**Selected Plays of Irish Playwright Teresa Deevy, 1894-1963** Teresa Deevy, 2003 This volume is a re-issuing of the dramatic writings of one of Ireland's most important women writers. Teresa Deevy's plays provided a viable female viewpoint on the tensions between individual selfhood and nationhood in Ireland in the 1930s and 1940s. This volume includes her most critically acclaimed writing for Dublin's Abbey Theatre: *The King of Spain's Daughter*, *Katie Roche*, and *The Wild Goose*. It also publishes for the first time her compelling radio drama *Supreme Dominion*. Deevy's plays have continued to attract popular interest since her death in 1963 and her importance in terms of modern theatre, Irish studies, and women's studies cannot be underestimated. *Irish Women Writers* Elke D'hoker, 2010 After a decade in which women writers have gradually been given more recognition in the study of Irish literature, this collection proposes a reappraisal of Irish women's writing by inviting dialogues with new or hitherto marginalised critical frameworks as well as with foreign and transnational literary traditions. Several essays explore how Irish women writers engaged with European themes and traditions through the genres of travel writing, the historical novel, the monologue, and the fairy tale. Other contributions are concerned with the British context in which some texts were published and argue for the existence of Irish inflections of phenomena such as the New Woman, suffragism, or vegetarianism. Further chapters emphasise the transnational character of Irish women's writing by applying continental theory and French feminist thinking to various texts. In other chapters, new developments in theory are applied to Irish texts for the first time. Casting the efforts of Irish women in a new light, the collection also includes explorations of the work of neglected or emerging authors who have remained comparatively ignored by Irish literary criticism. Plays of Our Own Willy Conley, 2022-12-30 *Plays of Our Own* is the first anthology of its kind, containing an eclectic range of plays by Deaf and hard-of-hearing writers. These writers have made major positive contributions to world drama or Deaf theatre arts. Their topics range from those completely unrelated to deafness to those with strong Deaf-related themes, such as a dreamy headstrong girl surviving a male-dominated world in Depression-era Ireland, a famous Spanish artist losing his hearing while creating his most controversial art, a Deaf African American woman dealing with AIDS in her family, and a Deaf peddler ridiculed and rejected by his own kind for selling ABC fingerspelling cards. The plays are varied in style: a Kabuki western, an ensemble-created variety show, a visual gestural play with no spoken nor signed language, a cartoon tragicomedy, historical and domestic dramas, and a situation comedy. This volume contains the well-known Deaf theatre classics *My Third Eye* and *A Play of Our Own*. At long last, directors, producers, Deaf and hearing students, professors, and researchers will be able to pick up a book of Deaf plays for production, consideration of Deaf culture, or multicultural analysis, or the simple pleasure of reading. *Active Speech* Úna Kealy, Kate McCarthy, 2025-04-07 *Active Speech* is a groundbreaking collection of scholarly essays and practitioner interviews focused on the work of Irish playwright Teresa Deevy. Acts of recovery in the 1980s and 1990s challenged Deevy's exclusion from the literary canon, reclaiming her contributions as

significant to Irish drama and theatre The recent resurgence of scholarship and productions evidences that as a deafened woman and Irish playwright Deevy s creative power continues to disrupt and tilt the canon of Irish drama theatre and performance Essays within the collection explore how Deevy s work interrogates early to mid twentieth century Irish social norms and ideologies and provide a rich context for understanding her plays The collection highlights the interdisciplinary nature of research on Deevy and offers insights on her work through archival research literary analysis and practitioner perspectives from Deaf and hearing theatremakers One of the collection s strengths lies in its collaborative and inclusive approach showcasing diverse methodologies and rigorous scholarship The chapters on archival research and practitioner perspectives offer compelling models and avenues for future studies This volume is an essential resource for scholars educators and theatremakers alike **Postcolonial Theory in Irish Drama from 1800-2000** Dawn Duncan,2004

**Irish Studies** Marti D. Lee,Ed Madden,2008 Highlighting the work of both established and emerging scholars in Irish studies this collection brings together fifteen essays working at the intersection of two important and developing fields of Irish studies gender studies and cultural geography Developed from papers first presented at a regional meeting of the American Conference for Irish Studies in South Carolina in 2006 not only does this work suggest the importance of linking gender and geography but it also suggests in the range of literary and historical topics the rich interdisciplinary nature of Irish studies at present Central to all of the essays is an attention to intersections of gender and sexual identity formation with the politics of place and space Although considerations of geographic space have long been staples of Irish cultural studies especially in relation to political identities these pieces suggest the critical importance of linking spatial and geographic analysis more clearly to ongoing examinations of gender and sexuality From institutions such as the Magdalen laundries and the prison to the domestic garden and home across urban and rural landscapes from the Dublin GPO to a St Patty s festival in the southern United States this book examines the local and human contexts of identity formation and performance **Brendan Kennelly's Literary Works** Gerold Sedlmayr,2005 This book provides a comprehensive overview of the work of one of Ireland s most prominent yet also critically neglected writers By discussing his poems novels and plays from different angles the author traces Kennelly s development from his neo Romanticist beginnings to the critical and highly provocative postmodern stance in his later long poems **American Book Publishing Record** ,2004 Forthcoming Books Rose Arny,2003 **The British National Bibliography** Arthur James Wells,2004 **Three Irish Plays** Three Irish Plays,1936 **Plays for an Irish Theatre** William Butler Yeats,1921 Plays for an Irish Theatre W. special columns in books of original entry makes possible the keeping of Controlling Accounts The most common examples of such accounts are Accounts Receivable account and Accounts Payable account These summary accounts respectively displace individual customers and creditors accounts in the Ledger The customers accounts are then segregated in another book called the Sales Ledger or Customers Ledger while the creditors accounts are kept in the Purchase or Creditors Ledger The original Ledger now much reduced in size is called the General Ledger The Trial Balance now refers to the accounts in the General Ledger It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved A Schedule of Accounts Receivable is then prepared consisting of the balances found in the Sales Ledger and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance A similar Schedule of Accounts Payable made up of all the balances in the Purchase Ledger is prepared and it must agree with the balance of the Accounts Payable account of the General Ledger The Balance Sheet In the more elementary part of the text the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise In the present chapter he was shown how to prepare a similar statement the Balance Sheet For all practical Plays for an Irish Theatre William Butler Yeats,1963 Three Irish Plays J.
