Thygesen, 2024-12-26 This book offers a sustained historically grounded analysis of the identity factor in China-Europe relations. The identity of the modern Chinese state was forged in the context of European emissaries, gunboats and books. The effects still shape China's policies towards Europe today as it becomes a focal point in the great power competition between the US and China. The author argues that identity dilemmas are central to Chinese-Europe policies both past and present. This is reflected in the two-pronged composition of the book: one historical section combined and complemented with one contemporary section. Case studies of three key political flashpoints between the EU, individual European countries and China over the last two decades demonstrate the contemporary relevance of a set of identity issues whose deep roots are uncovered through analysing Chinese political texts from the preceding two centuries. Aimed primarily at scholars and students of Chinese and European international relations, this book will also be of interest to scholars of ontological security theory, constructivism and other identity-driven approaches to international politics.

The National Interest in Question Christopher Hill, 2013-08-22 For

three decades multiculturalism has been the focus of fierce debates. At the same time Europeans have worried at the national level and at that of the European Union about how to relate to a world in which their influence has been steadily reducing. But the two discussions on society and on foreign policy have rarely intersected. The events of 11 September 2001 did shock the citizens of Western countries into an awareness that international politics could literally explode onto their home streets and generated fear and suspicion about and among minority groups. But the excessive focus on terrorism and on Islam which followed hardly did justice to the deeper processes of transnationally induced change which were at work. This book attempts to go beyond the emotive political debate to show how foreign policy and domestic society have been becoming more entangled with each other for some time. It focuses on the more established Member States of the European Union and the

varying paths which they have taken in coping with the new domestic environment fostered by increased migration ethnocultural diversity and transnational relations It investigates the contrasting approaches taken by the European states to what is loosely called multiculturalism and analyses their impact on the interplay between foreign policy and domestic society something which is now a structural feature of political life It concludes with the argument that since domestic society is now taking on some of the diversity associated with international relations governments can no longer assume a national consensus in their relations with the outside world let alone the steady homogenisation of world society

Identities and Foreign Policies in Russia, Ukraine and Belarus Stephen White,Valentina Feklyunina,2014-10-22 This book maps changing definitions of statehood in Russia Ukraine and Belarus as a result of their exclusion from an expanding Europe The authors examine the perceptions of the place of each state in the international political system and its foreign policy choices and draw comparisons across the region

Resilience in EU and International Institutions Elena Korosteleva,Trine Flockhart,2020-12-17 This book explores the concept and practice of resilience that has generated much debate among both scholars and practitioners The contributions propose a new understanding of resilience both as a quality and a way of thinking taking it to the level of the person and the local to argue that a more sustainable way to govern the world today is bottom up and inside out While carrying a seemingly unifying message of self reliance adaptation and survival in the face of adversity resilience curiously continues to appear as all things to all people making it hard for the EU and international institutions to make full use of its arresting potential Engendering resilience today in the highly volatile and uncertain world hit by crises pandemic and diminishing control becomes a priority as never before This book develops a more comprehensive view of resilience by looking at it both as a quality of the system and a way of thinking inherent to the local that cannot be engineered from the outside It is argued in this volume that in some cases the level of the person especially the person s sense of what constitutes a good life may be the most appropriate focus for understanding change and strategic adaptation in response to it This understanding widens the scope of discussion from what makes an entity system or person more adaptable to how one can best govern today to establish a stable equilibrium between the global and the local the external and the internal and become more responsive to the challenges and changes of today s highly uncertain world The chapters in this book were originally published in the journal Contemporary Security Policy

Theorizing Foreign Policy in a Globalized World Knud Erik Jørgensen,2015-04-29 In this collection of refreshing and provocative essays the contributors to Theorizing Foreign Policy in a Globalized World reflect on the game changing political impact of globalization outlining the situation as it currently stands and suggesting strategies for analyzing foreign policy and global governance

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh,2007 The aim of this book is to explore some of the main pre occupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd

Russia And The Idea Of Europe A Study In Identity And International Relations Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russia And The Idea Of Europe A Study In Identity And International Relations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russia And The Idea Of Europe A Study In Identity And International Relations has opened up a world of possibilities. Downloading Russia And The Idea Of Europe A Study In Identity And International Relations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russia And The Idea Of Europe A Study In Identity And International Relations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russia And The Idea Of Europe A Study In Identity And International Relations. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russia And The Idea Of Europe A Study In Identity And International Relations. Some websites may offer pirated or illegally obtained copies of copyrighted

material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading *Russia And The Idea Of Europe A Study In Identity And International Relations*, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download *Russia And The Idea Of Europe A Study In Identity And International Relations* has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russia And The Idea Of Europe A Study In Identity And International Relations Books

What is a Russia And The Idea Of Europe A Study In Identity And International Relations PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Russia And The Idea Of Europe A Study In Identity And International Relations PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russia And The Idea Of Europe A Study In Identity And International Relations PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russia And The Idea Of Europe A Study In Identity And International Relations PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Russia And The Idea Of Europe A Study In Identity And International Relations PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for

instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
